1	1/16/2026	Jason	Chen	Staten Island	NY	Is there any possible way to revive the North Shore Branch, I think it would be a good idea for the North Shore to use the train instead of the buses to the ferry, there are a lot of abandoned infrastructure on the north shore so there is high potential that it could in use.+G5G7G2:G4G2:G7
2	1/17/2026	Adam	Edwards	Brooklyn	NY	I never want to own a car and the subway is a big reason why I have lived in NYC for over two decades. Since becoming a parent four years ago, I have realized just how poor the accessibility of our system is compared to the rest of the world. Not everyone will need a wheelchair at some point in their life, but the needs for strollers or luggage are inevitable. We all benefit from elevators and ramps. Please demand more affordable accessibility so we can build more for our taxpayer money. Nearly $100 million to equip a single station is ludicrous. London and Paris are far older -- and more expensive cities -- that can build them more efficiently. Free buses championed by our new mayor would be great too, but please start with better service for those who pay fares. https://nyc.streetsblog.org/2024/10/03/subway-elevators-are-not-just-a-nice-lift-but-a-basic-civil-right
3	1/19/2026	Shana	Caro	Brooklyn	NY	Please do not waste any more money on creating new turnstiles that still are ineffective at preventing fare jumpers. It is laughable easy for people to sneak past those, so itâ€™s just a waste of funds. Instead, please allocate all that money to repairing structural issues throughout the system.
4	1/19/2026	Tran	Jacinto	Brooklyn	NY	Dear Chair Lieber, Mr. Crichlow, Mr. Farrell, and Members of the MTA Board, I hope this message finds you well. I am writing in regards to an existing order for clean-diesel buses awarded in late-2025, and a proposal I have regarding future plans for the fleet in regards to deliveries and depot assignments. In this message/letter, I am referring directly to the contracts of 58 New Flyer XD40, 161 New Flyer XDE40, and 100 Nova LFS buses that were awarded by the MTA in November and December 2025 respectively. These clean-diesel buses should be assigned to bus depots such as Castleton, Casey Stengel, Flatbush, and Ulmer Park depots, and the reason behind these assignments is due to the fact that these bus depots currently lack the appropriate EV infrastructure to power electric buses. Here are the bus numbers that each of the buses in the contracts should be assigned: 58 New Flyer XD40: 3761-3818 161 New Flyer XDE40: 3600-3760 100 Nova LFS: 7990-8089 For the Nova LFS order slated for deliveries in 2027, the order would inherit the fleet numbers from the 2011 Nova LFS buses which currently have fleet numbers 8000-8089. Because of this, the 2011 Nova LFS buses must be retired immediately following deliveries of the 2027 Nova LFS buses, however the first set of buses that should arrive would be the 7990-7999 batch, fleet numbers that are currently vacant. In terms of the depot assignments, these are the proposed depot assignments, which are as follows: New Flyer XD40 (58 bus order): Please note that all 58 XD40s would be going to Castleton to replace the 2011 Orion VII EPA10s. 3761-3818 - Castleton New Flyer XDE40 (161 bus order): These buses would be allocated to both Flatbush and Ulmer Park depots to replace the 2011 Orion EPA10s and remaining Orion VII NGs at Flatbush and 2011-2012 New Flyer XD40s and 2014-2015 New Flyer XD40s at Ulmer Park, as well as enable for fleet expansion at both Flatbush and Ulmer Park depots. 3600-3678 - Flatbush 3679-3760 - Ulmer Park Nova LFS (100 bus order): These buses would be allocated to both Castleton and Casey Stengel depots to replace the 2011 Nova LFS at Casey Stengel and the 2011 Orion VII EPA10s at Castleton, as well as enable for fleet expansion at both Castleton and Casey Stengel. 7990-8039 - Castleton 8040-8089 - Casey Stengel These proposed bus assignments would ensure that the MTA can distribute these clean-diesel buses across bus depots in Queens, Brooklyn, and Staten Island to replace their respective aging bus fleets as an interim solution while getting these depots to feature the appropriate EV infrastructure to help support electric buses in the long term
5	1/19/2026	Tran	Jacinto	Brooklyn	NY	Dear Chair Lieber, Mr. Crichlow, and Mr. Farrell, I hope this letter finds you well. I am writing to propose a comprehensive strategy for the acquisition and integration of private commuter bus services, specifically Academy Bus Lines' commuter division and Coach USA's routes (under Renco Group), into a unified MTA Express Bus network under the New York City Transit Authority (NYCTA). This initiative must also include the acquisition of Private Transportation Corporation and the integration of the B110 bus route and the full incorporation of the MTA Bus Company into NYCTA, thereby streamlining operations, enhancing rider experience, and expanding MTA's regional reach. In this proposal, the MTA should acquire the commuter division of Academy Bus Lines, Coach USA (under Renco Group), and Private Transportation Corporation (operates the B110 bus) and integrate all those including the MTA Bus Company (MTABC) into a unified New York City Transit Authority (NYCTA). Since some of the existing routes being acquired from Academy and Renco Group have multiple terminuses, the routes should be split up to create multiple routes which should include two terminuses (one in NYC, one in Upstate) for enhanced efficiency which the MTA would need feedback during the integration. The initial phase must focus on transitioning Academy Bus Lines' commuter operations. This involves acquiring their assets and integrating their routes, such as those from Turnpike (Exit 8A), Lakewood/Old Bridge, Toms River, Point Pleasant/Manasquan, and Willingboro/Westampton, into the MTA fare structure, including OMNY. These routes would operate 24/7, be rebranded under the MTA, and be assigned new NJM codes like NJM1, NJM2, NJM5, NJM11, and NJM15 to reflect their New Jersey to Manhattan express bus service. The second phase must involve integrating Coach USA's 53 routes that serve the Port Authority Bus Terminal (PABT). This includes 33 existing NJ-NY routes and 20 Upstate NY-NYC routes. All these services would adopt OMNY, receive MTA branding, and operate 24/7. They would be assigned new NJM and NYM codes, for example, NJM41 for the Princeton, NJ to PABT route (formerly Suburban Transit Line 100), and NYM1 for the West Nyack, NY to PABT route. Additionally, a new express route, NYM1, would be established to connect PABT directly to Woodbury Common Outlets, utilizing acquired Coach USA assets. The final critical components of this proposal involve integrating the B110 bus route and the MTA Bus Company. The B110, currently the last NYC DOT-supervised route not under MTA control, must be acquired and redesigned. A new B110 route along Bedford Avenue connecting Borough Park and Williamsburg should be created, or its stops integrated into existing routes, to ensure OMNY acceptance, 24/7 operation, and adherence to MTA service standards and anti-discrimination policies. Concurrently, the MTA Bus Company should be fully absorbed into NYCTA, consolidating bus operations and ensuring a singular, cohesive management structure for all city and express bus services. This comprehensive integration strategy promises significant benefits: a seamless rider experience through unified branding and OMNY; expanded regional coverage with 24/7 service; enhanced operational efficiencies via streamlined management, optimized routes, and a larger, flexible fleet; and modernized, consistent fleet standards across the entire integrated network. This will create a truly world-class, responsive public transportation system for all New Yorkers and regional commuters. Thank you for considering this proposal. Sincerely, Tran Jacinto Request: Please forward this to MTA Chair Janno Lieber, MTA President Demetrius Crichlow, MTA Acting Executive Vice President of Department of Buses/MTA Bus Company, and the entire MTA Board for review. I kindly urge you to consider this proposal to further enhance bus service and reliability to meet diverse demand. Thank you.
6	1/19/2026	Tran	Jacinto	Brooklyn	NY	Dear Chair Lieber, Mr. Crichlow, Mr. Farrell, and Members of the MTA Board, I hope this message finds you well. I am writing in regards to the MTA Express Bus fleet, and a proposal I have regarding future plans for the express bus fleet in regards to deliveries and depot assignments. In this message/letter, I am referring directly to the exercised options from the 1630-1879 order, which will have fleet numbers 1880-2010 and a future contract for 92 MCI D45 CRT buses and 5 MCI D45 CRT CHARGE buses. The exercised order for additional express buses from the 1630-1879 order which will be slated for fleet numbers 1880-2010, should be assigned to Queens Village, Yukon, and Ulmer Park to replace the 2011 Prevost X3-45 buses and the 2012 MCI D4500CT buses, as the 1880-2010 order will operate exclusively within NYCTA. The garage assignments should be as follows: Proposed Garage Assignments for 1880-2010 Order: 1880-1912 - Queens Village 1913-1950 - Yukon 1951-2010 - Ulmer Park In regards to the contract for 92 MCI D45 CRT buses which was awarded by the MTA in April 2024, the MTA should reassign the contract to Prevost for 92 additional Prevost X3-45 motorcoaches. However, the order for 5 MCI D45 CRT CHARGE electric motorcoaches for testing and evaluation should remain unchanged, since it would only be the order in the contract for 92 MCI clean-diesel motorcoaches that should be reassigned to Prevost for the X3-45. The reason why Contract #B40721 for 92 MCI clean-diesel buses should be reassigned to Prevost is to enable the MTA to achieve fleet standardization, reliability, operational efficiency, and streamlined maintenance. The MTA should have the contract for the 92 MCI D45 CRT buses reassigned to Prevost at a March 2026 MTA Board Meeting, for deliveries for both the 92 buses reassigned to Prevost, alongside the five pilot battery-electric express buses taking place in the Spring of 2028, all for the 2028 model year. These additional buses should replace some 2014-2016 Prevost X3-45s that have already been retired, alongside allowing for the remaining 2014-2016 Prevost X3-45s expected to remain in service to be reassigned to other bus depots. The 92 additional buses once reassigned to Prevost for the X3-45 should have fleet numbers 2011-2102, while the D45 CRTe pilots should have fleet numbers 2103-2107. All D45 CRTe pilot buses should be based at Ulmer Park, alongside the 1951-2010 and 2011-2030 batch. The garage assignments for these buses should be as follows: Proposed Garage Assignments for 2011-2102 Order: 2011-2030 - Ulmer Park 2031-2058 - Queens Village 2059-2102 - Yukon Unlike express buses that the MTA has operated historically, the MTA should equip the five D45 CRTe pilot buses to feature a rear door, similar to what was seen on the 2018 MCI D45 CRT LE demo bus that the MTA operated back in 2018 when it used the demo bus to evaluate a new design for enhanced wheelchair accessibility on express bus routes. This should be used not only to test electric buses on express bus routes as part of a mandate for all MTA buses to be zero-emission by 2040, but to also test all-door usage on express bus routes, something not possible with the single-door designs found on existing express buses. To conclude, these garage assignments for the Prevost X3-45 buses in the 1880-2010 and 2011-2102 bus orders are

7	1/19/2026	Tran	Jacinto	Brooklyn	NY	I hope this message finds you well. I am writing in regards to an existing order for clean-diesel articulated buses, and a proposal I have regarding future plans for the fleet in regards to deliveries and depot assignments. In this message/letter, I am referring directly to the exercised options from the 6287-6510 order, which will have fleet numbers 6511-6956. The exercised order for additional clean-diesel articulated buses from the 6287-6510 order which will be slated for fleet numbers 6511-6956, should be assigned to Queens Village, Yukon, and Ulmer Park to replace the 2013 New Flyer XD60 buses and the remaining 2013 Nova LFSA buses, as the 6511-6956 order will operate exclusively within NYCTA. As the current 6287-6510 order will consist of buses in the 2025, 2026, and 2027 model years, the buses in the 6511-6956 order should consist of buses from the 2027 and 2028 model years, and deliveries should start once deliveries in the base 6287-6510 order are complete. The garage assignments should be as follows: 6511-6585 - Tuskegee Airmen 6586-6650 - Kingsbridge 6651-6760 - Flatbush 6761-6815 - Casey Stengel 6816-6855 - Grand Avenue 6856-6894 - West Farms 6895-6956 - Ulmer Park Based on these assignments, most of these depots currently operate either 2011-2013 Nova LFSA and/or 2013 New Flyer XD60 buses. However, since Flatbush doesn't operate any of these buses and should be entitled to receive some buses in the 6511-6956 option order, its currently entire existing fleet of articulated buses currently consisting of 2017/2019 New Flyer XD60s and 2018 Nova LFSAs should be transferred to other bus depots that are currently facing a shortage of articulated buses, and the reason why Flatbush should receive some buses from the 6511-6956 option order from the 6287-6510 order is to enable that depot to streamline its operations with one bus type from one bus order and model year, as well as to operate slightly more articulated buses in order to increase frequencies on the existing B44 SBS and B46 SBS routes, both of which are currently facing high ridership demand and is crucial for the existing articulated buses over at Flatbush to be transferred to other depots and for Flatbush to receive brand-new articulated buses since its current bus fleet is not enough to meet high ridership demand on those routes, especially when it comes to accessibility needs, as high ridership routes result in the need for more improved accessibility. To conclude, these garage assignments for the XD60s in the exercised order are crucial because this determines which buses should be assigned to which depot, based on the amount of 2013 New Flyer XD60s and 2013 Nova LFSAs that each depot currently operates that are slated for retirement thanks to the arrival of these brand-new electric buses. I urge the MTA Board to consider these suggestions to ensure high-quality public transit with these proposed garage assignments for the New Flyer XD60s in the 6511-6956 order, options from the existing 6287-6510 order. Thank you. Sincerely, Tran Jacinto
8	1/19/2026	Tran	Jacinto	Brooklyn	NY	Dear Members of the MTA Board, I hope this message finds you well. I am writing in regards to a proposal regarding which subway line the MTA should deploy the R211 next and a proposal regarding rolling stock assignment changes, as a result of these R211 deployments. The reason behind these changes is to allow the MTA to improve service reliability and take advantage of the operational synergies between two subway lines. In this proposal, the MTA should begin deploying the R211A on the D line in 2026. This would allow the MTA to deploy a CBTC equipped fleet in the rolling stock onto a subway line that is slated to receive CBTC in the future. This proposal is also highly beneficial, especially since the B line already operates R211A subway cars. Along with this, the MTA should aim to have both B and D lines combined to operate exclusively R211A subway cars by 2027. Because of this proposal, the transition to achieving a 100% R211 operation on both the B and D lines combined should be implemented in phases. This should see the introduction of R211 on the D line in April 2026. By July 1, 2027, the MTA should expect to have both the B and D lines combined to operate a fleet of 100% R211A subway cars. Because of the introduction of brand-new R211A subway cars on the D line due to CBTC on the Sixth Avenue Line, the MTA should begin removing the R68 and R68A subway cars from the B and D lines starting in 2026, which the discontinuation of R68 and R68A service from these subway lines should be implemented gradually. This should see the discontinuation of R68/A service from the B line in June 2026, followed by the discontinuation of R68/A service from the D line a year later in June 2027. As a result of the removal of the gradual R68/A trains from the B and D lines, the MTA should relocate these trains onto the N and Q lines, in order to expedite R46 retirements. In addition to the removal of R68/A service on both the B and D lines, the MTA should also relocate the R211A subway cars running on the B, D, and G line from Coney Island Yard to Concourse Yard, in order to achieve fleet consolidation and offer more streamlined maintenance. This would provide room for all R68s that currently operate on the D line and are currently based at Concourse Yard in Coney Island Yard for each Concourse-based R68 subway car transferred to Coney Island Yard for service on the N and Q lines. To conclude, the proposed phased deployment and fleet reassignment strategy for the R211A, R68/A, and R46 trains provides a clear and practical roadmap for improving the MTA's operational efficiency. By consolidating the R211A fleet on the B and D lines, the Authority can not only prepare for future CBTC signaling but also streamline maintenance and service reliability. The subsequent relocation of R68/A cars will effectively expedite the retirement of the older R46 fleet. This comprehensive plan is a strategic and beneficial step toward modernizing the subway system and ultimately enhancing the overall experience for riders. I strongly urge you to consider these suggestions to ensure high-quality public transit with these proposals. Thank you. Sincerely, Tran Jacinto
9	1/19/2026	Tran	Jacinto	Brooklyn	NY	Dear Chair Lieber, Mr. Crichlow, and Members of the MTA Board, I hope this message finds you well. I am writing in regards to a significant proposal for the deinterlining of the 59th Street Junction, a critical juncture in the New York City subway system, which I believe offers a practical and highly effective solution to long-standing operational challenges. My deinterlining proposal for the 59th Street Junction is designed to simplify train movements and enhance efficiency by re-routing key lines. Specifically, the A train would be re-routed to 168th Street, effectively replacing the C train on that segment. The B train would be re-routed to Inwood-207th Street, replacing the A train's current terminal. Concurrently, the C train would be re-routed to Bedford Park Boulevard, taking over the segment currently served by the B train during rush hours. The D train would maintain its current route to Norwood-205th Street. This precise realignment aims to deinterline the 59th Street Junction without necessitating extensive system-wide modifications. A key aspect of this proposal is the extension of these service pattern changes to operate daily at all times (7 days a week, 24/7), ensuring consistent service for all commuters. This consistent routing and operation for the A, B, C, and D lines would lead to increased service frequency and capacity, alongside improved reliability. With fewer trains contending for the same track space at the 59th Street Junction, the MTA can achieve more consistent headways and potentially increase the number of trains per hour on the affected lines. This not only translates to reduced waiting times for commuters but also makes the entire system more resilient to unforeseen disruptions, as incidents on one line will be less likely to propagate across the network. Furthermore, a significant advantage of this proposal is its high feasibility and potential for cost-effectiveness. Deinterlining at the 59th Street Junction, unlike some other large-scale infrastructure projects, can largely be achieved through operational and scheduling adjustments. The focus shifts from costly civil engineering to intelligent traffic management, leveraging existing infrastructure to unlock significant performance improvements for millions of daily commuters. The MTA should aim to have this deinterlining plan finalized by 2027 upon Board Approval and have the deinterlining plan taken into effect in January 2028, in which commuters and people in the community would have to be notified regarding such service changes before they can take effect. In conclusion, I urge you to consider the immense potential of this 59th Street Junction deinterlining proposal to fundamentally improve the reliability and efficiency of our subway system. I believe this strategic adjustment offers a pragmatic path forward to "Help People Get Smart Faster" by ensuring they reach their destinations with greater punctuality and less frustration. I am available to discuss this proposal further and provide any additional information that may be helpful. Thank you for your consideration. I hope to see these ideas come to reality. Sincerely, Tran Jacinto Request: Please forward this to MTA Chair Mr. Janno Lieber, MTA President Mr. Demetrius Crichlow, and the entire MTA Board for review and consideration, as this message is intended for them. Also, please consider these specific changes as detailed above to help improve service on subway lines that use the 59th Street Junction. Thank you.
10	1/19/2026	Tran	Jacinto	Brooklyn	NY	Dear Chair Lieber, Mr. Crichlow, and Members of the MTA Board, I hope this message finds you well. I am writing in regards to a significant proposal for the deinterlining of the DeKalb Junction, a critical juncture in the New York City subway system, which I believe offers a practical and highly effective solution to long-standing operational challenges. My deinterlining proposal for DeKalb Junction is designed to simplify train movements and enhance efficiency by re-routing key lines. Specifically, the B train would be re-routed to Bay Ridge-95th Street, effectively replacing the R train on that segment. The D, N, and Q trains would maintain their current routes to Coney Island-Stillwell Avenue via West End (D), Sea Beach (N), and Brighton (Q), respectively. Concurrently, the R train would be re-routed to Brighton Beach, taking over the segment currently served by the B train. This precise realignment aims to deinterline the DeKalb Junction without necessitating extensive system-wide modifications. The benefits of implementing this deinterlining proposal are substantial, ranging from increased service frequency and capacity to improved reliability. With fewer trains contending for the same track space at DeKalb, the MTA can achieve more consistent headwas and potentially increase the number of trains per hour on the affected lines. This not only translates to reduced waiting times for commuters but also makes the entire system more resilient to unforeseen disruptions, as incidents on one line will be less likely to propagate across the network. A key aspect of this proposal is the extension of these service pattern changes to operate daily at all times (7 days a week, 24/7), ensuring consistent service for all commuters. This consistent routing and operation for the B, D, N, Q, and R lines would lead to increased service frequency and capacity, alongside improved reliability. Furthermore, a key advantage of this proposal is its high feasibility and potential for cost-effectiveness. The deinterlining at DeKalb Junction, unlike some other large-scale infrastructure projects, can largely be achieved through operational and scheduling adjustments. The focus shifts from costly civil engineering to intelligent traffic management, leveraging existing infrastructure to unlock significant performance improvements for millions of daily commuters. The MTA should aim to have this deinterlining plan finalized by 2026 upon Board Approval and have the deinterlining plan taken into effect in the Summer of 2027, in which commuters and people in the community would have to be notified regarding such service changes before they can take effect. In conclusion, I urge you to consider the immense potential of this DeKalb Junction deinterlining proposal to fundamentally improve the reliability and efficiency of our subway system. I believe this strategic adjustment offers a pragmatic path forward to "Help People Get Smart Faster" by ensuring they reach their destinations with greater punctuality and less frustration. I am available to discuss this proposal further and provide any additional information that may be helpful. Thank you for your consideration. I hope to see these ideas come to reality. Sincerely, Tran Jacinto Request: Please forward this to MTA Chair Mr. Janno Lieber, MTA President Mr. Demetrius Crichlow, and the entire MTA Board for review and consideration, as this message is intended for them. Also, please consider these specific changes as detailed above to help improve service on subway lines that use the DeKalb Junction. Thank you.

11	1/19/2026	Tran	Jacinto	Brooklyn	NY	Dear Chair Lieber, Mr. Crichlow, and Members of the MTA Board, I hope this message finds you well. I am writing to submit a formal follow-up to my previous correspondence (Case #07033140) regarding the final phase of the MetroCard-to-OMNY transition. As we have entered 2026, it is imperative that the MTA establishes a definitive "System Sunset" date to finalize the OMNY rollout and streamline transit operations. In my previous message, you didn't understand what I meant which is why I am following up this case. In this proposal, I propose that the MTA formally cease acceptance of all MetroCards and onboard bus coin payments effective July 1, 2026, at 12:00 AM. This date provides a clean break for the new fiscal quarter and allows sufficient time for riders to exhaust balances following the end of MetroCard sales in late 2025. To ensure a seamless transition, I propose a final, comprehensive OMNY system stability upgrade during the weekend of June 26â€"29, 2026, to optimize the backend for 100% rider capacity and eliminate legacy technical bugs, which the final comprehensive OMNY system stability and software upgrade should take place between June 26 at 11:00PM and June 29 at 5:00AM. Starting July 1, 2026, all magnetic swipers on turnstiles and "dippers" on buses should be immediately blocked as an interim measure. By July 31, 2026, all legacy hardware, including onboard bus coin-handling units should be physically removed and replaced with permanent, flush metal plating to signify the end of the mechanical payment era. Furthermore, for the 2026â€"2027 school year, I propose a new feature allowing students to integrate their school-issued physical OMNY cards into their digital wallets via a simple photo-verification process in the OMNY app. In addition to the current plan for riders to shift their remaining MetroCard balance at MTA customer service centers to their new OMNY cards, I propose incentivizing this shift and support low-income residents by offering a $20 transition credit be added to the new OMNY card in addition to the transferred MetroCard balance once the MTA stops accepting MetroCards and coins as a form of fare payment as of July 1, 2026. While the legal window for transfers may remain open longer and is scheduled to operate in a two-year period, the MTA should launch a campaign to get riders who still have a MetroCard with remaining balance left to transfer their balance into an OMNY card by December 31, 2026. This proposed campaign would ensure the vast majority of riders are fully integrated into the OMNY ecosystem by the start of 2027 and should aim for all riders to have already transferred their remaining MetroCard balances onto an OMNY card before the start of the 2027 new year. The proposed campaign should be launched following the proposed cutoff date. This proposal represents a significant milestone for the MTA. By setting a hard deadline and providing a clear path for students and low-income riders, the MTA can finally complete its transition to a world-class, 100% contactless system. I strongly urge the entire MTA Board to consider these suggestions to ensure the highest quality of public transit for all New Yorkers and have this proposal including the proposed cutoff date of July 1, 2026 at 12AM announced in the coming weeks, possibly at a future MTA Board Meeting. Thank you for your time and continued dedication to our cityâ€™s infrastructure. Sincerely, Tran Jacinto Request: Please forward this to MTA Chair Janno Lieber, MTA President Demetrius Crichlow, and the entire MTA Board for review, as this urgent letter is intended for them. Thank you.
12	1/19/2026	Tran	Jacinto	Brooklyn	NY	Dear Chair Lieber, Mr. Crichlow, Mr. Farrell, and Members of the MTA Board, I hope you are well. I am writing to outline a proposed addition to the MTAâ€™s zeroâ€'emission bus plan, to be considered if the ongoing hydrogen fuelâ€'cell bus pilot is successful. This proposal calls for integrating hydrogen fuelâ€'cell buses into the MTAâ€™s 2040 zeroâ€'emissions fleet strategy alongside batteryâ€'electric buses. Under this plan, hydrogen buses would be assigned to five depotsâ€"one in each borough. They would primarily replace CNG buses; however, because Manhattan and Staten Island do not operate CNG fleets, one diesel/hybrid depot in each borough would require upgrades to support hydrogen operations. The proposal suggests announcing this initiative on Earth Day with Governor Kathy Hochul, followed by the launch of a procurement for new hydrogen buses. On April 22, 2026, the MTA and Governor Hochul would present an implementation and investment plan to introduce hydrogen fuelâ€'cell buses at Jackie Gleason (Brooklyn), West Farms (Bronx), Manhattanville (Manhattan), College Point (Queens), and Yukon (Staten Island). At the same time, the MTA would open a procurement for 800 new hydrogen fuelâ€'cell buses to replace aging CNG buses and the diesel/hybrid fleets at the Manhattan and Staten Island depots selected for conversion. The standard procurement process which consists of RFP release, proposal preparation, technical evaluation, negotiations, and Board reviewâ€"would follow, with the goal of awarding the contract in the second half of 2027. If awarded on schedule, deliveries would begin in 2030 and conclude in 2032, covering model years 2030â€"2032. To differentiate longâ€'term hydrogen fleets from batteryâ€'electric buses, the proposal recommends using threeâ€'digit fleet numbers, consistent with current CNG fleets, rather than the fourâ€'digit numbers used for the two pilot hydrogen buses and most of the MTA fleet. The five depots listed above were selected because they operate routes historically served by CNG buses and frequently exceed 300 miles per day, conditions suited to hydrogenâ€™s longer range and faster refueling. Implementing hydrogen operations at five depots would require a major amendment to the MTAâ€™s $68.4â€¯billion 2025â€"2029 Capital Program, which is currently structured around batteryâ€'electric buses and does not include largeâ€'scale hydrogen infrastructure. Advancing such an amendment would require the MTA to prepare a detailed internal proposal outlining scope, cost, and operational benefits, and demonstrating alignment with the 2040 zeroâ€'emissions mandate. The MTA Board would then need to approve the proposal before submitting it to the New York State Capital Program Review Board (CPRB), whose unanimous approval is required for major program modifications and for issuing bonds or accessing federal funds. A significant challenge would be securing billions in new funding, as the current capital plan is fully allocated. This would require identifying internal savings, pursuing federal or state cleanâ€'transportation grants, or obtaining legislative authorization for additional bonding or dedicated revenue. Because the MTA is only beginning to test hydrogen technology through the pilot at Gun Hill Depot, expansion to five hydrogenâ€'capable depots would depend on the pilotâ€™s results, the development of a viable funding strategy, and integration with the existing plan to deploy more than 1,000 zeroâ€'emission buses and electrify 11 depots by 2029. Thank you for your time and consideration. Sincerely, Tran Jacinto Request: Please forward this to MTA Chair Janno Lieber, MTA President Demetrius Crichlow, Acting MTA Executive Vice President for Department of Buses Frank Farrell, and the entire MTA Board for review. Thank you.
13	1/19/2026	Jay	Eff			Please make plans for a cross Bronx railway. The cross town buses are horrible. Their service delivery is terrible, especially after rush hour and they're not even that great during rush hour. The way the trains are set up in the Bronx at present present a hardship as you have to go downtown to Simpson Street, 125th Street, 149th Street-Grand Concourse, or 96th Street, make your transfer, and then go back uptown. That's a lot. Again, don't suggest the crosstown buses because the service delivery there is horrible.
14	1/19/2026	Katherine	Minaya	New York	NY	Love the extension of the 2nd Ave line. Would like DOT to prioritize Protected bike lanes particularly if n the Bronx. Or way to get across the Bronx (West <> East) in under an hour, that doesn't have to rely on traffic patterns and isn't always packed to the brim. Might get more people working in the Bronx.
15	1/22/2026	David	Ellis	Brooklyn	NY	Buses should be free and NJTransit should be combined with metro north and lirr to be able to through run Penn station. Donâ€"t add more tracks when through running would be a much cheaper investment and able to handle the capacity problems as well or better.
16	1/22/2026	Brian	McGrath	Putnam Valley	NY	Public restrooms at train stations are necessary. Cortlandt station restroom has been closed for two years.
17	1/23/2026	Sydney	Moore	New York	NY	I would like for the metro card to be reinstated. Not only is the OMNY card overall much more inconvenient and an unnecessary â¨upgradeâ€" (I.E. the material on the plastic makes it easier to slip out of wallets, older generations have a harder time adjusting to the new system, the â¨tapâ€" turnstiles generally fail more often than the swipe mechanic), but I also donâ€"t appreciate the lack of privacy behind it. With the metro card, you put cash/card into the kiosk and get however much you pay for, the screen on the turnstile/bus kiosk tells you how much you have left on the card, and it is a nebulous system that does not actively track your location or routine; the OMNY card on the other hand doesnâ€"t tell you how much you pay for it unless you SIGN IN on the OMNY website (or unless you stop at the kiosk and wait in a line to tap it there and itâ€"ll tell you the price, but this is incredibly inconvenient if youâ€"re in a rush, especially if you have some old person just confused and trying to figure it out so now you gotta help them), the tap function has failed me multiple times, and I donâ€"t like that itâ€"s connected to the web which therefore means it tracks my data and whereabouts at all time. Iâ€"ve also had many times where itâ€"d even charge me for trips I didnâ€"t take! Also the card is just plain ugly; black and white wonâ€"t ever beat blue and yellow! I think that if people really want to tap to pay theyâ€"d simply use their debit card. I donâ€"t understand why we canâ€"t have both tap to pay AND a metro card to swipe; itâ€"s not like the whole upgrade between tokens to the metro card where that makes sense, why carry around a bunch of coins for the train when all of your metro money is on one thin little card? Instead it just feels like an excuse to track my data and slip out of my wallet so that Iâ€"d have to go and spend another $40 (not including the new card fee) for a card I am FORCED to use. Itâ€"s just a less functional, more untrustworthy, and uglier version of the metro card. Please bring it back; real New Yorkers WANT the metro card back! Sidenote: i have family in Jersey. OMNY cards donâ€"t work on the path trains, but metro cards do. So now when I go into New Jersey every like twice a month I have to buy a new metro card even though I already have my OMNY card. IT MAKES NO SENSE!!!
18	1/24/2026	Winston	Wu			Instead of spending money on the gates, maybe spend money on renovating the stations and spend more money on up keeping and making the overall riding experience better for the daily commute.
19	1/24/2026	Karen	Barnett	Brooklyn		In my mind, the top priority for upcoming projects would be making the subway more reliable and frequent. Living off the C train in Brooklyn is an incredibly frustrating experience. During rush hour times, I can wait on average 8-12 minutes for a train, sometimes up to 19 minutes. When I catch the train home from work, if I catch an A, it will become local, if I catch a C it will become express. Itâ€"s impossible to predict how I can get home because service will change in an instant. The 2/3 or 4/5/6 will have trains come every 2-5 minutes when I am in other neighborhoods (even when only one of those trains is available). After frequency and reliability, I would love to see the MTA expand access so all neighborhoods can be connected. LaGuardia is a challenge to access by train, and the bus is incredibly slow. Cleanliness and safety is next. I love taking the subway and prefer it any day to driving, but please make the experience not disgusting and unsafe! Especially when pricing are so high! I can be better off taking an uber if Iâ€"m with multiple people going to JFK (cost wise). Why are your costs incentivizing car ridership? We should incentivize public transit! Thank you for your time and attention!
20	1/26/2026	Andrew	Garcia	New York	NY	Lower the price of fare or actually renovated the train. There's trash everywhere, dirty all the time, and its very dangerous. There's always weird characters on the train causing havoc but the police don't do anything but make regular people who paid feel like they can get arrested just for looking.
21	1/27/2026	Cristina	Julian	Brooklyn	NY	The subway should be accesible. Please install elevators in Kingston Ave (line 3). This stop is next to the Brooklyn Childrenâ€"s Museum and a lot of families live in the neighborhood. We need to access the subway with strollers. Thank you.
22	1/27/2026	Samuel	Patz	Brooklyn	NY	samfpatz@gmail.com
23	1/27/2026	samuel	patz	brooklyn	NY	Please allocate funds to open the EXISTING secondary entrance/exits on the Gates Halsey and Kozciuszko stops. Gates and Halsey stations have seen significant increases in passenger numbers and single exits are increasingly congested.
24	1/29/2026	Ali	Riv	New York	NY	When are we addressing the noise pollution + dirt and grime. I come home from the subway and blow my nose and itâ€"s black from the stuff in the air. Let alone the continuous damage to my hearing from the way the tracks and wheels are set up (and when thereâ€"s a bad set of breaks!! Forget it!) I consider these extremely important QoL points.
25	1/29/2026	Paige	Serrano	Brooklyn	NY	The MTA should not receive funding in the millions when service quality has severely disintegrated and continues to worsen. Riders across the system, especially in historically underserved neighborhoods, face constant train delays, cancellations, overcrowding, & unpredictable service. For many, this is not a minor inconvenience but a daily hardship that directly affects their ability to get to work, attend school, access healthcare, and meet basic life obligations. Despite repeated fare increases and massive public subsidies, service reliability continues to decline. This raises serious concerns about whether funds are being allocated responsibly, efficiently, and transparently. Riders are continually asked to pay more while receiving less, with little evidence that current funding levels are producing meaningful improvements in reliability, safety, or infrastructure maintenance. Underserved communities bear a disproportionate burden of this failure. These neighborhoods experience more frequent disruptions, longer commute times, and fewer dependable transit options, reinforcing long-standing social and economic inequities. Public transportation should be a tool for mobility and opportunity, yet the current system consistently fails those who depend on it the most. Until the MTA can demonstrate true accountability, operational competence, and measurable service improvements, it should not receive additional capital funding. Taxpayer dollars should not continue flowing to an organization that fails to deliver reliable results. Public funding is a privilege that requires transparency, fiscal responsibility, and tangible outcomes, NOT vague promises, shifting timelines, and repeated failures. Without fundamental reform, increased funding will only perpetuate inefficiency, waste, and mismanagement at the expense of riders. The MTA must prioritize service quality, equity, and financial accountability before requesting any further public investment.

26	1/29/2026	Paige	Serrano	Brooklyn	NY	The MTA should not receive funding in the millions when service quality has severely disintegrated and continues to worsen. Riders across the system, especially in historically underserved neighborhoods, face constant train delays, cancellations, overcrowding, & unpredictable service. For many, this is not a minor inconvenience but a daily hardship that directly affects their ability to get to work, attend school, access healthcare, and meet basic life obligations. Despite repeated fare increases and massive public subsidies, service reliability continues to decline. This raises serious concerns about whether funds are being allocated responsibly, efficiently, and transparently. Riders are continually asked to pay more while receiving less, with little evidence that current funding levels are producing meaningful improvements in reliability, safety, or infrastructure maintenance. Underserved communities bear a disproportionate burden of this failure. These neighborhoods experience more frequent disruptions, longer commute times, and fewer dependable transit options, reinforcing long-standing social and economic inequities. Public transportation should be a tool for mobility and opportunity, yet the current system consistently fails those who depend on it the most. Until the MTA can demonstrate true accountability, operational competence, and measurable service improvements, it should not receive additional capital funding. Taxpayer dollars should not continue flowing to an organization that fails to deliver reliable results. Public funding is a privilege that requires transparency, fiscal responsibility, and tangible outcomes, NOT vague promises, shifting timelines, and repeated failures. Without fundamental reform, increased funding will only perpetuate inefficiency, waste, and mismanagement at the expense of riders. The MTA must prioritize service quality, equity, and financial accountability before requesting any further public investment.
27	1/29/2026	Paige	Serrano	Brooklyn	NY	The MTA should not receive funding in the millions when service quality has severely disintegrated and continues to worsen. Riders across the system, especially in historically underserved neighborhoods, face constant train delays, cancellations, overcrowding, & unpredictable service. For many, this is not a minor inconvenience but a daily hardship that directly affects their ability to get to work, attend school, access healthcare, and meet basic life obligations. Despite repeated fare increases and massive public subsidies, service reliability continues to decline. This raises serious concerns about whether funds are being allocated responsibly, efficiently, and transparently. Riders are continually asked to pay more while receiving less, with little evidence that current funding levels are producing meaningful improvements in reliability, safety, or infrastructure maintenance. Underserved communities bear a disproportionate burden of this failure. These neighborhoods experience more frequent disruptions, longer commute times, and fewer dependable transit options, reinforcing long-standing social and economic inequities. Public transportation should be a tool for mobility and opportunity, yet the current system consistently fails those who depend on it the most. Until the MTA can demonstrate true accountability, operational competence, and measurable service improvements, it should not receive additional capital funding. Taxpayer dollars should not continue flowing to an organization that fails to deliver reliable results. Public funding is a privilege that requires transparency, fiscal responsibility, and tangible outcomes, NOT vague promises, shifting timelines, and repeated failures. Without fundamental reform, increased funding will only perpetuate inefficiency, waste, and mismanagement at the expense of riders. The MTA must prioritize service quality, equity, and financial accountability before requesting any further public investment.
28	1/29/2026	Alexis	Harris-Bates			Dear MTA Board and Staff, I am submitting this comment regarding the MTAâ€™s proposed federal grant projects for Federal Fiscal Year 2026. As a daily rider and paying customer, I am concerned that federal funds should prioritize safety, reliability, and accessibility of transit service. Recent incidents, such as severe overcrowding and delays on bus number 6142 at Chauncey Street and Malcolm X Boulevard, created unsafe conditions for passengers and required police intervention. Extended delays and lack of contingency planning disproportionately affect riders, particularly in extreme weather, and undermine public confidence in the MTA. With federal funding proposed through Sections 5307, 5337, 5339, and related programs, I urge the MTA to: 1. Ensure timely and reliable service by investing in fleet expansion, maintenance, and operational improvements. 2. Prioritize rider safety and crowd management, including training and equipment to prevent unsafe boarding and overcrowding situations. 3. Address accessibility gaps, ensuring all ridersâ€”including those with disabilitiesâ€”can use transit safely and reliably. 4. Allocate funds transparently, with measurable outcomes tied to improving day-to-day service for paying customers. Federal funds provide an opportunity to address recurring safety and service issues, especially as fares increase. I strongly encourage the MTA to direct these funds toward projects that directly improve the rider experience and prevent unsafe conditions. Thank you for considering this comment. Sincerely, Alexis N. Harris-Bates
29	1/29/2026	Jesse	Figueroa	Brooklyn	NY	Good evening. My name is Jesse Figueroa. I am a US Army Veteran, an Accessibility and Transportation Advocate, and the District 1 Commander for the Veterans of Foreign Wars, Department of New York. As a resident of Bay Ridge, Brooklyn, I am here to strongly support the MTAâ€™s proposed projects for Federal Fiscal Year 2026. For the veterans and seniors I represent, the $3.28 billion requested for passenger stations and $12.5 billion for New York City Transit are not just numbersâ€”they are essential investments in accessibility and urban equity. We must prioritize "State of Good Repair" and signal upgrades to ensure our system remains a reliable alternative to the personal automobile. Federal funding through Sections 5307 and 5337 is the lifeblood of our cityâ€™s mobility. I urge the FTA to recognize that the recovery of the New York metropolitan region depends on a fully funded, modernized transit network. Thank you for your time and for allowing me the opportunity to comment.
30	1/30/2026	Jesse	Figueroa	Brooklyn	NY	Greetings. Kindly strike out "District 1 Commander Veterans of Foreign Wars Department of New York" from my public comment submitted last night: (20260130-H00007641). Thanks. Here is my corrected version: Good evening. My name is Jesse Figueroa. I am a US Army Veteran, an Accessibility and Transportation Advocate. As a resident of Bay Ridge, Brooklyn, I am here to strongly support the MTAâ€™s proposed projects for Federal Fiscal Year 2026. For the veterans and seniors I represent, the $3.28 billion requested for passenger stations and $12.5 billion for New York City Transit are not just numbersâ€”they are essential investments in accessibility and urban equity. We must prioritize "State of Good Repair" and signal upgrades to ensure our system remains a reliable alternative to the personal automobile. Federal funding through Sections 5307 and 5337 is the lifeblood of our cityâ€™s mobility. I urge the FTA to recognize that the recovery of the New York metropolitan region depends on a fully funded, modernized transit network. Thank you for your time and for allowing me the opportunity to comment.
31	1/30/2026	Jesse	Figueroa	Brooklyn	NY	Jesse Figueroa PO BOX 90513 Brooklyn, New York 11209 vfwpost546@outlook.com 718.912.8321 3 February 2024 MTA Capital Program Funding / Grants Management RE: 2026 Capital Projects Public Hearing 2 Broadway, D16.94 New York, NY 10004 Subject: Formal Statement in Support of MTA Federal Grant Proposals for FFY 2026 To the Metropolitan Transportation Authority and the Federal Transit Administration: Please accept this formal statement as part of the permanent record for the Capital Projects Public Hearing for Federal Fiscal Year 2026. I am writing to express my strong support for the MTAâ€™s proposed program of projects and to urge the Federal Transit Administration (FTA) to approve and fully fund the requested grants under Sections 5307, 5309, 5310, 5337, 5339, and 5340. The proposed investments are essential for maintaining the State of Good Repair and ensuring the continued reliability of our regional transit network. I would like to highlight several critical areas of the proposal: â€¢ New York City Transit Modernization: The $12.58 billion requested for New York City Transitâ€”specifically the $6.85 billion for new subway cars and $3.28 billion for passenger stationsâ€”is vital for addressing aging infrastructure and improving the commuter experience for millions. â€¢ Regional Connectivity: The funding requests for the Long Island Rail Road ($624 million) and Metro-North Railroad ($770.32 million) are necessary to maintain safety and efficiency across the commuter rail lines that link our regional economy. â€¢ Infrastructure Resiliency: The focus on track and structure repairs, particularly for Metro-North ($256.3 million), is a prudent step toward safeguarding our system against the increasing challenges posed by extreme weather and environmental factors. These projects are not only critical for daily mobility but also comply with the State Implementation Plan (SIP) and the Clean Air Act, supporting our regionâ€™s environmental and sustainability goals. Thank you for your dedication to the preservation and improvement of the New York metropolitan area's transit system and for your consideration of these comments. Sincerely, Jesse Figueroa
32	1/30/2026	Felipe	Castillo	New York	NY	please continue the second avenue subway west across 125th BUT ALSO keep a provision for a spur to the East Bronx
33	1/31/2026	Grace	Murray	Brooklyn	NY	I am writing in full support of Mayor Mamdaniâ€™s free buses initiative and I would like to inquire as to whether the purchase of new buses is conducive to bringing this to fruition. Working people need a reliable form of fast, free, reliable transit in order to power this city. I would also like to voice support for expansion of lines and new track, although I do not see it in the proposed budget and I would like to voice my concern. This would be transformative for New Yorkers. Lastly, I would like to comment on the ineffectiveness of new turnstiles to prevent fare evasion as unpopular, wasteful use of public funds, and an embarrassing failure when more crucial repairs could be made to ensure safety of New Yorkers when riding the trains (prevent train derailing accidents like that happened on 1 train last year, mental health crisis counseling to help those that left with no help, jump on tracks, or perhaps simply making buses free to reduce cost of living crisis strain for all). The economic value generated by making these improvements would many times over make up for the shortfall of fare evaders. Thank you for your consideration.
34	2/2/2026	Damina	Townes	Brooklyn	NY	The newer R211A and R211T subway cars have about 30 seats per car. The still-used R179 has about 40-44 seats per car, while retiring cars like the R46 had around 70-76 seats per car. I would consider this a step in the wrong direction, and believe that seating in newer models should be able to accommodate an amount closer the what the R46 carried while still providing the newly-added accessible seating /areas. With feedback from riders expressing disappointment over the seating changes, would the MTA consider any redesign or resolutions that could increase seating?

35	2/2/2026	Alexis	Harris-Bates	Brooklyn	NY	Good evening. My name is Alexis, and Iâ€™m a daily bus rider. According to the MTAâ€™s previous behavior, it is normal and acceptable to punish and intimidate riders for circumstances they didnâ€™t create. Just today, after waiting 30 minutes in cold, the b46 select bus: number 6110, finally arrived and was immediately overcrowded due to the usual delays on this route. MTA transit enforcement officers boarded the bus as well to make sure everyone paid. I witnessed a transit officer ask a rider to move over however, he physically was not able to because people were packed into the bus like sardines. The MTA officers then wrongfully accused him of being disorderly and threatened to stop the bus. Instead of addressing the overcrowding and the delayed service of the b46, the entire bus was put out of service forcing riders, including the elderly and schoolchildren, back into the cold after we all just paid the 3.00 dollar fare. Last week on the same bus route, there were severe delays that left riders waiting desperately in the freezing temperatures hoping that any bus would show up. When the b46 select bus finally arrived it become extremely overcrowded, so NYPD officers were called to force people off the bus to wait in the frigid cold again. Now, a week after a major snowstorm, many MTA bus stops and bus shelters are still not cleared of snow and ice which continues to negatively impact the accessibility of public transit. Many riders are hesitant to file complaints against MTA personnel because there is a strong perception from their staff that they wonâ€™t be held accountable. I have video documenting MTA transit officer: badge #853 irate, unprofessional, harassing people including schoolchildren. She stated that it did not matter if we filed complaints because she wouldnâ€™t be held accountable for her misconduct against riders, who did indeed paid the fare. Iâ€™m more than happy to share this video. The 2026 Capital Projects Program is an opportunity to fix these failures. Dedicated investments and reform for reliable bus service, accessible bus shelters, and professional conduct training for MTA transit officers will reduce overcrowding, unnecessary enforcement escalation, and ensure transit is safe, equitable, and humane going forward. Thank you.
36	2/2/2026	Barry	Negrin	New York	NY	Please consider upgrading subway car HVAC filtration from its current MERV 7 level to at least MERV 13 so as to filter out viruses and other pathogens on board. Air circulation aboard a car is often poor; I have personally measured CO2 levels above 1800 ppm a number of time, and occasionally over 2000 ppm. Given that many airborne diseases like measles are on the rise, the best time to upgrade filtration and ventilation was mid-2020. The second best time is as soon as possible.
37	2/3/2026	Edward	Romaine	Hauppague	NY	February 3, 2026 Re: Rail Infrastructure Investment Needs in Suffolk County Dear Chair Lieber and Members of the MTA Board, Thank you for the opportunity to comment on the MTAâ€™s proposed 2026 federally funded projects. I have reviewed the proposed investments. While many of the projects are necessary to maintain safe and reliable operations, they do not go far enough to meet the needs of Suffolk County. Suffolk County requires a revitalized 21st-century rail system and modernization of rail service to meet the current and future needs of our residents, businesses, and visitors. With more than 1.5 million residents, Suffolk is the fourth most populous county in New York State and the most populous county outside the boroughs of New York City. It is time to get serious about modernizing the LIRR in Suffolk County. Despite our many assetsâ€”high-quality school districts, premier research institutions, nationally ranked universities, and abundant parks and natural resourcesâ€”much of Suffolk County remains dependent on diesel rail service and outdated technology which is the only local rail service option for Suffolk County residents east of Babylon, east of Ronkonkoma, and east of Huntington. More than 73% of the Countyâ€™s land area and approximately 50% of its residents rely on diesel service that is less reliable, more polluting, and often requires riders to transfer at least once, and often multiple times, during their commute. I see a disturbing trend with Suffolk County routinely paying disproportionately more into New York State and MTA than we receive back in service and capital investmentâ€”whether through NYMTC capital funds, STOA operating funds or MTA capital funds. This imbalance must be addressed. Suffolk County residents and businesses pay a substantial share of MTA funding. In 2026 alone, Suffolk County taxpayers are contributing approximately $31.8 million for station maintenance across 41 stationsâ€”an average of $775,609 per station per year. Suffolk residents also pay some of the highest commuter fares in the nation. Monthly tickets now cost $394.50 from Ronkonkoma and Stony Brook, and $452.00 from Mastic, with daily fares reaching as high as $46.00. These increases come at a time when ticket options have become more restrictive, and an $8 fee is assessed for those who do not activate their tickets in a timely manner. Beyond fares, Suffolk County contributes significantly to the MTA through multiple dedicated funding streams, including the payroll mobility tax, sales tax, mortgage recording tax, motor vehicle registration fees, the petroleum business tax, and other sources. Congestion Pricing revenues reportedly exceeded expectations, generating approximately $550 million in the first year aloneâ€”and Suffolk County residents and businesses undoubtedly contributed significantly to that total. While I understand that ten percent of these funds are to be allocated to Long Island Rail Road capital improvements, this level of investment is only a starting point. Suffolk County needs more significant and transformative rail infrastructure funding. I applaud the MTA for several groundbreaking investments, such as the opening of Grand Central Madison, which has provided new service options and convenience for Long Islanders traveling to Manhattan, while also creating new opportunities for New York City residents to access Nassau and Suffolk Counties. Now, the MTA must turn its attention to Suffolk County. Suffolk County residents deserve greater rail access and more single-seat rides to both Penn Station and Grand Central Madison. I am calling for a comprehensive modernization of the LIRR in Suffolk County through strategic infrastructure investment in doubletracking and electrification.
38	2/3/2026	Edward	Romaine	Hauppague	NY	Continued ..available for just $10. Suffolk County, along with the Towns of Brookhaven, Smithtown, and Huntington, stands ready to work collaboratively with the MTA to begin the long-overdue process of improving this neglected branch. Additionally, the commuting needs of our East End residents must be addressed. Many do not travel to Penn Station or Grand Central Madison at all. The Montauk Branch requires upgrades, including increased track capacity, to allow the South Fork Commuter Connection to grow and serve even more East End travel demand and to better serve large scale events such as the upcoming U.S. Open at Shinnecock Hills. The elimination of grade crossings in Suffolk County must be addressed. I appreciate the current collaboration between the MTA and Suffolk County on grade crossing elimination planning and prioritization. This work is essential for safety, reliability, and traffic congestion relief. Future federal funding opportunities must be pursued aggressively to advance these projects throughout Suffolk County. Thank you for taking these important points into consideration as you progress your capital program and federal funding agenda. Suffolk County residents deserve a modernized rail system and frequent, reliable train service options. I urge the MTA to commit to a bold, equitable vision for the future of rail service in Suffolk County. Respectfully, Edward Romaine Suffolk County Executive .
39	2/3/2026	Delilah	Delgado	The Bronx	NY	Suggesting new express bus line from West Side Highway. West Side commuters from Riverdale/Kingsbridge need a West Side Highway express bus to commute more effectively to work/recreational usage of the West side of the city. As of right now they is only express buses to the East side of Manhattan. Please allocate MTA funds for this initiative. This will increase overall quality of life and when line is launch MTA will most certainly will see a return on investment!
40	2/3/2026	Kara	Gurl			Good evening. On behalf of the Permanent Citizens Advisory Committee to the MTA (PCAC), thank you for holding this hearing on the MTAâ€™s requests for federal grant funding in Federal Fiscal Year 2026. We strongly support the MTAâ€™s proposals for funding capital projects across the LIRR, Metro-North, MTA Bus Company, Construction & Development, and New York City Transit. Now more than ever, it is critical that the federal government continues to fund and invest in transitâ€”the backbone of New York and the entire region and countryâ€™s economy. The MTAâ€™s capital projects are a key combination of system expansion and State of Good Repair upgrades. These projects cannot risk being delayed, or the millions of daily MTA riders will face the consequences of disrepair and lack of investment. The MTA network is over a century old, and it must be upgraded rapidly to ensure that future generations of New Yorkers can continue to rely on our subways, buses, and trains. In particular, riders need the federal government to support the MTAâ€™s efforts to upgrade and expand its existing rolling stock. Purchasing moreâ€”and newerâ€”trains and buses is a major factor in ensuring that the MTA can run more service, with fewer delays and breakdowns. Signal upgrades, track and structure improvements, facility maintenance, and station repairs are other critical projects that the MTA needs federal fiscal support to complete. In addition, President Trump and the U.S. DOT must immediately disburse the Congressionally-appropriated funding for the Second Avenue Subway to ensure the program can continue. The MTA has done everything within its control to comply with DOT guidance, and continuing to delay and wholesale risking the project would be a disaster for thousands of working families who are employed by it and could soon be out of work, to say nothing about tens of thousands of residents of East Harlem who are one of the most transit-dependent neighborhoods in New York City and have been lacking a long promised subway for nearly a century. It's also critical for congestion pricing to continue. Weâ€™ve already seen what a massive success this policy has become, and the hundreds of millions of dollars that it has brought in for the MTAâ€™s capital program are crucial to building a more accessible, expansive transit system. New Yorkâ€”and the entire countryâ€”cannot afford for this once-in-a-generation program to be canceled. Riders are counting on the leaders at all levels of government to invest in the MTA system. We enthusiastically support the MTAâ€™s federal grant proposals for fiscal year 2026. Thank you for the opportunity to testify.
41	2/3/2026	Ashley	Grzetic	Smithtown	NY	In 2026, it is unfathomable customers of the LIRR do not have free and reliable access to WiFi while onboard and on station platforms. The vast majority of ridership commute for work and would benefit from reliable internet for work and conference calls in our increasingly global economy. Additionally, with the new draconian ticket activation rules and less than 24 hour validation, many stations lack internet access making it difficult to purchase and/or activate. To support why I no longer purchase at home, today I was driving to Deer Park only to check the time and see it was cancelled. To ensure I could get to work, I drove back to Smithtown. These are two different zones with two different fares. This has happened in the reverse as well. Historically, Iâ€™d save my ticket to use another time. Are you going to reimburse me? All that to be said, Iâ€™m now only buying my ticket when Iâ€™m at the station and I know the train is coming. Please invest in WiFi infrastructure on the trains and station platforms. It is 2026 and the world is online. Time for the LIRR to catch up. Thank you for your consideration.

Proposed Phase 2 stops for the Second Avenue Subway

Phase 2: 96th St (2nd Av)-125th St (2nd Av)/Broadway (125th St)*

- Subway stops for Phase 2: 106th St (2 tracks, 1 island platform), 116th St (2 tracks, 1 island platform), 125th St-2nd Av (2 tracks, 1 island platform)/Lexington Av-125th St (2 tracks, 1 island platform), Malcolm X Blvd (Lenox Av)-125th St (2 tracks, 1 island platform), Saint Nicholas Av-125th St (2 levels, 2 tracks, 2 side platforms), Broadway-125th St (4 tracks, 2 island platforms); Tunnel *Some of the stations listed in this Phase are part of an Expansion Project of Phase 2, it does **NOT** count as an additional Phase.

The 125th St-2nd Av stop is proposed to serve the 2nd Av/Queens Blvd (U) line.
Between the 106th and 116th Sts stations will be a relay track beginning and ending with switches on each end.

Juan Castillo (Aceve14@aol.com)

2/3/26

1 consider connecting 204th st @ webster av to white plains rd @ or near bronxdale av

2 consider connecting soundview av @ clason point to lewis blvd @ the cross island pkwy

3 consider connecting jerome av to macombs pl

2/3/26

4 consider connecting ogden av to lenox av

5 consider sending the 7 train to marcy av ~~=~~ from 74th st

2/3/26

5 from 74th st: the 7 train should make a left turn off roosevelt av bet 73rd + 72nd sts, travel southwest ~~on~~ the bqe, travel south on the bqe below to 10th st only, south on the bqe, west on metropolitan av, south on marcy av to broadway

2/3/26
5 the proposed ~~bw~~ broadway station should have 3 tracks and 2 island platforms; the downtown platform should lie on marcy av between broadway and south 5th st whereas the uptown platform should lie between south 4th and 5th sts

2/3/26
5 between 70th st and roosevelt av some bqe lanes (both directions) should be elevated; ~~with~~ the proposed line would be elevated; consider building 2 layup tracks on marcy av between broadway and metropolitan av

2/3/26
6 consider building a 3 track a division el on westchester av between whitlock av and southern blvd connecting the 2, 5 and 6 trains; additionally dismis the tracks that are used by the 5 train between 138th and 149th sts; additionally rebuild the unused 180th st station and make it fully wheelchair accessible

2/3/26

6 dismis the downtown track bumper blocks use both tracks; the el that lies below this station should be connected to the el that lies below the current 180th st station 5 at maray av keep the middle track and dismis the bumper blocks it should merge with the local tracks right below it

MTA 2026 Capital Projects Public Hearing: **February 3, 2026**

Yesterday, I signed up to speak at today's hearing on the "MTA Capital Plan", but was never called, as I was watching for the full 55 minutes. I tried to type in the chat, but the person who asked if anyone was missing literally waited less than 5 seconds before she shut off the meeting. This was very disappointing and does not reflect well on your organization. Why wasn't I asked to speak, as I did receive confirmation which indicated that I was confirmed as a speaker? And why even bother to ask if anyone was missed, if you are going to close the meeting before I could spend 7 seconds to open chat and type? Anyway, here is my feedback.

Thank you for your continuing Park Avenue viaduct work, as I frequently take Metro-North on weekends and have never been delayed by your construction. This work is very important to the long-term future of all lines of Metr0-North.

I look forward to the construction of **IBX** in Brooklyn and Queens, as well as the **extension of the 2nd Ave subway to 125th and Park** and hopefully to the west side of Manhattan at 125th and Broadway, several 5-year capital plans down the road. A new station at Broadway and 125th could incorporate the 2nd Ave subway, the "1' subway, Columbia, Riverside Park, and the west-side line could have a station at 125th to serve Amtrak and/or Metro-North, in the distant future.

MTA should **REPAIR the Beacon dock for the return of the ferry**, and operate the ferry from at least mid-May to mid-November. I realize that the bus schedule between Beacon and Newburgh was recently expanded, but the ferry is needed for the redevelopment of the Newburgh waterfront. Orange County is not treated nicely by the MTA and the decision to let the pier deteriorate, then offer poor ferry schedules, certainly seems to promote the theory of the MTA letting the ferry service degrade and then hope no one would notice. Your failure to repair the Beacon dock is very damaging to the people and businesses of Orange County. **You need to partner with politicians, business leaders, and passengers in Orange County and bring this important option back to Orange County by this summer.**

MTA Capital should **add a 2 car, possibly battery operated, shuttle from Hopewell Junction to Beacon on the former Maybrook line.** This should be added to the next capital plan and could be started to serve rush hour commuters on weekdays.

The Hudson line, as various plans mentioned for 2 decades, **needs a third track from just north of Breakneck Ridge to Poughkeepsie**. This would be an 18-mile section, which already has a third track for 3 miles through Beacon, so that 3rd track needs to be extended northward by 12 miles and southward by 3 miles. This would allow Amtrak trains to pass Metro-North trains would provide redundancy during trackwork and improve the flow of rail traffic.

Also on the Hudson line, **the 3rd rail electric needs to be extended from Croton-Harmon to Peekskill**, on 2 of the 3 tracks, which is about 7 miles. This would allow electric trains to serve both Cortlandt and Peekskill, as Peekskill station already has 2 extra, dead-end tracks, where the trains would switch direction for their return to GCT. This would relieve pressure on the diesel trains, which are very full north of Croton-Harmon.

Likewise, **third rail electric should be extended from Huntington to Port Jefferson** on the LIRR, which is a distance of 23 miles.

Sincerely yours,

Gary Pinkett

Public Hearing

CAPITAL PROJECTS PUBLIC HEARING

The Metropolitan Transportation Authority, on behalf of MTA New York City Transit and its subsidiaries; MTA Long Island Rail Road; MTA Metro-North Railroad; MTA Construction & Development; and MTA Bus Company (collectively referred to as the "MTA"), will hold a public hearing to solicit comments on MTA's federal grant proposals for Federal Fiscal Year 2026. This hearing will be conducted in a hybrid format, allowing participation both in-person and virtually via Zoom's online platform and conference call feature, and will include a livestream on the MTA 2026 Capital Projects hearing website.

The MTA receives federal funds pursuant to the Federal Transit Administration (FTA) of the U.S. Department of Transportation under Sections 5307, 5309, 5310, 5337, 5339 and 5340 of Title 49, United States Code (49 U.S.C. 5300 et seq.), as well as the Bipartisan Infrastructure Law (Surface Transportation Act and other federal appropriations). The Governor of the State of New York, local officials, and publicly owned operators of mass transportation services have designated the MTA to be the recipient of these grants.

The requested funds are for categories of capital projects listed below and more fully described in the MTA Proposed Program of Projects. The MTA's Program of Projects is available for review at **https://mta.info/2026-capital-projects-hearing** or by calling the contact number provided below. The MTA solicits and encourages the comments of private transportation providers. Capital improvements under this Program generally take place within the MTA network or on State or city-owned property. Property acquisitions or relocations will be carried out in accordance with relevant laws and regulatory requirements. The projects included in this hearing are part of the approved 2020-2024 and 2025-2029 Capital Programs.

The capital projects have been, or expected to be, endorsed by the Metropolitan Planning Organizations for the New York metropolitan region and comply with the State Implementation Plan (SIP) as required by the Clean Air Act Amendments of 1990. The projects are not anticipated to have any significant adverse environmental impact. If the FTA prepares a formal environmental impact statement on any of the proposed projects, the MTA will issue a public notice to make the statement available. All legal requirements related to senior citizens and individuals with disabilities will be met.

It is anticipated that any difference between the projects' cost and the federal grant amount will be covered through funds that are made available by any one or more of the following sources: State, local, affiliated agency funds (such as MTA Bridges and Tunnels or MTA); credits for non-federal project shares generated from toll revenues in accordance with federal statute (23 U.S.C. 120 (i)); or sales of property or program income.

In Federal Fiscal Year 2025, MTA received $925.4 million of Section 5307 funds, $1.221 billion of Section 5337 State of Good Repair funds, and $30.8 million of Section 5339 of Bus and Bus Facilities funds. Apportionments from Federal Fiscal Year 2026 are not yet available. Federal funds must generally be matched by a local share contribution for capital assistance of 20 percent for most funding categories.

PROJECT CATEGORIES / ESTIMATED FEDERAL REQUEST (Dollars in Millions)

LONG ISLAND RAIL ROAD

Line Structures	895.00
Signals and Communications	65.00
Power	90.00
Shops and Yards	160.00
Depots	220.00
Service Vehicles	25.00
Miscellaneous	425.00
SIRTOA	71.00
Total NYCT	**$12,586.00**

MTA GRAND TOTAL $14,381.57

Date, Time and Location of the Hybrid Public Hearing

Tuesday, February 3, 2026
Hearing begins at 6:00 P.M.
Speaker registration opens at 5:30 P.M. and closes at 6:30 P.M.

MTA Headquarters, 2 Broadway, 20th Floor, William J. Ronan Board Room, New York, NY 10004.

Directions

By Subway: Take the 4 5 6 to Bowling Green; R W to Whitehall Street; 1 to South Ferry or 2 3 to Broad Street.
By Bus: M15, M15 SBS, M20, M55, SIM1, SIM1C, SIM4C
By Staten Island Ferry: Take the Staten Island Ferry to South Ferry Terminal

Public Hearing Format

This will be a hybrid public hearing with in-person participation as well as via Zoom's online platform and conference call feature, with a livestream available on the MTA 2026 Capital Projects hearing website **https://mta.info/2026-capital-projects-hearing.**

Registering to Speak at the Public Hearing

Those interested in speaking at the public hearing must pre-register. **Each registered speaker will have two (2) minutes to speak.**

To register to speak you may 1) register online at **https://mta.info/2026-capital-projects-hearing**, or 2) call the **Public Hearing Hotline at (646) 252-6777** (Telephone agents are available from 6 a.m. to 10 p.m. daily) or 3) sign up in person at the hearing. Written comments may be submitted and additional information requested through the same options listed above. Registration opens on January 2, 2026, and closes at 6:30 p.m. on February 3, 2026. All written comments must be submitted by 6:30 pm February 3rd. Comments will be transcribed and included as part of the permanent record of this hearing.

To View a Copy of the Complete MTA Program of Projects

A complete list of projects eligible for funding under this proposal is available onsite and on the MTA Website at **https://mta.info/2026-capital-projects-hearing**. To receive a translated copy of the Complete MTA Program of Projects, please contact us by Tuesday, February 3, 2026.

Information on public viewing locations and on the projects eligible for funding can be found on the MTA website or by contacting the MTA at the address below. The MTA will also make the final program of projects available on its website at **https://mta.info/transparency/grant-management** for Section 5307 funded projects when the FTA awards the Federal Fiscal Year 2026 grants.

Additional Ways to Comment or Request Information

By Postal Mail: To submit comments, for additional information, or to request copies of the application and final program of projects to be submitted to the FTA, letters should be addressed to: **MTA Capital Program Funding / Grants Management, RE: 2026 Capital Projects Public Hearing, 2 Broadway, D16.94, New York, NY 10004.**

Accessibility and Language Assistance Services

At the public hearing, American Sign Language (ASL) and CART Captioning services will be available.

For Individuals Who Are Deaf or Hard of Hearing can use your preferred relay service or the free 711 relay service to connect to the Public Hearing Hotline at (646) 252-6777.

For Individuals Who Are Blind or Have Low Vision can request accommodations on or before January 26, 2026, submitting a request on line at **https://mta.info/2026-capital-projects-hearing** or by calling the Public Hearing Hotline at (646) 252-6777.

For Those Without Internet Access can dial into the hearing by calling the Zoom webinar at 1-646-828-7666 then enter Webinar ID: 160 726 7386, followed by the pound (#) sign.

For Language assistance or other accommodation:
Please submit a request at least five business days before the hearing date online, by telephone, or by postal mail.

Audiencia pública

AUDIENCIA PÚBLICA SOBRE PROYECTOS DE INVERSIÓN

La Metropolitan Transportation Authority, en nombre de MTA New York City Transit y sus filiales; MTA Long Island Rail Road; MTA Metro-North Railroad; MTA Construction & Development; y MTA Bus Company (denominadas colectivamente "MTA"), celebrará una audiencia pública para recabar comentarios sobre las propuestas de subvenciones federales de la MTA para el año fiscal federal 2026. Esta audiencia se llevará a cabo en un formato híbrido, lo que permitirá la participación tanto en persona como de forma virtual a través de la plataforma en línea y la función de conferencia telefónica de Zoom, e incluirá una transmisión en vivo en el sitio web de la audiencia sobre los proyectos de capital de la MTA para 2026.

La MTA recibe fondos federales de conformidad con la Administración Federal de Tránsito (Federal Transit Administration, FTA) del Departamento de Transporte de los Estados Unidos en virtud de los artículos 5307, 5309, 5310, 5337, 5339 y 5340 del Título 49 del Código de los Estados Unidos (49 U.S.C. 5300 et seq.), así como de la Ley de Infraestructuras Bipartidista (Ley de Transporte Terrestre y otras asignaciones federales)." should be replaced with "La MTA recibe fondos federales de conformidad con la Federal Transit Administration (FTA) del U.S. Department of Transportation en virtud de las Secciones 5307, 5309, 5310, 5337, 5339 y 5340 del Title 49, United States Code (49 U.S.C. 5300 et seq.), así como de la Bipartisan Infrastructure Law (Surface Transportation Act y otras asignaciones federales).

Los fondos solicitados se destinan a las categorías de proyectos de capital que se enumeran a continuación y que se describen con más detalle en el MTA Proposed Program of Projects. El MTA's Program of Projects está disponible para su consulta en **https://mta.info/2026-capital-projects-hearing** o llamando al número de contacto que se indica a continuación. La MTA solicita y anima a los proveedores de transporte privados a que envíen sus comentarios. Las mejoras de capital en el marco de este programa suelen realizarse dentro de la red de la MTA o en propiedades estatales o municipales. Las adquisiciones o reubicaciones de propiedades se llevarán a cabo de conformidad con las leyes y los requisitos reglamentarios pertinentes. Los proyectos incluidos en esta audiencia forman parte de los Programas de inversión aprobados para los periodos 2020-2024 y 2025-2029.

Los proyectos de inversión han sido, o se espera que sean, respaldados por las Metropolitan Planning Organizations de la región metropolitana de New York y cumplen con el State Implementation Plan (SIP) según lo exige la Clean Air Act Amendments de 1990. No se prevé que los proyectos tengan un impacto ambiental adverso significativo. Si la FTA prepara una declaración formal de impacto ambiental sobre cualquiera de los proyectos propuestos, la MTA emitirá un aviso público para que dicha declaración esté disponible. Se cumplirán todos los requisitos legales relacionados con las personas mayores y las personas con discapacidad.

Se prevé que cualquier diferencia entre el costo de los proyectos y el monto de la subvención federal se cubrirá con fondos que se obtendrán de una o más de las siguientes fuentes: fondos estatales, locales y de agencias afiliadas (como MTA Bridges and Tunnels o MTA); créditos por participaciones en proyectos no federales generados a partir de los ingresos por peajes, de conformidad con la ley federal (23 U.S.C. 120 (i)); o ventas de propiedades o ingresos del programa.

En el año fiscal federal 2025, la MTA recibió $925.4 millones de fondos de la Sección 5307, $1.221 mil millones de dólares de fondos de la Sección 5337 para el buen estado de las infraestructuras y $30.8 millones de dólares de fondos de la Sección 5339 para autobuses e instalaciones de autobuses. Las asignaciones del año fiscal federal 2026 aún no están disponibles. Por lo general, los fondos federales deben complementarse con una contribución local del 20 % para la asistencia de capital en la mayoría de las categorías de financiación.

Fecha, hora y lugar de la audiencia pública híbrida

Martes, 3 de febrero de 2026
La audiencia comienza a las 6:00 p. m.
La inscripción de ponentes se abre a las 5:30 p. m. y se cierra a las 6:30 p. m.

MTA Headquarters, 2 Broadway, 20th Floor, William J. Ronan Board Room, New York, NY 10004.

Direcciones

Por Subway: tome el 4 5 hasta Bowling Green; R W hasta Whitehall Street; 1 hasta South Ferry o J Z hasta Broad Street.
Por Bus: M15, M15 SBS, M20, M55, SIM1, SIM1C, SIM4C
Por Staten Island Ferry: tome el Staten Island Ferry hasta la South Ferry Terminal

Formato de la audiencia pública

Esta será una audiencia pública híbrida con participación presencial y a través de la plataforma en línea Zoom y la función de conferencia telefónica, con transmisión en vivo disponible en el sitio web de la audiencia de Proyectos de capital 2026 de la MTA **https://mta.info/2026-capital-projects-hearing.**

Inscripción para intervenir en la audiencia pública

Las personas interesadas en intervenir en la audiencia pública deben inscribirse previamente.
Cada orador registrado tendrá dos (2) minutos para hablar.
Para registrarse para hablar, puede 1) registrarse en línea en **https://mta.info/2026-capital-projects-hearing**, o 2) llamar a la **línea directa de la audiencia pública al (646) 252-6777** (los operadores telefónicos están disponibles de 6:00 a. m. a 10:00 p. m. todos los días) o 3) inscribirse en persona en la audiencia. Se pueden enviar comentarios por escrito y solicitar información adicional a través de las mismas opciones indicadas anteriormente. La inscripción se abre el 2 de enero de 2026 y se cierra a las 6:30 p. m. del 3 de febrero de 2026. Todos los comentarios por escrito deben enviarse antes de las 6:30 p. m. del 3 de febrero. Los comentarios se transcribirán y se incluirán como parte del registro permanente de esta audiencia.

Para ver una copia del MTA Program of Projects completo

La lista completa de proyectos que pueden financiarse en virtud de esta propuesta está disponible en el lugar y en el sitio web de la MTA, en **https://mta.info/2026-capital-projects-hearing**. Para recibir una copia traducida del MTA Program of Projects completo, póngase en contacto con nosotros antes del martes 3 de febrero de 2026.

La información sobre los lugares de consulta pública y los proyectos que pueden financiarse se puede encontrar en el sitio web de la MTA o poniéndose en contacto con la MTA en la dirección que figura a continuación. La MTA también publicará el programa definitivo de proyectos en su sitio web, https://mta.info/transparency/grant-management **https://mta.info/transparency/grant-management** para los proyectos financiados por la Sección 5307 cuando la FTA conceda las subvenciones del año fiscal federal 2026.

Otras formas de enviar comentarios o solicitar información

Por correo postal: Para enviar comentarios, solicitar información adicional o copias de la solicitud y el programa definitivo de proyectos que se presentará a la FTA, las cartas deben dirigirse a: **MTA Capital Program Funding / Grants Management, RE: 2026 Capital Projects Public Hearing, 2 Broadway, D16.94, New York, NY 10004.**

Servicios de accesibilidad y asistencia lingüística

En las audiencias públicas, se ofrecerán servicios de lenguaje de señas estadounidense (American Sign Language, ASL) y subtitulado de traducción en tiempo real de acceso a la comunicación (Communication Access Realtime Translation, CART).

Las personas sordas o que tengan problemas de audición pueden usar su servicio de retransmisión preferido o el servicio gratuito de retransmisión 711 para conectarse a la línea directa de la audiencia pública al (646) 252-6777.

Las personas ciegas o con baja visión pueden solicitar adaptaciones hasta el 26 de enero de 2026, a través de una solicitud en línea a **https://mta.info/2026-capital-projects-hearing** o llamando a la línea directa de audiencias públicas al (646) 252-6777.

Las personas que no dispongan de acceso a Internet pueden conectarse a la audiencia a través del seminario web de Zoom llamando al 1-646-828-7666 e introduciendo el Id. del seminario web: 160 726 7386, seguido del signo numeral (#).

Para asistencia lingüística u otras adaptaciones:
Envíe su solicitud al menos cinco días hábiles antes de la fecha de la audiencia por internet, por teléfono o por correo postal.

基本建设项目公开听证会

公开听证会

Metropolitan Transportation Authority 将代表 MTA New York City Transit 及其分支机构 - MTA Long Island Rail Road、MTA Metro-North Railroad、MTA Construction & Development 及 MTA Bus Company（合称"MTA"）举行公开听证会，以收集关于 2026 联邦财政年度 MTA 联邦拨款提案的意见。本次听证会将以混合形式进行，允许现场参与和通过 Zoom 的在线平台和电话会议功能以虚拟方式参加，届时活动将在 MTA 2026 年基本建设项目听证会网站上进行直播。

MTA 根据 U.S. Department of Transportation 的 Federal Transit Administration (FTA) 依据 United States Code, Title 49 的 49 条 5307、5309、5310、5337、5339 和 5340 章（"49 U.S.C. 5300 以下"）以及 Bipartisan Infrastructure Law（Surface Transportation Act 和获得联邦基金。纽约州州长、当地官员和国有公共运输服务运营商指定 MTA 为此类拨款的资金接收方。

申请的基金用于下述类别的基本建设项目，详细描述请参见 MTA Proposed Program of Projects。要查看 MTA's Program of Projects，请浏览：**https://mta.info/2026-capital-projects-hearing**，或致电下列联系电话。MTA 诚挚邀请并鼓励私人交通运输服务提供商提供意见和建议。该计划的基本建设改良项目通常在 MTA 网络或者州或城市所有物业内进行。物业收购或搬迁将根据相关法律和法规要求执行。本次听证会涉及的项目均纳入已获批的 2020-2024 年和 2025-2029 年的基本建设计划。

基本建设项目已获得（或预计将获得）纽约 metropolitan 区 Metropolitan Planning Organizations 的签字批准，并且符合 1990 年《清洁空气法案修正案 (Clean Air Act Amendments of 1990)》所规定的 State Implementation Plan (SIP) 要求。预计项目不会对环境产生重大不利影响。如果 FTA 准备针对任何提案项目发出正式的环境影响评价，MTA 将发布公告以发布环评。所有涉及高龄市民和残障人士的法规要求都将得到满足。

项目成本与联邦拨款之间的差额计划将通过以下一种或多种资金渠道补足：州、地方、附属机构（如 MTA Bridges and Tunnels 或 MTA）资金来源；依据联邦法规 (23 U.S.C. 120 (i)) 取得的通行费收入的非联邦项目股份贷款，或者物业出售或项目收入。

2025 联邦财政年度，MTA 已收到 9.254 亿美元的 5307 章基金、12.21 亿美元的 5337 章妥善维修 (Good Repair) 基金和 3080 万美元的 5339 章 Bus 和 Bus 设设施基金。2026 联邦财政年度的资金分配方案尚未公布。对于大多数资助类别，联邦基金通常必须获得相当于资助金额 20% 的当地资本援助份额。

项目类别及联邦资金申请预估金额（单位：百万美元）

LONG ISLAND RAIL ROAD

项目类别	百万美元
车站	$244.00
轨道	164.00
线路结构	44.00

信号和通信	65.00
电力	90.00
商店和场地	160.00
车库	220.00
服务车辆	25.00
杂项	425.00
SIRTOA	71.00
NYCT 合计	**$12,586.00**

MTA 申请资金总计	**$14,381.57**

混合公开听证会的日期、时间和地点

2026 年 2 月 3 日（星期二）
听证会将于 6:00 pm 开始
发言人报名时间：5:30 pm 开始，6:30 pm 结束

MTA Headquarters, 2 Broadway, 20th Floor, William J. Ronan Board Room, New York, NY 10004.

交通指南

乘坐 Subway：乘坐地铁前往 4 5 Bowling Green、R W Whitehall Street、1 South Ferry 或 J Z Broad Street。
乘坐 Bus：M15、M15 SBS、M20、M55、SIM1、SIM1C、SIM4C
乘坐 Staten Island Ferry：乘坐 Staten Island Ferry 至 South Ferry Terminal

公开听证会形式

这将是一场混合公开听证会，您可选择亲自参加以及通过 Zoom 的在线平台和电话会议功能参加，届时活动将会在 MTA 2026 年资本项目听证会网站上进行直播：
https://mta.info/2026-capital-projects-hearing。

公开听证会发言报名方式

有意在听证会上发言的人士需提前报名。**每位报名发言人的发言时间为两 (2) 分钟。**
如需报名发言，您可以：1) 线上报名，访问网址：**https://mta.info/2026-capital-projects-hearing**，或 2) 拨打**公开听证会热线 (646) 252-6777**
（客户服务代表的工作时间为每天 6 am 至 10 pm）或 3) 亲临听证会现场登记。书面意见可通过上述任一方式提交，如需咨询额外信息也可通过上述方式联系。报名将于 2026 年 1 月 2 日开始，2026 年 2 月 3 日 6:30 pm 结束。所有书面意见需在 2 月 3 日 6:30 pm 前提交。意见将被转录，并构成本次听证会的永久记录的一部分。

如需查阅完整的 MTA 项目计划

您可在现场和 MTA 网站 **https://mta.info/2026-capital-projects-hearing** 上找到一份符合该提案资助资格的项目完整列表。如需获取完整 MTA 项目计划的翻译版本，请于 2026 年 2 月 3 日（星期二）之前与我们联系。

您还可通过 MTA 网站或下列地址联系 MTA，获得有关公众参观地点和符合资助资格的项目的信息。MTA 也将在 FTA 支付 2026 财政年度的拨款后通过其网站
https://mta.info/transparency/grant-management 公布 5307 章资助项目的最终列表。

其他提交意见或申请信息的方式

邮寄：欲提交意见、补充信息或要求将项目申请和最终列表的复印件提交至 FTA，请致信：**MTA Capital Program Funding/Grants Management, RE: 2026 Capital Projects Public Hearing,**
2 Broadway, D16.94, New York, NY 10004.

无障碍和语言帮助服务

公开听证会提供美国手语 (ASL) 和 CART 字幕服务。

聋人或听力障碍人士可使用您首选的中继服务或免费的 711 中继服务，联系公开听证会热线 (646) 252-6777。

盲人或患有视力障碍的人士如需合理便利安排，请于 2026 年 1 月 26 日或之前，通过网站 **https://mta.info/2026-capital-projects-hearing** 在线提交申请，或拨打公开听证会热线
(646) 252-6777。

无网络访问条件的人士可拨打 Zoom 网络研讨会电话 1-646-828-7666，输入网络研讨会 ID：160 726 7386，以井号 (#) 键结束。

如需语言帮助或其他便利安排：
请在听证会日期前至少五个工作日，通过线上、电话或邮寄方式提交申请。

자본 사업 공청회

Metropolitan Transportation Authority는 MTA New York City Transit과 그 자회사들, 즉 MTA Long Island Rail Road, MTA Metro-North Railroad, MTA Construction & Development 및 MTA Bus Company (통칭하여 "MTA")를 대표하여, 연방 회계연도 2026년에 대한 MTA의 연방 보조금 신청안에 관해 의견을 수렴하고자 공청회를 개최할 예정입니다. 본 공청회는 대면 참석과 Zoom의 온라인 플랫폼 및 전화회의 기능을 통한 비대면 참석을 모두 허용하는 하이브리드 방식으로 진행되며, MTA 2026 자본 사업 공청회 웹사이트에서 실시간 중계도 제공됩니다.

MTA는 U.S. Department of Transportation 산하 Federal Transit Administration(FTA)의 권한에 따라 United States Code의 Title 49(49 U.S.C. 5300 이하) Sections 5307, 5309, 5310, 5337, 5339, 5340과 Bipartisan Infrastructure Law(Surface Transportation Act 및 기타 연방 지출승인법)에 의거하여 연방 자금을 지원받고 있습니다. New York 주 주지사, 지방 공무원, 대중교통 서비스를 운영하는 공기업은 MTA를 해당 보조금의 수령 기관으로 지정하였습니다.

요청 자금은 아래 명시된 자본 사업 범주에 사용될 예정이며, 그 세부 내용은 MTA Proposed Program of Projects에 보다 상세히 설명되어 있습니다. MTA Program of Projects는 **https://mta.info/2026-capital-projects-hearing**에 접속하거나 아래 기재된 연락처로 전화하여 확인할 수 있습니다. MTA는 민간 교통 서비스 제공업체의 의견 제출을 적극 권장하고 이를 수렴합니다. 이 프로그램에 따른 자본 개선은 일반적으로 MTA 네트워크 내 또는 주 정부나 시 소유의 부지에서 이루어집니다. 부지 취득 또는 이전은 관련 법률과 규제 요건에 따라 수행됩니다. 본 공청회에 포함된 사업들은 승인된 2020-2024년 및 2025-2029년 자본 프로그램의 일부입니다.

해당 자본 사업들은 New York 대도시권의 Metropolitan Planning Organizations의 승인을 이미 받았거나 받을 예정이며, 1990년 Clean Air Act 개정안에 따라 요구되는 State Implementation Plan(SIP)을 준수합니다. 이 사업들은 환경에 중대한 부정적 영향을 미칠 것으로 예상되지 않습니다. FTA가 제안된 사업 중 어느 하나에 대해 공식 환경영향평가서를 작성하는 경우, MTA는 해당 평가서를 공개하기 위한 공고를 발표할 예정입니다. 고령자 및 장애인과 관련된 모든 법적 요건은 충족될 것입니다.

사업 비용과 연방 보조금 간의 차액은 다음에 나열된 하나 이상의 재원으로부터 확보되는 자금으로 다음에 것으로 예상됩니다. 주 정부, 지방 정부 및 관계 기관의 자금(MTA Bridges and Tunnels 또는 MTA), 연방법(23 U.S.C. 120 (i))에 따라 통행료 수입으로 발생한 비연방 사업 분담금에 대한 인정액(credits), 또는 매각 대금이나 프로그램 수입.

연방 회계연도 2025년에 MTA는 제5307조 자금 9억 2,540만 달러, 제5337조 시설 상태 유지 자금 12억 2,100만 달러, 그리고 제5339조 Bus 및 Bus 시설 자금 3,080만 달러를 지원받았습니다. 연방 회계연도 2026년의 보조금 배정액(apportionment)은 아직 확정되지 않았습니다. 일반적으로 연방 자금은 대부분의 자금 지원 범주에 대하여 20%의 자본 보조금이 지방 분담금으로 충당되어야 합니다.

하이브리드 공청회 일자, 시간 및 장소

2026년 2월 3일 화요일
공청회는 오후 6:00에 시작합니다.
발언자 등록은 오후 5:30에 시작하여 오후 6:30에 종료됩니다.

MTA Headquarters, 2 Broadway, 20th Floor, William J. Ronan Board Room, New York, NY 10004.

오시는 길

Subway: 4 5 탑승 후 Bowling Green에서 하차, 또는 R W 탑승 후 Whitehall Street에서 하차,
또는 1 탑승 후 South Ferry 또는 2 2 문의해 Street에서 하차.
Bus: M15, M15 SBS, M20, M55, SIM1, SIM1C, SIM4C
Staten Island Ferry: Staten Island Ferry 탑승 후 South Ferry Terminal 도착

공청회 방식

본 공청회는 대면 참석과 Zoom의 온라인 플랫폼 및 전화회의 기능을 통한 비대면 참석을 모두 허용하는 하이브리드 공청회로 진행되며, MTA 2026 자본 사업 공청회 웹사이트 **https://mta.info/2026-capital-projects-hearing**에서 실시간 중계도 제공됩니다.

공청회 발언 등록

공청회에서 발언하기를 원하는 분들은 사전 등록을 해야 합니다.
등록된 각 발언자에게는 2분의 발언 시간이 주어집니다.

발언 등록을 하려면 1) **https://mta.info/2026-capital-projects-hearing**에서 온라인으로 등록하거나, 2) **공청회 핫라인 (646) 252-6777**로 전화하거나(전화 상담원은 매일 오전 6시부터 오후 10시까지 이용할 수 있습니다), 3) 공청회에서 직접 등록할 수 있습니다. 위에 나열된 방법들을 통해 서면 의견 제출 및 추가 정보 요청도 할 수 있습니다. 등록은 2026년 1월 2일에 시작하여 2026년 2월 3일 오후 6:30에 종료됩니다. 서면 의견은 모두 2월 3일 오후 6:30까지 제출되어야 합니다. 제출된 의견은 기록으로 옮겨져 본 공청회의 영구 기록의 일부로 포함됩니다.

Complete MTA Program of Projects 사본 열람

본 제안에 따라 자금 지원 대상이 되는 사업의 전체 목록은 현장 및 웹사이트 **https://mta.info/2026-capital-projects-hearing** 에서 확인할 수 있습니다. Complete MTA Program of Projects의 번역본을 받아 보시려면, 2026년 2월 3일 화요일까지 저희에게 문의해 주시기 바랍니다.

공개 열람 장소 및 자금 지원 대상 사업에 관한 정보는 MTA 웹사이트에서 확인하거나 아래에 기재된 주소로 MTA에 문의하여 확인할 수 있습니다. FTA가 연방 회계연도 2026년 보조금을 교부하면, MTA는 제5307조 자금이 지원되는 사업과 관련한 최종 사업계획서를 MTA 웹사이트 **https://mta.info/transparency/grant-management**에도 공개할 예정입니다.

추가 의견 제출 또는 정보 요청 방법

우편: 의견을 제출하거나, 추가 정보를 요청하거나, 신청서 및 FTA에 제출되어야 하는 최종 사업계획서 사본을 요청하려면, 다음 주소로 서신 발송 요망: **MTA Capital Program Funding / Grants Management, RE: 2026 Capital Projects Public Hearing, 2 Broadway, D16.94, New York, NY 10004.**

접근성 및 언어 지원 서비스

공청회에서 미국 수화 및 CART 자막 서비스를 이용할 수 있습니다.

청각 장애인이나 난청이 있는 분들은 선호하는 중계 서비스 또는 무료 711 중계 서비스를 이용하여 공청회 핫라인 (646) 252-6777번으로 연결할 수 있습니다.

시각 장애인이나 시력이 나쁘신 분들은 2026년 1월 26일까지 **https://mta.info/2026-capital-projects-hearing**에서 온라인으로 신청서를 제출하거나 공청회 핫라인 (646) 252-6777번으로 전화하여 편의 서비스를 신청할 수 있습니다.

인터넷에 접속할 수 없는 분들은 Zoom 웨비나 1-646-828-7666번으로 전화한 다음 웨비나 ID: 160 726 7386을 입력하고 우물 정 자(#)를 눌러 공청회에 참석할 수 있습니다.

언어 지원 또는 기타 편의 서비스:
공청회 일자로부터 영업일 기준 최소 5일 전까지 온라인, 전화 또는 우편으로 신청서를 제출해 주시기 바랍니다.

Odyans Piblik

ODYANS PIBLIK POU PWOJÈ ENFRASTRIKTI

Metropolitan Transportation Authority, sou non MTA New York City Transit ak filiyal li yo; MTA Long Island Rail Road; MTA Metro-North Railroad; MTA Construction & Development; ak MTA Bus Company (nou rele yo ansanm "MTA"), pral òganize yon odyans piblik pou mande kòmantè sou pwopozisyon sibvansyon federal MTA yo pou Ane Fiskal Federal 2026 la. Odyans sa a pral fèt nan yon fòma ibrid, sa ki pèmèt patisipasyon an pèsòn ak vityèl atravè platfòm anliy Zoom ak fonksyon konferans telefonik, epi li pral gen ladan l yon difizyon an dirèk sou sit entènèt odyans Pwojè Enfrastrikti MTA 2026 la.

MTA a resevwa lajan federal dapre Federal Transit Administration (FTA) ki pou U.S. Department of Transportation anba Seksyon 5307, 5309, 5310, 5337, 5339 ak 5340 nan Title49, United States Code (49 U.S.C. 5300 et seq.), ansanm ak Bipartisan Infrastructure Law (Surface Transportation Act ak lòt alokasyon federal). Gouvènè Eta Nouyòk la, otorite lokal yo, ak operatè sèvis transpò piblik yo chwazi MTA a kòm moun ki resevwa sibvansyon sa yo.

Lajan yo mande a se pou kategori pwojè enfrastrikti ki mansyone pi ba a epi ki dekri pi byen nan MTA Proposed Program of Projects. MTA Proposed Program of Projects a disponib pou w li sou **https://mta.info/2026-capital-projects-hearing** oswa lè w rele nimewo kontak nou bay pi ba a. MTA mande epi ankouraje kòmantè founisè transpò prive yo. Amelyorasyon enfrastrikti nan kad Pwogram sa a jeneralman fèt nan rezo MTA a oswa sou byen Eta oswa vil la. Acha byen oswa relokasyon yo pral fèt ann akò avèk lwa ak egzijans regilasyon ki enpòtan yo. Pwojè ki nan odyans sa a fè pati Pwogram Enfrastrikti 2020-2024 ak 2025-2029 ki te apwouve yo.

Metropolitan Planning Organizations pou rejyon metwopoliten Nouyòk la te apwouve pwojè enfrastrikti yo, oubyen yo prevwa apwouve yo, epi yo koresponn ak State Implementation Plan jan Amannman Lwa sou Lè Pwòp 1990 la egzije sa. Yo pa prevwa pwojè yo pral gen okenn gwo enpak negatif sou anviwònman an. Si FTA a prepare yon deklarasyon enpak anviwònman fòmèl sou nenpòt nan pwojè yo pwopoze yo, MTA a ap pibliye yon avi piblik pou rann deklarasyon an disponib. Yo pral respekte tout egzijans legal ki gen rapò ak granmoun aje yo ak moun ki andikape yo.

Yo prevwa kouvri nenpòt diferans ant pri pwojè yo ak montan sibvansyon federal la ak lajan ki disponib nan youn oswa plizyè nan sous ki annapre yo: Lajan ajans leta, lokal, ak afilye (tankou MTA Bridges and Tunnels oubyen MTA); kredi pou pati pwojè ki pa federal ki pwodui nan revni peyaj yo ann akò avèk lwa federal la (23 U.S.C. 120 (i)); oubyen lavant pwopriyete oubyen revni pwogram.

Nan Ane Fiskal Federal 2025 la, MTA te resevwa 925.4 milyon dola nan lajan Seksyon 5307 yo, 1.221 milya dola nan lajan Eta Bon Reparasyon Seksyon 5337 yo, ak 30.8 milyon dola nan lajan Bus ak Lokal Bus Seksyon 5339 yo. Repatisyon pou Ane Fiskal Federal 2026 la poko disponib. Anjeneral, pou pifò kategori finansman, fòk gen yon kontribisyon lokal ki egal a 20 pousan nan lajan federal yo pou asistans enfrastrikti.

Dat, Lè ak Kote Odyans Piblik Ibrid la ap fèt

Madi 3 fevriye 2026

Odyans lan kòmanse a 6:00 PM.
Enskripsyon moun k ap gen pou yo pale yo ap ouvri a 5:30 PM epi l ap fèmen a 6:30 PM.

MTA Headquarters, 2 Broadway, 20th Floor, William J. Ronan Board Room, New York, NY 10004.

Fason pou w ale

Pran Subway: Pran 4 5 pou ale Bowling Green; R W pou ale Whitehall Street; 1 pou ale South Ferry oswa J Z pou ale Broad Street.
Pran Bus: M15, M15 SBS, M20, M55, SIM1, SIM1C, SIM4C
Pran Staten Island Ferry: Pran Staten Island Ferry pou ale South Ferry Terminal

Fòma Odyans Piblik

Sa a pral yon odyans piblik ibrid ak patisipasyon an pèsòn ak atravè platfòm sou entènèt Zoom ak fonksyon konferans telefonik, ak yon difizyon an dirèk disponib sou sit entènèt odyans Pwojè Enfrastrikti MTA 2026 la **https://mta.info/2026-capital-projects-hearing.**

Enskri pou w pale nan Odyans Piblik la

Moun ki enterese pou pale nan odyans piblik la dwe enskri davans. **Chak moun k ap pale ki enskri gen de (2) minit pou l pale.**

Pou w enskri pou w pale ou ka 1) enskri anliy sou **https://mta.info/2026-capital-projects-hearing**, oswa 2) rele **Liy Dirèk Odyans Piblik la nan (646) 252-6777** (Ajan nan telefòn yo ap disponib soti 6 a.m. rive 10 p.m. chak jou) oswa 3) enskri an pèsòn nan odyans lan. Ou ka voye kòmantè ekri epi mande plis enfòmasyon atravè menm opsyon ki mansyone pi wo a. Enskripsyon ap ouvri 2 janvye 2026, e l ap fèmen a 6:30 p.m. 3 fevriye 2026. Nou dwe voye tout kòmantè ekri yo anvan 6:30 pm 3 fevriye. Yo pral transkri kòmantè yo epi mete yo kòm yon pati nan dosye pèmanan odyans sa a.

Pou w wè yon kopi pwogram pwojè konplè MTA a

Yon lis konplè pwojè ki kalifye pou finansman nan kad pwopozisyon sa a disponib sou plas ak sou sit entènèt MTA a sou**https://mta.info/2026-capital-projects-hearing**. Pou w resevwa yon kopi Pwogram Pwojè Konplè MTA a ki tradui, tanpri kontakte nou anvan madi 3 fevriye 2026.

Ou ka jwenn enfòmasyon sou anplasman piblik la ka gade ak sou pwojè ki kalifye pou finansman sou sit entènèt MTA a oubyen lè w kontakte MTA a nan adrès ki pi ba a. MTA pral mete pwogram final pwojè yo disponib tou sou sit entènèt li a sou **https://mta.info/transparency/grant-management** pou pwojè Seksyon 5307 yo finanse lè FTA a bay sibvansyon federal pou ane fiskal 2026 la.

Lòt fason pou w fè kòmantè oswa mande enfòmasyon

Pa lapòs: Pou w voye kòmantè, pou plis enfòmasyon, oswa pou w mande kopi aplikasyon a ak pwogram final pwojè yo pou w voye bay FTA a, lèt yo dwe ale nan adrès sa a: **MTA Capital Program Funding / Grants Management, RE: 2026 Capital Projects Public Hearing, 2 Broadway, D16.94, New York, NY 10004.**

Aksesiblite ak Sèvis Asistans Lang

Nan odyans piblik yo, ap gen sèvis Lang Siy Ameriken ak Soutitraj CART k ap disponib.

Pou moun ki soud oswa ki gen pwoblèm pou yo tande ka itilize sèvis transmisyon yo prefere a oswa sèvis transmisyon 711 gratis la pou yo konekte ak Liy Dirèk Odyans Piblik la nan (646) 252-6777.

Pou Moun ki Avèg oswa ki Pa Wè byen ka mande aranjman nan dat oswa anvan 26 janvye 2026, voye yon demann sou entènèt sou **https://mta.info/2026-capital-projects-hearing** oswa y ap rele Liy Dirèk Odyans Piblik la nan (646) 252-6777.

Pou moun ki pa gen aksè ak Entènèt ka antre nan odyans lan lè yo rele reyinyon Zoom nan ki nan nimewo 1-646-828-7666 epi antre ID Reyinyon an: 160 726 7386, epi peze siy dyèz la (#).

Pou asistans lang oswa lòt aranjman:
Tanpri voye yon demann omwen senk jou ouvrab anvan dat odyans lan sou entènèt, pa telefòn, oswa pa lapòs.

Public Hearing

CAPITAL PROJECTS PUBLIC HEARING

The Metropolitan Transportation Authority, on behalf of MTA New York City Transit and its subsidiaries; MTA Long Island Rail Road; MTA Metro-North Railroad; MTA Construction & Development; and MTA Bus Company (collectively referred to as the "MTA"), will hold a public hearing to solicit comments on MTA's federal grant proposals for Federal Fiscal Year 2026. This hearing will be conducted in a hybrid format, allowing participation both in-person and virtually via Zoom's online platform and conference call feature, and will include a livestream on the MTA 2026 Capital Projects hearing website.

The MTA receives federal funds pursuant to the Federal Transit Administration (FTA) of the U.S. Department of Transportation under Sections 5307, 5309, 5310, 5337, 5339 and 5340 of Title 49, United States Code (49 U.S.C. 5300 et seq.), as well as the Bipartisan Infrastructure Law (Surface Transportation Act and other federal appropriations). The Governor of the State of New York, local officials, and publicly owned operators of mass transportation services have designated the MTA to be the recipient of these grants.

The requested funds are for categories of capital projects listed below and more fully described in the MTA Proposed Program of Projects. The MTA's Program of Projects is available for review at **https://mta.info/2026-capital-projects-hearing** or by calling the contact number provided below. The MTA solicits and encourages the comments of private transportation providers. Capital improvements under this Program generally take place within the MTA network or on State or city-owned property. Property acquisitions or relocations will be carried out in accordance with relevant laws and regulatory requirements. The projects included in this hearing are part of the approved 2020-2024 and 2025-2029 Capital Programs.

The capital projects have been, or expected to be, endorsed by the Metropolitan Planning Organizations for the New York metropolitan region and comply with the State Implementation Plan (SIP) as required by the Clean Air Act Amendments of 1990. The projects are not anticipated to have any significant adverse environmental impact. If the FTA prepares a formal environmental impact statement on any of the proposed projects, the MTA will issue a public notice to make the statement available. All legal requirements related to senior citizens and individuals with disabilities will be met.

It is anticipated that any difference between the projects' cost and the federal grant amount will be covered through funds that are made available by any one or more of the following sources: State, local, affiliated agency funds (such as MTA Bridges and Tunnels or MTA); credits for non-federal project shares generated from toll revenues in accordance with federal statute (23 U.S.C. 120 (i)); or sales of property or program income.

In Federal Fiscal Year 2025, MTA received $925.4 million of Section 5307 funds, $1.221 billion of Section 5337 State of Good Repair funds, and $30.8 million of Section 5339 of Bus and Bus Facilities funds. Apportionments from Federal Fiscal Year 2026 are not yet available. Federal funds must generally be matched by a local share contribution for capital assistance of 20 percent for most funding categories.

Date, Time and Location of the Hybrid Public Hearing

Tuesday, February 3, 2026
Hearing begins at 6:00 P.M.
Speaker registration opens at 5:30 P.M. and closes at 6:30 P.M.

MTA Headquarters, 2 Broadway, 20th Floor, William J. Ronan Board Room, New York, NY 10004.

Directions

By Subway: Take the 4 5 to Bowling Green; R W to Whitehall Street; 1 to South Ferry or J Z to Broad Street.
By Bus: M15, M15 SBS, M20, M55, SIM1, SIM1C, SIM4C
By Staten Island Ferry: Take the Staten Island Ferry to South Ferry Terminal

Public Hearing Format

This will be a hybrid public hearing with in-person participation as well as via Zoom's online platform and conference call feature, with a livestream available on the MTA 2026 Capital Projects hearing website **https://mta.info/2026-capital-projects-hearing.**

Registering to Speak at the Public Hearing

Those interested in speaking at the public hearing must pre-register. **Each registered speaker will have two (2) minutes to speak.**

To register to speak you may 1) register online at **https://mta.info/2026-capital-projects-hearing**, or 2) call the **Public Hearing Hotline at (646) 252-6777** (Telephone agents are available from 6 a.m. to 10 p.m. daily) or 3) sign up in person at the hearing. Written comments may be submitted and additional information requested through the same options listed above. Registration opens on January 2, 2026, and closes at 6:30 p.m. on February 3, 2026. All written comments must be submitted by 6:30 pm February 3rd. Comments will be transcribed and included as part of the permanent record of this hearing.

To View a Copy of the Complete MTA Program of Projects

A complete list of projects eligible for funding under this proposal is available onsite and on the MTA Website at **https://mta.info/2026-capital-projects-hearing**. To receive a translated copy of the Complete MTA Program of Projects, please contact us by Tuesday, February 3, 2026.

Information on public viewing locations and on the projects eligible for funding can be found on the MTA website or by contacting the MTA at the address below. The MTA will also make the final program of projects available on its website at **https://mta.info/transparency/grant-management** for Section 5307 funded projects when the FTA awards the Federal Fiscal Year 2026 grants.

Additional Ways to Comment or Request Information

By Postal Mail: To submit comments, for additional information, or to request copies of the application and final program of projects to be submitted to the FTA, letters should be addressed to: **MTA Capital Program Funding / Grants Management, RE: 2026 Capital Projects Public Hearing, 2 Broadway, D16.94, New York, NY 10004.**

Accessibility and Language Assistance Services

At the public hearing, American Sign Language (ASL) and CART Captioning services will be available.

For Individuals Who Are Deaf or Hard of Hearing can use your preferred relay service or the free 711 relay service to connect to the Public Hearing Hotline at (646) 252-6777.

For Individuals Who Are Blind or Have Low Vision can request accommodations on or before January 26, 2026, submitting a request on line at **https://mta.info/2026-capital-projects-hearing** or by calling the Public Hearing Hotline at (646) 252-6777.

For Those Without Internet Access can dial into the hearing by calling the Zoom webinar at 1-646-828-7666 then enter Webinar ID: 160 726 7386, followed by the pound (#) sign.

For Language assistance or other accommodation:
Please submit a request at least five business days before the hearing date online, by telephone, or by postal mail.

ОБЩЕСТВЕННЫЕ СЛУШАНИЯ НА ТЕМУ КАПИТАЛЬНЫХ ПРОЕКТОВ

Metropolitan Transportation Authority от имени MTA New York City Transit и ее дочерних компаний; MTA Long Island Rail Road; MTA Metro-North Railroad; MTA Construction & Development; и MTA Bus Company (совместно именуемые «MTA») проведет публичные слушания с целью сбора комментариев по предложениям MTA в том, что касается федеральных грантов на 2026 финансовый год. Эти слушания будут проводиться в гибридном формате, что позволит участвовать в них как очно, так и виртуально через онлайн-платформу Zoom и функцию конференц-связи, а также будут включать прямую трансляцию на веб-сайте MTA, посвященном слушаниям на тему капитальных проектов 2026 года.

MTA получает федеральные средства от Federal Transit Administration (FTA) при U.S. Department of Transportation в соответствии с разделами 5307, 5309, 5310, 5337, 5339 и 5340 Title 49, United States Code (49 U.S.C. 5300 и далее), а также в соответствии Bipartisan Infrastructure Law (Surface Transportation Act другие федеральные ассигнования). Губернатор штата Нью-Йорк, местные чиновники и государственные операторы услуг общественного транспорта назначили MTA в качестве получателя этих грантов.

Запрашиваемые средства предназначены для перечисленных ниже категорий капитальных проектов, более подробно описанных в MTA Proposed Program of Projects. С программой проектов MTA Program of Projects можно ознакомиться на сайте **https://mta.info/2026-capital-projects-hearing** или позвонив по контактному номеру телефона, указанному ниже. MTA приглашает частных операторов общественного транспорта к участию в обсуждении и приветствует их комментарии. Капитальные улучшения в рамках этой программы, как правило, осуществляются в сети MTA или на территории и объектах, принадлежащих штату или городу. Приобретение или перемещение имущества будет осуществляться в соответствии с действующим законодательством и нормативными требованиями. Проекты, включенные в это слушание, являются частью утвержденных капитальных программ на 2020-2024 и 2025-2029 годы.

Капитальные проекты были или, как ожидается, будут одобрены Metropolitan Planning Organizations для городской агломерации Нью-Йорка и соответствуют требованиям State Implementation Plan (SIP), как того требуют поправки к Закону о чистом воздухе 1990 года. Проекты не должны оказать значительного негативного воздействия на окружающую среду. Если FTA подготовит официальное заявление о воздействии на окружающую среду по любому из предлагаемых проектов, MTA опубликует публичное уведомление, чтобы сделать это заявление доступным. Все юридические требования, касающиеся пожилых граждан и лиц с ограниченными возможностями, будут выполнены.

Предполагается, что любая разница между стоимостью проектов и суммой федеральной субсидии будет покрыта за счет средств, предоставляемых одним или несколькими из следующих источников: фонды штата, местных органов власти, аффилированных агентств (таких как MTA Bridges and Tunnels или MTA); кредиты на нефедеральные доли проектов, полученные от доходов от сборов в соответствии с федеральным законом (23 U.S.C. 120 (i)), или продажа имущества или доходы от программ.

В 2025 федеральном финансовом году MTA получила 925,4 млн долларов из фондов, предусмотренных разделом 5307, 1,221 млрд долларов из фондов, предусмотренных разделом 5337 «Поддержание надлежащего состояния», и 30,8 млн долларов из фондов, предусмотренных разделом 5339 «Bus и инфраструктура автобусного транспорта». Распределение средств из федерального финансового года 2026 еще не доступно. Федеральные средства, как правило, должны сопровождаться местным софинансированием в размере 20 % для большинства категорий финансирования.

Дата, время и место гибридных общественных слушаний

Вторник, 3 февраля 2026 года.

Слушания начнутся в 18:00.
Регистрация выступающих начнется в 17:30 и закончится в18:30.

MTA Headquarters, 2 Broadway, 20th Floor, William J. Ronan Board Room, New York, NY 10004.

Как добраться

На Subway: Воспользуйтесь линией 4 5 до Bowling Green; R W до Whitehall Street; 1 до South Ferry или J Z до Broad Street.
На Bus: M15, M15 SBS, M20, M55, SIM1, SIM1C, SIM4C
На Staten Island Ferry: Доезжайте на Staten Island Ferry до South Ferry Terminal

Формат общественных слушаний

Это будет гибридное общественное слушание, в котором можно будет принять участие как очно, так и через онлайн-платформу Zoom и с помощью функции конференц-связи, при этом прямая трансляция будет доступна на веб-сайте MTA на тему капитальных проектов 2026 года: **https://mta.info/2026-capital-projects-hearing.**

Регистрация выступающих на общественных слушаниях

Все, кто заинтересован выступить на общественных слушаниях, должны пройти предварительную регистрацию. **У каждого зарегистрированного выступающего будет две (2) минуты на то, чтобы выступить.**

Чтобы зарегистрироваться для выступления, вы можете 1) зарегистрироваться онлайн на **https://mta.info/2026-capital-projects-hearing,** или 2) позвонить на **горячую линию по вопросам общественных слушаний по номеру (646) 252-6777** (агенты горячей линии доступны с 06:00 до 22:00 каждый день) или 3) зарегистрироваться лично на слушаниях. Письменные комментарии могут быть представлены, а дополнительная информация запрошена с помощью тех же средств, что и указаны выше. Регистрация открывается 2 января 2026 г. и закрывается в 18:30 3 февраля 2026 г. Все письменные комментарии должны быть представлены до 18:30 3 февраля. Комментарии будут записаны и включены в постоянный протокол данного слушания.

Чтобы просмотреть копию полной программы проектов MTA

Полный список проектов, имеющих право на финансирование в рамках данного предложения, доступен на месте проведения слушаний и на веб-сайте MTA по адресу **https://mta.info/2026-capital-projects-hearing.** Чтобы получить переведенную копию полной программы проектов MTA, свяжитесь с нами до вторника, 3 февраля 2026 года.

Информацию о местах общественного просмотра и о проектах, имеющих право на финансирование, можно найти на веб-сайте MTA или связавшись с MTA по адресу, указанному ниже. MTA также разместит окончательную программу проектов на своем веб-сайте по адресу **https://mta.info/transparency/grant-management для проектов, финансируемых в соответствии с разделом 5307, когда FTA выделит гранты на 2026 федеральный финансовый год.**

Дополнительные способы подачи комментариев или запроса информации

По почте: Для подачи комментариев, получения дополнительной информации или запроса копий заявки и окончательной программы проектов, которые будут представлены в FTA, письма следует направлять по адресу: **MTA Capital Program Funding / Grants Management, RE: 2026 Capital Projects Public Hearing, 2 Broadway, D16.94, New York, NY 10004.**

Услуги по обеспечению доступности и языковой поддержки

На публичных слушаниях будут доступны услуги американского жестового языка (ASL) и субтитры по системе CART.

Лица с полной или частичной потерей слуха могут воспользоваться предпочитаемой службой ретрансляции или бесплатной службой ретрансляции 711 для подключения к горячей линии публичных слушаний по номеру (646) 252-6777.

Лица с полной или частичной потерей зрения, могут запросить специальные условия до 26 января 2026 г., отправив запрос онлайн по адресу https://mta.info/2026-capital-projects-hearing или позвонив по горячей линии публичных слушаний по номеру (646) 252-6777.

Лица, не имеющие доступа к интернету, могут подключиться к слушанию, позвонив по номеру вебинара Zoom 1-646-828-7666 и введя идентификатор вебинара: 160 726 7386, а затем знак решетки (#).

Для получения языковой помощи или других мер адаптации для лиц с ограниченными возможностями:
Отправьте запрос не позднее чем за пять рабочих дней до даты слушания онлайн, по телефону или по почте.

গণ-শুনানি

ক্যাপিটাল প্রজেক্টের গণ-শুনানি

Metropolitan Transportation Authority, MTA New York City Transit এবং এর সহযোগী সংস্থা; MTA Long Island Rail Road; MTA Metro-North Railroad; MTA Construction & Development; এবং MTA Bus Company (সম্মিলিতভাবে "MTA" নামে পরিচিত) এর পক্ষে, 2026 সালের ফেডারেল অর্থবছরের জন্য MTA-এর ফেডারেল অনুদান প্রস্তাবের উপর মন্তব্য জানাতে একটি জন শুনানি করবে। এই শুনানিটি একটি হাইব্রিড ফর্ম্যাটে পরিচালিত হবে, যার মাধ্যমে Zoom-র অনলাইন প্ল্যাটফর্ম এবং কনফারেন্স কল বৈশিষ্ট্যের মাধ্যমে সশরীরে এবং ভার্চুয়াল উভয়ভাবেই অংশগ্রহণ করা যাবে এবং MTA 2026 ক্যাপিটাল প্রজেক্টস শুনানির ওয়েবসাইটে একটি লাইভস্ট্রিম অন্তর্ভুক্ত থাকবে।

U.S. Department of Transportation-এর Federal Transit Administration (FTA) অনুসারে, Title 49, United States Code (49 U.S.C. 5300 et seq.) এর ধারা 5307, 5309, 5310, 5337, 5339 এবং 5340, এবং Bipartisan Infrastructure Law (Surface Transportation Act এবং অন্যান্য ফেডারেল বরাদ্দ) অনুসারে MTA ফেডারেল ফান্ড গ্রহণ করে। নিউ ইয়র্ক স্টেটের গভর্নর, স্থানীয় কর্মকর্তারা এবং গণপরিবহন পরিষেবার সরকারি মালিকানাধীন অপারেটররা MTA-কে এই অনুদানের প্রাপক হিসেবে মনোনীত করেছেন।

অনুরোধকৃত তহবিলগুলি নীচে তালিকাভুক্ত মূলধন প্রকল্পের বিভাগগুলির জন্য এবং MTA Proposed Program of Projects-এ আরও সম্পূর্ণরূপে বর্ণিত। MTA's Program of Projects পর্যালোচনার জন্য **https://mta.info/2026-capital-projects-hearing** লিঙ্কে উপলভ্য রয়েছে অথবা নিচে দেওয়া যোগাযোগ নম্বরে ফোন করেও জানা যেতে পারে। MTA বেসরকারি পরিবহন সরবরাহকারীদের মতামত কামনা করে এবং উৎসাহিত করে। এই প্রোগ্রামের আওতায় মূলধনী উন্নয়নমূলক কাজ সাধারণত MTA নেটওয়ার্কের ভেতরে অথবা রাজ্য বা শহরের মালিকানাধীন সম্পত্তিতে সম্পন্ন হয়। সম্পত্তি অধিগ্রহণ বা স্থানান্তর প্রাসঙ্গিক আইন এবং নিয়ন্ত্রক প্রয়োজনীয়তা অনুসারে সম্পন্ন করা হবে। এই শুনানিতে অন্তর্ভুক্ত প্রকল্প অনুমোদিত 2020-2024 ও 2025-2029 ক্যাপিটাল প্রোগ্রামের অংশ।

মূলধন প্রকল্পগুলি নিউ ইয়র্ক মেট্রোপলিটন অঞ্চলের জন্য Metropolitan Planning Organizations দ্বারা অনুমোদিত হয়েছে, বা প্রত্যাশিত, এবং 1990 সালের ক্লিন এয়ার অ্যাক্ট সংশোধনী অনুসারে State Implementation Plan (SIP) মেনে চলে। প্রকল্পগুলি পরিবেশগতভাবে উল্লেখযোগ্যভাবে কোনও প্রতিকূল প্রভাব ফেলবে বলে আশা করা হচ্ছে না। যদি FTA প্রস্তাবিত কোনও প্রকল্পের উপর একটি আনুষ্ঠানিক পরিবেশগত প্রভাব বিবৃতি প্রস্তুত করে, তাহলে MTA বিবৃতিটি উপলভ্য করার জন্য একটি পাবলিক নোটিশ জারি করবে। প্রবীণ নাগরিক এবং প্রতিবন্ধী ব্যক্তিদের সাথে সম্পর্কিত সমস্ত আইনি প্রয়োজনীয়তা পূরণ করা হবে।

প্রকল্পের খরচ এবং ফেডারেল অনুদানের পরিমাণের মধ্যে যেকোনো পার্থক্য নিম্নলিখিত যেকোনো এক বা একাধিক উৎস থেকে উপলভ্য তহবিলের মাধ্যমে পূরণ করা হবে বলে আশা করা হচ্ছে: স্টেট, স্থানীয়, অনুমোদিত সংস্থার তহবিল (যেমন MTA ব্রিজেস অ্যান্ড টানেল বা MTA); ফেডারেল আইন (23 U.S.C. 120 (i)) অনুসারে টোল রাজস্ব থেকে উৎপন্ন নন-ফেডারেল প্রকল্পের শেয়ারের জন্য ক্রেডিট; অথবা সম্পত্তি বিক্রয় বা প্রোগ্রামের আয়।

2025 সালের ফেডারেল অর্থবছরে, MTA ধারা 5337 তহবিলের $925.4 মিলিয়ন ডলার, ধারা 5337 স্টেট অফ গুড রিপেয়ার তহবিলের $1.221 বিলিয়ন ডলার এবং Bus ও Bus সুবিধা তহবিলের ধারা 5339 এর $30.8 মিলিয়ন ডলার পেয়েছে। 2026 সালের ফেডারেল অর্থবছরের বন্টন এখনও পাওয়া যায়নি। বেশিরভাগ অর্থায়ন বিভাগের ক্ষেত্রে মূলধনী সহায়তার জন্য প্রাপ্ত ফেডারেল তহবিল সাধারণত 20 শতাংশ স্থানীয় অংশীদারিত্বের মাধ্যমে মেলাতে হয়।

প্রকল্পের শ্রেণিবিভাগ / আনুমানিক ফেডারেল অনুরোধ (মিলিয়ন ডলারে)

হাইব্রিড গণশুনানির তারিখ, সময় এবং লোকেশন

মঙ্গলবার, 3 ফেব্রুয়ারি, 2026
শুনানি শুরু হবে 6:00 P.M.
স্পিকার রেজিস্ট্রেশন 5:30 P.M খোলে এবং 6:30 P.M-এ বন্ধ হয়।

MTA Headquarters, 2 Broadway, 20th Floor, William J. Ronan Board Room, New York, NY 10004।

নির্দেশ

Subway দিয়ে: বোলিং গ্রিনে যেতে 4 5 নিন; হোয়াইটহল স্ট্রিটে যেতে R W নিন; Ferry-তে যেতে 1 অথবা J Z ব্রড স্ট্রিট নিন।
Bus-এ করে: M15, M15 SBS, M20, M55, SIM1, SIM1C, SIM4C
Statet Island Ferry-র মাধ্যমে: Staten Island Ferry ধরে South Ferry Terminal-এ যান

গণ শুনানির ফরম্যাট

এটি একটি হাইব্রিড গণশুনানি হবে যেখানে সশরীরে অংশগ্রহণের পাশাপাশি জুমের অনলাইন প্ল্যাটফর্ম এবং কনফারেন্স কল বৈশিষ্ট্যের মাধ্যমেও অংশগ্রহণ করা হবে, যার লাইভস্ট্রিম MTA 2026 ক্যাপিটাল প্রজেক্টস শুনানির ওয়েবসাইট **https://mta.info/2026-capital-projects-hearing**-এ উপলভ্য।

গণশুনানিতে বক্তৃতা দেওয়ার জন্য রেজিস্টার করা

গণশুনানিতে বক্তব্য রাখতে আগ্রহীদের অবশ্যই রেজিস্ট্রেশনের আগে করতে হবে। **প্রতিটি রেজিস্টার করা বক্তা বক্তব্য রাখার জন্য দুই (2) মিনিট সময় পাবেন।**

বক্তৃতা দেওয়ার জন্য রেজিস্টার করতে আপনি 1) https://mta.info/2026-capital-projects- hearing এই ঠিকানায় অনলাইনে রেজিস্টার করতে পারেন, অথবা 2) **পাবলিক হিয়ারিং হটলাইনে (646) 252-6777 নম্বরে** কলকরতে পারেন (টেলিফোন এজেন্টরা প্রতিদিন 6 a.m. থেকে 10 p.m পর্যন্ত উপলভ্য) অথবা 3) শুনানিতে ব্যক্তিগতভাবে সাইন আপ করতে পারেন। উপরে তালিকাভুক্ত একই বিকল্পের মাধ্যমে লিখিত মন্তব্য জমা দেওয়া যেতে পারে এবং অতিরিক্ত তথ্যের জন্য অনুরোধ করা যেতে পারে। রেজিস্ট্রেশন শুরু হবে 2 জানুয়ারি, 2026 তারিখে এবং শেষ হবে 3 ফেব্রুয়ারি, 2026 তারিখে 6:30 p.m.-এ। সমস্ত লিখিত মন্তব্য 3 ফেব্রুয়ারি 6:30 pm-এর মধ্যে জমা দিতে হবে। মন্তব্য কপি করা হবে এবং এই শুনানির স্থায়ী রেকর্ডের অংশ হিসেবে অন্তর্ভুক্ত করা হবে।

সম্পূর্ণ MTA প্রকল্পের প্রোগ্রামের একটি কপি দেখতে

এই প্রস্তাবের মধ্যে ফান্ডের জন্য যোগ্য প্রকল্পের সম্পূর্ণ তালিকা অনসাইট এবং MTA ওয়েবসাইট **https://mta.info/2026-capital-projects-hearing** এ পাওয়া যাবে। সম্পূর্ণ MTA প্রকল্প কর্মসূচির একটি অনুদিত কপি পেতে, অনুগ্রহ করে মঙ্গলবার, 3 ফেব্রুয়ারি, 2026 এর মধ্যে আমাদের সাথে যোগাযোগ করুন।

জনসাধারণের দেখার স্থান এবং তহবিলের জন্য যোগ্য প্রকল্প সম্পর্কে তথ্য MTA ওয়েবসাইটে পাওয়া যাবে অথবা নীচের ঠিকানায় MTA-এর সাথে যোগাযোগ করে পাওয়া যাবে। FTA যখন ফেডারেল অর্থবছর 2026 অনুদান প্রদান করবে, তখন MTA তার ওয়েবসাইটে **https://mta.info/transparency/grant-management**-এ ধারা 5307 অর্থায়িত প্রকল্পের জন্য প্রকল্পগুলির চূড়ান্ত কর্মসূচিও উপলভ্য করবে।

মন্তব্য করার বা তথ্য অনুরোধ করার অতিরিক্ত উপায়

ডাকযোগে: মন্তব্য জমা দিতে, অতিরিক্ত তথ্যের জন্য, অথবা FTA-তে জমা দেওয়া প্রকল্পের আবেদনপত্র এবং চূড়ান্ত কর্মসূচির কপির জন্য অনুরোধ করতে, চিঠি নিম্নলিখিত ঠিকানায় পাঠাতে হবে: **MTA Capital Program Funding / Grants Management, RE: 2026 Capital Projects Public Hearing, 2 Broadway, D16.94, New York, NY 10004.**

অ্যাক্সেসিবিলিটি এবং ভাষা সহায়তা পরিষেবা

গণশুনানিতে, আমেরিকান সাইন ল্যাঙ্গুয়েজ (ASL) এবং CART ক্যাপশনিং পরিষেবা উপলভ্য থাকবে।

বধির বা শ্রবণশক্তিহীন ব্যক্তিরা আপনার পছন্দের রিলে পরিষেবা অথবা বিনামূল্যে 711 রিলে পরিষেবা ব্যবহার করে (646) 252-6777 নম্বরে পাবলিক হিয়ারিং হটলাইনে যোগাযোগ করতে পারেন।

অন্ধ বা কম দৃষ্টিশক্তিসম্পন্ন ব্যক্তিরা 26 জানুয়ারি, 2026 তারিখের মধ্যে বা তার আগে **https://mta.info/2026-capital-projects-hearing** ঠিকানায় অনলাইনে অনুরোধ জমা দিয়ে অথবা (646) 252-6777 নম্বরে পাবলিক হিয়ারিং হটলাইনে কল করে আবাসনের জন্য অনুরোধ করতে পারবেন।

যাদের ইন্টারনেট অ্যাক্সেস নেই তারা 1-646-828-7666 নম্বরে জুম ওয়েবিনারে কল করে শুনানিতে যোগ দিতে পারেন এবং তারপর ওয়েবিনার ID লিখুন: 160 726 7386, এরপর পাউন্ড (#) চিহ্ন।

ভাষাগত সহায়তা বা অন্যান্য সুবিধার জন্য:
শুনানির তারিখের কমপক্ষে পাঁচ কর্মদিবস আগে অনলাইনে, টেলিফোনে, অথবা ডাকযোগে একটি অনুরোধ জমা দিন।

HEARING OFFICER SOPHIA-LAFRANCE BROOKS: Good evening, everyone. Before we begin the public hearing, we will play our emergency evacuation procedure announcement.

AUTO: Your safety is of the foremost importance to the MTA. Therefore, we ask that you listen and adhere to the following instructions. If you witness an emergency, notify emergency personnel in the room and call 911 immediately. Please follow any audible instructions provided through the public address system or visually on screens in the event of an emergency. If an alarm sounds, wait for a public address announcement and follow instructions. If told to go to another floor, or to evacuate the building, leave all unessential items behind and use stairwell A just across the main hallway, or stairwell B down the hallway past the elevators. If you have a mobility disability or cannot self-evacuate, please proceed to stairwell D or E for assistance by MTA staff or emergency personnel. An automated external defibrillator, AED, for use by trained personnel is in the main hallway just past the elevators. If you need assistance during an evacuation, please tell an MTA staff member or emergency personnel. Thank you and have a safe day.

HEARING OFFICER BROOKS: Now, we will begin the Capital Project Public Hearing. For the record, today is February 3rd, 2026, and the time is 6:03 p.m. My name is Sophia-LaFrance Brooks, and I'm the Assistant Director of MTA, Government and

Community Relations, and I'll be tonight's public hearing officer. Tonight's public hearing provides the public with an opportunity to comment on the MTA Federal Grant proposals for federal fiscal year 2026. The hearing is being held in a hybrid format with option to participate in person as well as virtually via Zoom online platform. This hearing is being live streamed and recorded and will be available publicly on the MTA YouTube channel and Capital Projects webpage at mta.info/2026-capital-projects-hearings. CART captioning, and remote American sign language interpreters are available at today's hearing. For our virtual attendees, to turn on CART captioning, please use the CC button on the bottom of the screen. Sign language Interpreters will appear on the screen for all attendees. To hear the translated audio, use the interpretation button on the bottom of the screen. Please note that each speaker is limited to two minutes. We ask that speakers keep to their remarks to the two minute timeframe out of respect for all other speakers. As a reminder, we ask that all public speakers adhere to the MTA Rules of Conduct and Decorum. We will now begin with opening remarks from Tiana Grimes, Director of Capital Funding Management.

MS. TIANA M. GRIMES: Good evening. My name is Tiana Grimes and I'm the Director of Capital Funding Management for the Metropolitan Transportation Authority. I would like to welcome you to the Capital Projects Public Hearing for the Federal fiscal year 2026. I will begin this public hearing by reading a

prepared statement, which will become part of the hearings public record. I would like to note that a transcript of this hearing will be made and a copy will be supplied to each MTA board member. Before we proceed with the technical details of today's Capital project's public hearing, it is important to note the significance of federal funding and its impact on New York's transit system. The MTA receives both formula and discretionary and competitive grants from the federal government. With an annual allocation of approximately two to two and a half billion dollars in federal support, these funds play a critical role in sustaining and advancing capital projects that keep the region's transportation network operating efficiently. As New York has a long history of being a donor state, contributing more in federal taxes than it receives in funding, this hearing provides an oppo-- important opportunity to underscore the essential role of federal investment in maintaining and modernizing the MTA's infrastructure. Looking ahead, the approved $68.4 billion 2025 to 2029 Capital Program is expected to utilize approximately 14 billion in federal funds, accounting for about 20 percent of the programs total funding. These investments support a transit network that carries approximately 43 percent of all US mass transit riders, reinforcing the MTAs national significance and the critical need for continued federal partnership. This year, we are at a particularly important juncture as Congress is working on the reauthorization of surface transportation funding,

including Mass Transit, the infrastructure investment in Jobs Act or IIJA, which has been critical in supporting the two to two and a half billion dollars in annual federal funding for the MTA is set to expire later this year. It is essential that the next authorization preserves or enhances these funding levels so the MTA can continue delivering vital capital investments for the region. This hearing is an opportunity for the members of the public to comment on the proposals. Representatives of the MTA are here to listen and record your comments. We will not be responding directly to your comments today. The panelists for tonight are Gillian Persaud for MTA Bus Company, Ralph Barone for Long Island Railroad, Michael McKenna from Metro-North Railroad, Alex Cohen for New York City Transit, and Leah Flax for MTA Construction and Development Company. Also on the panel tonight is Sophia-LaFrance Brooks, who is our hearing officer. I should emphasize, public comments including spoken comments today, all correspondence and e-mails will be transcribed and incorporated into the official record and distributed to every board member. Notice of this hearing was also posted on MTA website along with multilingual translations. The languages translated in addition to English include Chinese, Spanish, Korean, Russian, Bengali, and Haitian Creole. This is a public hearing being held at the Metropolitan Transportation Authority or MTA in connection with the request to the United States Department of Transportation for Federal Financial Assistance under multiple federal legislative

acts. This federal assistance is for capital improvement projects for the systems operated by MTA, New York City Transit, Manhattan and Bronx Surface Transit Operating Authority, Staten Island Railway, MTA Long Island Railway -- Railroad, excuse me, MTA Metro-North, MTA Bus Company, and for MTA Construction and Development Company. Copies of the project descriptions from which specific requests for federal financial assistance will be selected have been made available for public inspection at numerous public locations throughout the service area. In addition, copies of these documents were also available on the MTA website since January 2nd, 2026. At this hearing, an opportunity will be afforded to all persons and agencies interested in being heard with respect to the social, economic, environmental, and historic preservation impact of the projects, and to submit evidence and recommendations orally or in writing with respect to any aspect of the list of projects. Today's hearing is being held in accordance with the federal requirements to qualify the projects for federal financial assistance. We are here today to see comments on the proposed list of projects only. The projects included in today's hearing exceed the amount of federal funds that will ultimately be available. And this is intentional. Maintaining a robust pipeline of eligible projects provides the MTA with the flexibility to strategically select projects for federal funding and to deploy those funds as efficiently and effectively as possible. The published list of

projects contain capital improvement work in the following amounts for each agency. New York City Transit, including Staten Island Railway, $12.586 billion, Long Island Railroad, $624 million, Metro-North Railroad, $770.32 million, MTA Bus, $27.55 million, and MTA Construction -- Capital Construction and Development, $373.7 million. The total for the MTA is $14,381 million. Anyone interested in the categories of work, which are subject to today's public hearing or the details of the individual projects can inspect copies of the descriptions of the project, which are available on the MTAs website. Section 5307 is a formula-based program from which a specified amount of federal funds is allocated to the urbanized area for each fis- -- federal fiscal year. The MTA will make the final program of projects available on its website, new.mta.info/transparency/grant-management for Section 5307 funding projects when the FTA awards those grants. In federal fiscal year 2025, MTA received $925.4 million in Section 5307 funds for New York City Transit, Manhattan, and Bronx Surface Transit Operating Authority, Long Island Railroad, Metro-North Railroad, and MTA Bus Company. MTA will be submitting applications for federal financial assistance through various transit funding programs that support capital investments and infrastructure improvements. Final amounts to be received for federal fiscal year 2026 are not presently known. The public hearing coincides with the final year of the current

Authorization Act. Congress will need to reauthorize surface transportation funding after federal fiscal year 2026. The request to be made for federal financial assistance will incorporate individual projects into programs of work and will be submitted as appropriate following the public hearing -- following this public hearing in anticipation of funding that may be available under the Federal Transit and Infrastructure Investment Programs. These include sections 5307, 5309 5310, 5324, 5337, 5339, and 5340 of Title 49, chapter 53 of the United States Code, as well as other federal funding sources dedicated to supporting transit projects. The final program of projects will be selected from the list of projects publi- published in the legal notice of this hearing. Applications will be prepared and submitted to the United States Department of Transportation. MTA proposes to, A, submit capital projects to request some or all of the 5307 funds for federal fiscal year 2026 that will become available, and B, submit some capital projects to request 5307 funds remaining from prior year allocations and adjustments to the Section 5307 program. In addition, MTA also proposes to, A, submit projects for federal funds for the Section 5337 State of Good repair funding category for federal fiscal Year 2026, and B, submit additional amounts su- -- additional projects and amounts sufficient to request federal fund balances from prior fiscal year allocations and grants within each of these fund categories, as well as other applicable federal transit funding

programs. The capital improvements to be gre -- progressed with these funds generally take place in the confines of the transportation system of the MTA or the city, county, or state own property. Any property acquisition or relocation that may be required for these projects will be carried out in accordance with the appropriate provisions of law and the regulatory requirements. The projects are not expected to have any significant adverse environmental impact. Should the United States Department of Transportation prepare a formal statement on the environmental impact of any of these projects, the availability of such a statement or statements from the United States Department of Transportation will be made known by appropriate publication. The projects outlined in this public hearing conform to the long-range transportation plan for the New York Metropolitan region and have been or will be endorsed by the Metropolitan Planning Organization of the New York Metropolitan Region for Orange County and for Duchess County as the continuing -- the product of continuing cooperative and comprehensive planning for all modes of transportation. Reduce fare privileges for the elderly, people with disabilities and individuals covered by Medicare will be made available as required by federal law. All legal requirements relating to seniors, people with disabilities and individuals covered by Medicare will be met. In closing, I would like to emphasize that the financial aid that will be requested is essential to the implementation of the MTAs

Capital Program. We greatly appreciate your participation in the public hearing and value your input on the proposed list of projects. MTA representatives are here to listen and carefully consider all of the comments shared today. While we will not be providing responses during this session, your feedback will be recorded, included in the official hearing transcript and shared with each MTA board member for their review. Thank you for your time and engagement. I will now turn it over to Public Hearing Officer Sophia-LaFrance Brooks to commence the public speaking session. Thank you.

HEARING OFFICER BROOKS: Thank you. American sign language and CART captioning are available. Language assistance was offered, but we did not receive any requests for services. For today's public hearing, the MTA representatives are here to listen and gather your valuable feedback on the proposal list of projects. While we will not be providing responses during this session, we appreciate your input and all comments recorded, and reviewed will be part of the official transcript. As noted earlier, a transcript of the hearing will be distributed to each board member. The MTA has conducted community involvement and public information efforts to encourage public participation at this hearing. To make the public aware of this hearing, advertisements was published beginning January 2nd, 2026 in eight print media outlets, multilingual posters, digital and social media assets. In addition, notice of this public hearing and the

availability of the federal fiscal year 2026 Capital Projects Public Hearing booklet was provided through direct mailing to the region's metropolitan planning organizations, state and federal funding partners, elected officials, and county executives throughout this service areas. These entities serve as official public viewing locations for the public notice and public materials. Further outreach was conducted through an electronic distribution to community boards, New York State Assembly Members and city council members to ensure broad notification and meaningful opportunity for public review and comment consistent with the Federal Transit Administration public participation requirements. There are 19 registered speakers. Speakers will be called in an order they have signed up. If you have joined the Zoom under a name that is different from the one you use when you signed up to speak, please identify yourself in the Q and A function with the name that you use when you signed up. When you are called to speak, there will be a brief transition on your screen. Please make sure that once the screen updates, your camera and microphone are enabled before beginning your remarks, you will not be able to unmute or enable your camera until it is your turn to speak. Please remain patient until then. In the event you miss your name being called, we will call the list one more time after all speakers in attendance have been called the first time. By attending this virtual webinar, you are consenting to be recorded. Please be aware that there will be an

auditory and visual cue to remind you that you have 30 seconds to conclude your remarks. Our first speaker is Council Member Selvena Brooks Powers, followed by Counc- -- Suffolk County Executive, Edward Romaine.

MS. SELVENA BROOKS POWERS: Hello. Good evening. Can you hear me?

HEARING OFFICER BROOKS: Yes, I can.

MS. POWERS: Thank you. Thank you to the MTA for the opportunity to testify on the federal fiscal year 2026 capital program. I represent parts of Southeast Queens and the Rockaway communities that depend heavily on public transit and that understand how critical capital investments are to mobility, economic opportunity, and quality of life. First, I wanna emphasize the urgent need to accelerate station accessibility, upgrades the MTAs commitment to making 95 percent of subway stations accessible by 2055 is important, but for riders who rely on elevators and accessible infrastructure today, that timeline is simply too far away. Accessibility is not a luxury, it's a civil right. The MTA must move faster and prioritize projects that close accessibility gaps in transit dependent communities. We have already seen what successful accessibility investment looks like. The Laurelton Long Island railroad station accessibility upgrade in my district is a strong example of how the MTA can modernize infrastructure while improving rider experience and community connectivity. The same level of urgency

and execution should be applied across the subway system citywide. Second, capital investments must prioritize hyperlocal hiring and MWBE procurement. These projects represent major economic opportunities for surrounding communities. During the emergency -- sorry. Oh. During the emergency repairs to the A train serving the Rockaway Peninsula, contractors -- contractors initially relied on hiring from zip codes far outside the impacted communities. Our office intervened to ensure local residents had fair access to those jobs. That should be standard practice. The MTA should build stronger local hiring commitments into its capital planning and procurement process. The [unintelligible] capital program represents a generational investment by accelerating accessibility, strengthening hyper-local hiring and advance an expansion projects that connect transit deserts, we can ensure these investments deliver equitable and lasting benefits for all New Yorkers. Thank you so much for the opportunity to testify today.

HEARING OFFICER BROOKS: Thank you. The next speaker is Suffolk County Executive, Edward Romaine virtually, followed by Anika Doa, in person.

MR. ED ROMAINE: Good evening. Thank you for the opportunity to comment this evening. I appreciate it. I'm a little distressed by the $1.5 billion overtime that o -- MTA has -- has rung up recently. As Suffolk County executive, I wanna begin by acknowledging the importance of maintaining a safe and -

- system of reliability in terms of public transit, but that work while essential, let me be very clear, Suffolk County needs more than a state of good repair investment. We need a transformational transportation investment. Suffolk is home to more than one and a half million people. It is the largest county outside of New York state, and the fourth largest in the state. Despite this, we have a system that 70 percent of the land mass of my county is served by diesel and not by electric. Electric stops at Babylon, it stops at Ronkonkoma, it stops at Huntington, and everything else is diesel, polluting, meaning that you're gonna have to switch chains if you take a diesel train to an electric train later on and fix the ability to commute carefully. So, I am asking for MPA to consider electrifying the rails, particularly from Ronkonkoma East to Brookhaven National Lab. I'm also asking that the MTA take a look at the South Fork communal line and provide second rail there so that we can have two-way transportation on the South Fork, which is a heavy commuting presence. Let me be very clear. We're not asking for anything out of the ordinary except basic service, and we don't seem to be [unintelligible]. I know what a donor is, [unintelligible] you're a donor for the federal government because you give a lot more than you get. We give a lot more than we get back as a county from the MTA. So, I am asking the MTA --

HEARING OFFICER BROOKS: Please conclude.

MR. ROMAINE: -- to make an investment. Thank you.

HEARING OFFICER BROOKS: Thank you. The next speaker is Anika Doa, followed by Mr. X. Mm-hmm. Next speaker is Mr. X, followed by Nicholas Pearson.

MR. X: Hey Sophie. Important reminder to you all hearing officers including yourself, if you start a public hearing here at 6:00 p.m., consider sending us upstairs at 5:00 not 5:30, which -- which gives me more time to use the bathroom and prepare our testimonies. Okay. [unintelligible]. Okay. I have some proposals here. It's what you should consider doing since you don't -- these aren't [unintelligible] consider connecting 204 Street at Webster Avenue to White Plains Road Avenue near Bronxdale Avenue. That would be nice to [unintelligible] because Gun Hill front roads are congested. Consider building a three track El, a division [unintelligible] on Westchester Avenue between Southern Boulevard and Whitlock Avenue connecting to two, five and six trains in exchange for the tracks that are used by the fire train between 1:30 from 149th Street which forces trains to crawl like babies tracks that -- that -- that normally -- not normally used by the [unintelligible] during nighttime hours. And more importantly, Sophie, listen carefully, you should consider bringing the seventh train to Marcy Avenue from 74th Street. So, leaving 74th Street West on Roosevelt Avenue, left turn off Roosevelt Avenue between [unintelligible] 2nd Street, Southwest, south on the BQE

below 7th Street only, Western Metropolitan Avenue, south of [unintelligible] Broadway. That would be nice in exchange for the basic [unintelligible] bus, which can't be horrible at times. So, do you want these now or later? Yes? No? Hello? You want them now or later?

HEARING OFFICER BROOKS: [Unintelligible].

MR. X: Okay. Goodnight. And I think that said that Janos (phonetic) is absent again.

HEARING OFFICER BROOKS: Thank you. The next speaker is Niccolas Pearson, in person, followed by Samuel Burton in person.

MR. NICCOLAS PEARSON: Good evening. I am a Bronxite, and I do not come as a guest to this system, but as one of its captives. Like millions of working New Yorkers, I depend on this subway every single day. How this money is spent becomes the lived experience writers are forced to endure. Let's say this plainly. Investment in new subway [unintelligible] matters. For the Bronx, it matters profoundly. The one through six lines are lifelines for working families. They connect the Bronx to Manhattan and Brooklyn, and we cannot keep running a division R62 cars indefinitely. The R262s are necessary, and writers support that investment. We've seen what modern trains and modern signaling can deliver. On the seven-line rider experience real reliability, Bronx Riders deserve that same future, especially on lines like the six. Even as improvement is discussed, the cost

of entry rises. The fair has gone from $2 and 90 cents to $3. $6 a day to sell one's labor and return home. $6 extracted from people who already subsidize inefficiency with their time. If rider are paying more, it is fair to ask what we are paying for. Stations are still decaying around us. A $3 fair should not purchase a crumbling system. The first obligation of this agency is not growth, it is maintenance. That -- that is accountability to writers. Infrastructure repair should not be political, it should be fundamental. State of good repair funding exists to keep this system safe and functional before it fails. As billions are allocated from Albany, Washington and writer's pockets, remember this, what is debated in spreadsheets is lived underground. Policy is discussed in rooms like this, but consequences wait on the platform. If progress exists, it will show up where people stand and wait. If it does not, then the failure is not abstract. It's lived.

HEARING OFFICER BROOKS: Thank you. The next speaker in person is Samuel Burton, followed virtually by Jessie Figueroa.

MR. SAMUEL BURTON: Hi. So, as a transportation nerd, I've been to -- I've been on some of the best transit systems throughout the world and also spent a lot of time on New York City's subways, buses, Metro North to Connecticut throughout New York, as well as LIRR. In my opinion, the MTA isn't perfect, but it rivals the world's best transit systems in reliability,

predictability, speed, efficiency, safety, basically the vast majority of what matters. As a result, I think instead of focusing on smaller, shorter-term projects like, you know, updating certain things that might not need updating, I think we're at an inflection point where it can be really important to prioritize bigger picture, more ambitious projects, and try to, once and for all, solve the ever-increasing problem of geographical accessibility. I think we should invest as much as possible of our resources into longer term huge impact expansion projects, for example, like the Second Avenue, subway phase two, and ultimately phases three and four. I think expansion projects like these will increase long-term overall accessibility throughout the greater five boroughs in an area that continues and continues to increase in population, I think completely new lines and new stations throughout the five boroughs. I think fewer resources into shorter term projects and more resources into long-term massive accessibility increasing and overall utility maximizing expansion projects such as the second Avenue -- the second Avenue subway phase two. Thanks so much.

HEARING OFFICER BROOKS: Thank you. The next speaker virtually is Jessie Figueroa, followed by Mo-Yain Tham virtually.

MS. JESSIE FIGUEROA: Hey, can you guys -- can you guys see me or -- or hear me?

HEARING OFFICER BROOKS: Yes, we can.

MR. FIGUEROA: Hi, good evening. My name is Jessie

Figueroa, US Army Veteran and Acc- Accessibility Transportation Advocate. The purpose of this me -- me -- public hearing is that I strongly urge the Federal Transfer Administration to fully fund the MTAs proposed projects under sections 5307, 5309, 5310, 5337, 5339 and 5340. The 12 -- $12.5 billion for the NYCT modernization, particularly for new subway cars and stations, improvements is vital for a state of good repair. Furthermore, the $1.939 billion combined for the Long Island Railroad and Metro Railroad are essential for regional connectivity and -- and infrastructure resiliency. These investments are critical for our economy safety and clean air compliance. Thank you for the opportunity for allowing me to comment.

HEARING OFFICER BROOKS: Thank you. The next speaker is Mo-Yain Tham virtually followed by Samuel Burton in person.

MS. MO-YAIN THAM: Good evening. I'm Mo-Yain Tham, New York Policy manager at Jobs to Move America. JMA and its union and community partners have been -- been urging the Metropolitan Transportation Authority to adopt the US employ plan or USEP, the upcoming purchase of the 1,140 [unintelligible] rail cars in its current plan. The use of a federally approved procurement tool scores bidders on the wages, benefits, and training commitments with transparency and accountability a key factor requiring contractors to report on their job commitments. But the request for 3.9 billion federal funding for this rail car purchase is part of a generational investment with the potential to create

thousands of good jobs in New York and the US. In a study about the economic impact of the MTAs current capital plan, the study highlights that every 1 billion in rail car investment within New York -- within New York State can support 900 average jobs. Imagine the ripple effect throughout the US supply chain. LA Metro, the second largest transit authority in the nation has fully adopted the manufacturing career policy requiring the usage of the USEP for all of the rolling stock purchase and the disclosure of the USEP commitments in annual reports. In addition, the newly created Northern Illinois Transit Authority will utilize USEP for all of its major rail car purchases and have the compliance reports available to the public. Working with unions representing thousands of working New Yorkers, we encourage the MT to ensure this investment results in quality family sustaining job by adopting the USEP in the procurement process. We urge key staff at the MTA to meet at your earliest convenient with JMA and its coalition partners to discuss inclusion of the US employment plan in the upcoming rail car purchase so does not miss out on the opportunity to create good family sustaining jobs through this purchase. Thank you for your time.

HEARING OFFICER BROOKS: Thank you. The next speaker is Samuel Burton, followed by Eugene Nicholas Emilio Santos.

MR. BURTON: I'm the first name [unintelligible] Samuel Burton.

HEARING OFFICER BROOKS: You just want to [unintelligible]. Next speaker is Eugene Nicolas Ermilio Santos.

MR. EUGENE NICOLAS ERMILIO SANTOS: Hello, everybody. Can you hear me. Hello everybody. Good evening, New York State, New York City, Queens and welcome to the Canyon of Heroes, Marsy's Law, ex parte 12.980. My name is Eugene Nicolas Ermilio Santos, former G Star Ross sound engineer and hotel sales manager for Circle Line Sightseeing Cruises, supervisor and event planner on 4th of July barracks on 12th, 11th, and 10th Avenue, specific areas where many public residents choose to access public transportation during the most prosperous times in tourism. I overlook activities for the Chinese embassy, which includes Clery Act special events featuring, Tini, the Martinez brothers and Alex Acosta, presented by Resolute and the legendary Sandy Kane. Right now, I am most interested in continued Ryan White Services, which are identified for those living with HIV or AIDS. We need an elevator at 111 Liberty Avenue. This is by the A train. This is a [unintelligible] station, HIV/AIDS Services Administration drop off station for persons with HIV and AIDS, many with walkers, wheelchairs, and mobility needs like myself. P178 introduction will identify stricter laws for individuals who commit DWIs and strike civilians and residents leaving them permanently handicapped like myself, Utah Saints 2008, something [unintelligible] mandates permanent decals for offenders that commit DWIs that strike and often kill pedestrians. I'm asking

for an extractone.com station to be installed at the 42nd Street and eighth Avenue location, which would be overlooked by NYPD retiree, Dominick D'Orazio, and I thank the United States Space Force retired rank E89523202201391. Thank you.

HEARING OFFICER BROOKS: Thank you. The next speaker is Jeffrey Batts, followed by Zechariah Mitchell.

MR. JEFFREY KAZEME BATTS: Good evening. My name is Kazeme Batts, also Jeffrey Batts. I spoke here in May of last year about a project. I'm not familiar with the projects that y'all are dealing with today, but when I smoke about in May, we would like to have in Benford Stuyvesant a small piece of that 14 or $12 billion to renovate and upgrade the Unica Avenue train station on the line which we wanna call Malcolm X Boulevard. The A train stops at Malcolm X Boulevard in Brooklyn. We are aware in [unintelligible] that in Brook- -- I mean in Harlem on 110th Street to [unintelligible] train, they recently renamed a station also after Malcolm X, and we are not in competition with them. Malcolm X, [unintelligible] this black history month with an international leader, and that can be Malcolm X subway station in Brooklyn because there's a Malcolm X Boulevard there just like there is in Harlem. In fact, Malcolm X Boulevard in Brooklyn came about in 1985, and the one in Harlem in 1987. The political establishment knows the local assembly person, state senators, the borough president and the public advocate but we know it's a state -- it's a state issue changing the names of nations because

the MTA is a state entity. So, once again, I'm here on behalf of the Banksy community asking the MTA to respect the wishes of the community which voted the community board unanimously, now this should move forward. It would only be a few hundred thousand dollars out of the billion, please.

HEARING OFFICER BROOKS: Thank you. The next speaker is Zechariah Mitchell, followed by Jack Klein.

MS. GRIMES: Mr. Mitchell [unintelligible].

HEARING OFFICER BROOKS: Okay. Next speaker is Jack Klein, followed by John Maier.

MR. JACK KLEIN: Thank you all. While it's very cold outside right now, in just a couple of months, it will once again feel like an inferno in our subway stations. My name is Jack Klein. I found a New York lab, an independent research lab that investigates climate stressors in our public infrastructure. And throughout much of 2025, I collected on the ground temperature data across the entire subway system. In some of our busiest stations like 14th Street Union Square, 42nd Street Times Square, and 34th Street Harold Square, temperatures regularly reached 120 degree feels like temperature during the summer months. These conditions create insufferable and unsafe working environments for transit police officers, construction workers, MTA staff and anyone spending eight hours a day in stations during the summer. But this is also a public health issue, especially for those most vulnerable to heat related illness like pregnant women, older

adults, people with disabilities, and those uncertain medications, including antidepressants. Last summer, I posted videos online of myself measuring temperatures in stations, and they received millions of views and thousands of comments from New Yorkers sharing their experiences. Some described nearly passing out on platforms, others said they can't commute in the summer because of heat risk or that they avoid the subway altogether. Tours also commented that they would think twice about visiting New York in the summer because of how miserable the subways felt. The MTAs working on long-term solutions to address extreme heat, including exploring geothermal cooling at 168th and 181st one stations. These efforts are promising, but they're logistically complex, expensive, and could take decades to fully realize. [unintelligible] the MTA to also invest more heavily in shorter term adaptable interventions that it can improve conditions sooner. Things like water vending machines, cooling zones, improve fans and additional seating would make a real difference for millions of daily riders, especially those vulner- -- most vulnerable to heat related illness. We all know it's hot underground in the summer, while larger projects move forward, we need to aggressively pursue immediate, practical solutions. Otherwise, millions of commuters will continue to face the bleak, sweaty reality summer after summer. Thank you.

HEARING OFFICER BROOKS: Thank you. The next speaker is John Maier.

MR. JOHN MAIER: Hello. My name is John Maier, and I'm testifying as a board member of Civics United for Railroad Environmental Solutions. After almost 25 years of community advocacy, we are thrilled that the MTA LIRR is finally on track for an open, fair, competitive, cost-efficient Tier 4 road switcher repowering. However, our communities have experienced longstanding community harms from freight locomotives because of how the MTA Long Island railroads locomotive procurements went off track in 2013 and 2018. So, we must respectfully state that it is imperative that this procurement achieves maximum possible reductions in engine pollution and noise reduction through the purchase of proven switch duty cycle locomotives. Also, it is essential to get the most units possible repowered in this procurement. The MTA can do this by leveraging tens of millions in existing state funds and controllers can contract DR 36644, and a missing application in your plan for some of the $5 billion in federal funds that are available now. Residents of Queens, Kings, Nassau, and Suffolk counties need you to purchase locomotives that remain in LIRR ownership and continue to work on Long Island regardless of who the MTA LIRR's freight rail operator is in the future. Residents look forward to breathing easier because of a procurement of four point -- Tier 4 locomotives, which will also help the MTA achieve CLCPA and executive order 22 mandates by measurably reducing emissions. Thank you.

HEARING OFFICER BROOKS: Thank you. The next speaker is Juan Castillo, followed by Christopher Davids.

MR. JUAN CASTILLO: This is working. Okay. [unintelligible] first thing I want to state the MAT for [unintelligible] -- for open holding the Annual Project Fiscal Meeting. Secondly, I want -- I want to give my opinion about -- about how lots of people are transitioning from Metro Car to OMNY [unintelligible] transitioning. Really. I'm not -- I'm not liking it. I'm sure some people are not like -- liking it. Personally, I would've said, they say, I don't like the seven-day fair cap. You -- why can't you just -- why can't you introduce seven-day weekly or 30 weekly to OMNY the same way you introduced MetroCard earlier? That I -- that I need to know. Also, about -- I wanna speak to you about -- about last week about the reliability of buses during -- during the post winter storm. How you leave some people out stranding -- stranded for like minutes, let alone hours. I can't send some people send more drivers to do their job. So, like sit -- going round trip back and forth -- back and forth, getting people to their destination [unintelligible] home. More personally, I'm -- I'm looking forward about the Second Avenue subway project, which will include the -- the expansion from 125th Street, Lexington Avenue to Broadway 125th Street. I also I came -- I came up with another proposal of adding a 125th Street 2nd Avenue stop on the U -- for the U line, which I will -- which will take from 125th

down to 72nd, and then via 63rd Street straight to Queens. Well, thank you for your time.

HEARING OFFICER BROOKS: Thank you. The next speaker is Christopher Davids followed by David Kopparberg.

MR. CHRISTOPHER DAVIDS: Hello. This is Christopher Davis [unintelligible]. I like the [unintelligible] address. It's about the homelessness I saw in the subways. I saw a lot of homeless' sleeping on the subway trains, and subway station and nobody does anything about it. So, I like to force the MTA to work with the Department of Homeless Services and work with them to get these homeless' off the property or the MTA New York City subways. And also, I like to force the MTA to work with Nassau Inter-County Express at work with them as partners. Also, I want to say it's been 16 years of buses at subway services has been cut. I'd like to know -- I'd like to ask you is to restore the [unintelligible] train back where it was. And I also like you to restore the G train and the [unintelligible] the G train to Jamaica 179th Street along the [unintelligible]. And also, I want you to extend the [unintelligible] to Jamaica 179th Street along with the F -- G trains. And I'd like you to restore all the buses -- I'd like you to restore all bus services that has been cut since 2010.

HEARING OFFICER BROOKS: Please conclude.

MR. DAVIDS: I'm finished.

HEARING OFFICER BROOKS: Thank you. The next speaker

is David Kopparberg, followed by Risa Fox (phonetic).

MS. GRIMES: Ms. Fox is [unintelligible].

HEARING OFFICER BROOKS: You said what? Next speaker is Risa Fox, followed by Joseph Peters.[unintelligible] Joseph Peters.

MR. RISA FOX: I just wanted to say something that the second the subway is going all right, but what I -- what I find [unintelligible] is gonna extend it to Broadway, that's a good idea but the whole thing is, they want to discontinue to Manhattan. The -- the main thing su- -- the subway should, after they finish phase three -- two extension, they -- they should go by phase three and the phase four to Hannibal Square because [unintelligible] before said she wanted to extend the Second Avenue -- Second Avenue subway to Brooklyn. That [unintelligible] we need a full say ambulance subway because [unintelligible] ambulance [unintelligible] is overcrowded. And -- and I think the [unintelligible] she has seven right now because -- because of -- of the -- of this kind of program but after phase two is finished, they should continue with the -- with phase three and four to lower Manhattan because we need it because the next time [unintelligible] jammed up, and [unintelligible] we need a full second Avenue subway, you know? Okay. If she wanted to put the [unintelligible] that'd be okay, but we needed a full [unintelligible] subway because of what I was saying before, this plan, before 1968, they had a Long Island

railroad extension before the nineties, but in 1975, it [unintelligible] of the crisis but we get that accomplished successfully. [unintelligible] road is all right, [unintelligible] Grand Central [unintelligible] is all right, but -- but the whole thing, we need a -- a full Second Avenue subway. We need it. It's very important. And that's how I would say to myself, you know, everything is all right. This plan is all right. You're gonna send it to Broadway, it is okay because it -- it deals with --with a Bronx connection with the two [unintelligible]. Thanks.

HEARING OFFICER BROOKS: Thank you. The next speaker is David Feliciano.

MR. DAVID FELICIANO: It is on? All right. All right. Good evening. We start the year in this, and we start the year we have a new -- a new different political administration. Now, -- now I'm -- you know, every year what is going on with the Metropolitan Transportation Authority in this agency, and I'm seeing over creases of capital projects and physical and also rejects of all [unintelligible]. What does it mean? It means like all, we don't need any -- any funding [unintelligible] but what about public safety and security? And all this entire years, and you guys have been bringing me the entire DAS years and I'm -- I'm not gonna -- I'm not gonna lie to you because after all I'm seeing this, now we have a -- a -- a new man, he's really [unintelligible] and then he's getting more

[unintelligible]. Second, I don't see the -- the old original law of passing the bill say enough with the turnstiles, and then MetroCard is already gone. So, now we stick with [unintelligible]. Now, I don't understand this, why I am seeing this? And every year I come to your meeting and I come to you guys and say, oh, now this is how you [unintelligible], and then all we see all these unwanted people, you know, with new school kids, and then being like, oh, standing around, like hanging, like this is like a home or play homeless. Well, guess what? Let me tell you all you guys, why don't you come here? Why don't you tell White House, President Donald Trump, why don't you tell all these Hispanic and black and all this racism in this country, you know what's gonna happen? You guys are [unintelligible] like I was like [unintelligible]. We are not animals. I don't care if you have agents -- ice agents come over there and having them say we targeting them, we don't need you crossing the road, we don't need you coming to United States of America. So, guess what? You need to start working with the city and the officials and tell state police and New York City Police Department commissioner start working with us. How about that?

HEARING OFFICER BROOKS: Thank you.

MR. FELICIANO: I calling Hochul and Mamdani to step up.

HEARING OFFICER BROOKS: Thank you.

MR. FELICIANO: Democrat losers.

HEARING OFFICER BROOKS: We have reached the last speaker. We will call the names of the speakers that were registered but did not answer. Anika Doa. If you miss your name being called or have joined the Zoom under a different name other than which you have used, please identify yourself in the Q and A function. Okay. Otherwise, this concludes the public hearing. Thank you for joining us this evening. The current time is 6:55.

INTRODUCTION

MTA Real Estate: MTA Real Estate ("**MTA Real Estate**") is comprised of two departments (described below) that are responsible for managing both (i) all real estate operational, transactional and development related matters ~~including~~ and (ii) utility franchise agreements, wherein both (i) and (ii) involve the disposition of real property or interests in real property for the Metropolitan Transportation Authority ("MTA") and each of the MTA's subsidiaries and affiliates, which include: MTA New York City Transit, Manhattan and Bronx Surface Transit Operating Authority, MTA Metro-North Railroad, MTA Long Island Rail Road, MTA Bridges and Tunnels, MTA Staten Island Railway, MTA Bus, MTA Construction & Development ("**MTA C&D**"), and MTA Grand Central Madison Operating Company (each, an "**MTA Agency**", and, collectively with the MTA, the "**MTA Agencies**"). All real estate related transactional matters (other than real estate development matters and major capital projects) and utility franchise agreements involving the disposition of real property or interests in real property are managed by the Transactions & Operations/RED group of the MTA. Real estate related development matters involving the disposition of real property or interests in real property are managed by the Transit-Oriented Development group of MTA C&D. References in these Guidelines to the MTA or to the MTA Agency are intended to refer to both MTA and the other MTA Agencies, individually and/or collectively, as the context may require. References in these Guidelines to "**MTA Real Estate**" are intended to refer to both RED and TOD and "**MTA Property**" ~~are~~ is intended to refer to real property or interests therein that are owned, leased or controlled by the MTA or an MTA Agency. In addition to dispositions of real estate, MTA Real Estate is also responsible for granting revocable licenses that permit a licensee to access MTA Property for a limited purpose or use on a non-exclusive basis (as more fully described below).

Structure: MTA Real Estate comprises two core groups – (i) Transactions & Operations (including Facilities Management) ("TOM" or "RED") and (ii) Transit-Oriented Development ("**TOD**"). The TOM group is responsible for all real estate- related transactional matters (other than real estate development matters and major capital projects) for the MTA Agencies (including acquisitions, dispositions, and leasing of MTA Property), tenant management, and management and operations of MTA Facilities. The TOD group is responsible for all real estate-related development matters, whether by an MTA Agency, a government or other public or quasi-public entity and/or a private entity, which affects or involves any existing or to-be acquired MTA Property and/or any existing or proposed transit-related facility or amenity, including acquisitions and dispositions of real property or interests in real property for long-term revenue generation and transportation facilities; major capital projects in conjunction with or enhanced by real estate development; other co-development arrangements with private and public entities including public-private partnerships; and other opportunities for realizing revenue from real estate opportunities and strategic planning.

MTA Real Estate Governance: MTA's Chief Administrative Officer (the "**CAO**") oversees the RED/TOM functions and works with a team of senior officers. The Chief Real Estate Transactions and Operations Officer ("**Managing Director, TOM**")—reporting to the CAO, has primary day-to-day responsibility for managing all TOM functions, with direct oversight for, among others, the Director, Transaction Management ("**First Deputy, TOM**"), Director, Grand Central Retail Leasing and Management, Director, Tenant Management, Director, Operations, Director, Project Management and Director, Finance & Administration.

The Senior Vice President, Transit-Oriented Development ("**Managing Director, TOD**")—reporting to the Chief Development Officer (the "**CDO**") through the Deputy CDO, Planning—has primary day-to-day responsibility for managing all TOD functions with direct oversight for, among others, the Vice President, Planning, Vice President, Transactions and Director, TOD Program Management. (See Figures 25 and 26 for

RED/TOD organizational charts as of the Effective Date of these Guidelines.)

The Chief Administrative Officer is responsible for the MTA's and the MTA Agencies' compliance with and enforcement of these Guidelines, as the Board-designated Real Property Disposition Contracting Officer for the MTA and MTA Agencies.

Scope of Guidelines: These Guidelines apply only to dispositions of real property under Sections 2895-2897 of the Public Authorities Law ("PAL"), including leasing-out or sale of real property and grants of interests in real property such as easements and leasehold interests, owned or leased and controlled by the MTA or other MTA Agency. Generally, revocable licenses that permit a licensee to access MTA Property for a limited purpose or use on a non-exclusive basis (e.g., access permits or licenses to install monitoring equipment or other protective equipment in connection with adjacent projects) are not transfers of title to real property or of beneficial interests in real property and thus not a disposal of real property or an interest in real property, subject to PAL Section 2897 and these Guidelines. In addition, the licensing-out of real property for the exclusive use and occupancy by the licensee pursuant to licenses that the MTA or another MTA Agency may terminate at will in its sole and absolute discretion upon not more than 60 days' notice without compensation by the MTA or other MTA Agency including repayment of any unamortized tenant improvement costs will be treated as licenses that are not subject to PAL Section 2897 and not a disposition of an interest in real property. Such licensing-out is subject to the MTA Real Estate's Policies and Procedures for the Licensing of Real Property dated November 29, 2011, as amended. If a license agreement grants to the licensee an exclusive right to use and occupy any MTA Property and provides that the licensee's right of use and occupancy is subject to termination only for specified reasons or upon payment of compensation by the MTA or other MTA Agency, however, then the same shall be treated as a lease and these Guidelines will apply. Similarly, the transfer of MTA Property or an interest in MTA Property to an entity or joint venture or other undertaking with another person or entity by contract, lease or other arrangement that involves MTA Property, and through which the MTA or MTA Agency will continue to own an indirect interest in the property, may be considered a mere change of identity in the form of ownership only–from a direct ownership interest to an indirect one–and thus not a disposal of such property subject to PAL Section 2897 and these Guidelines. References in these Guidelines to "dispositions" are intended to include only transfers of title in real property or of inchoate or beneficial interests in real property which would constitute a "disposal" under PAL Section 2895.These Guidelines are supplemented by the Guidelines for Selection of Tenants for Grand Central Terminal that were adopted by the MTA Board on November 18, 2009, as amended (the "GCT Leasing Guidelines"). In the event of any inconsistency or conflict between these Guidelines and the GCT Leasing Guidelines, with respect to a lease at Grand Central Terminal, the GCT Leasing Guidelines shall govern. A copy of the current GCT Leasing Guidelines is attached hereto as **Attachment 1**.

PAL Section 2897 provides that, as a general rule, any leasing-out or sale of real property can only be undertaken after public advertising for bids and for not less than fair market value. However, these limitations do not apply in certain circumstances, which are specified below. Accordingly, although most dispositions by sale or lease will be made pursuant to the request for proposals process that is described in Chapter III of these Guidelines (the "**Lease/Sale RFP Process**"), others may be made pursuant to direct negotiations as described in Chapter IV of these Guidelines (the "**Lease/Sale Negotiation Process**"). Given the inherent complexity and uniqueness of TOD development projects, the long-term nature of the dispositions involved and the fact that such projects typically (although not necessarily) will involve the integration, expansion, modernization and/or co-location of a private development use with existing or contemplated MTA Facilities, TOD will generally follow the procedures identified in these Guidelines, but with modifications as noted herein to better conform to the specific requirements necessary to implement complex TOD development and disposition projects consistent with PAL Section 2897.

These Guidelines are intended only for the internal guidance of officers and employees of the MTA. Nothing contained in these Guidelines is intended, and the same shall not be construed, to establish expressly or by

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted: Font: Bold

implication, or confer upon any person or entity (including any prospective proposers or awardees) any right, privilege, remedy, claim, reliance upon or benefit under, or by reason of, any requirement or provision of these Guidelines for third parties. Except to the extent prohibited by law, any provision of these Guidelines may be waived by the MTA Board (by ratification or otherwise) or by the Chairman and Chief Executive Officer of MTA[1].

Lease/Sale RFP Process: The Lease/Sale RFP Process is designed, among other things, to give effect to the following requirements under PAL Section 2897:

- the advertisement for proposals must be made prior to the leasing-out, sale or other disposition of MTA Property, through the methods authorized by these Guidelines;
- all proposals must be publicly disclosed at the time and place stated in the advertisement; and
- the award must be made with reasonable promptness by notice to the responsible proposer whose proposal will be most advantageous to the State, price and other factors considered; provided however that all proposals may be rejected when it is in the public interest to do so.

Formatted: Justified

The Lease/Sale RFP Process can be single-step or multi-step as described in Chapter III of these Guidelines.

Lease/Sale Negotiation Process: PAL Section 2897 specifies that the Lease/Sale Negotiation Process can only be utilized under the following circumstances:

(a) the fair market value of the property to be leased-out is no greater than an average of $15,000~~.00~~ annually over the term or the sale price does not exceed $15,000, as applicable or

(b) proposal prices after advertising are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition (even if the fair market value, as applicable in (a) above, exceeds $15,000); or

(c) the disposition will be to the State or any political subdivision, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation (even if the fair market value, as applicable in (a) above, exceeds $15,000); or

(d) under those circumstances permitted by subdivision seven of PAL Section 2897, which include the following:

(i) the transferee is a government or other public entity, and the terms and conditions of the transfer require that the ownership and use of the asset will remain with the government or any other public entity;

(ii) the purpose of the transfer is within the purpose, mission or governing statute of the public authority; or

(iii) such action is otherwise authorized by law.

In the case of (a), (b) or (c) above, the disposition must be for no less than the applicable fair market value. In the case of (d) above, it can, but does not have to, be for less than fair market value. However, if the disposition in the case of (d) is for less than fair market value, then the following information must be

[1] A glossary of defined terms used in these Guidelines appears at the end of these Guidelines.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

provided to the relevant MTA Agency Board (which must make a written determination based upon such information, that there is no reasonable alternative to the proposed below-market transfer that would achieve the same purpose of such transfer) and the public:

(i) a full description of the asset:

(ii) an appraisal of the fair market value of the asset and any other information establishing the fair market value sought by the board;

(iii) a description of the purpose of the transfer, and a reasonable statement of the kind and amount of the benefit to the public resulting from the transfer, including but not limited to the kind, number, location, wages or salaries of jobs created or preserved as required by the transfer, the benefits, if any, to the communities in which the asset is situated as are required by the transfer;

(iv) a statement of the value to be received compared to the fair market value;

(iv) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (iv) of this paragraph, a statement of the value to the private party; and

(v) the names of other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used.

An "explanatory statement" is required if a leasing-out or sale or grant of easement rights or other disposition pursuant to the Lease/Sale Negotiation Process meets certain criteria, as described in Chapter IV of these Guidelines. Each such explanatory statement must be transmitted to the New York State Comptroller, Director of the Budget, the Authorities Budget Office, the Commissioner of General Services and the Legislature not less than ninety days in advance of such disposition, and a copy thereof must be kept in the project file.

CHAPTER I - INQUIRIES

Scope - This chapter establishes guidelines for responding to verbal and written inquiries made to MTA Real Estate regarding the disposition of MTA Property ("Inquiries").

Responsibilities - MTA Real Estate is responsible for coordinating all responses to Inquiries. MTA Real Estate's responsibilities include researching the ownership status of specific properties, contacting the applicable MTA Agencies and TOD to determine whether property is available or whether there may be development opportunities associated with the property in question, and responding to inquirers.

Objective - To provide prompt, courteous and accurate responses to Inquiries.

Procedures – Except for Inquiries relating to the leasing of space at Grand Central Terminal and Grand Central Madison, which should be referred to the Director, Grand Central Retail Leasing and Management, and Inquiries relating to development, which should be referred to the Managing Director, TOD, all Inquiries should be referred to the First Deputy, TOM, who should either respond directly or else charge an appropriate deputy with doing so. In the first instance, the First Deputy TOM should ascertain:

(1) precisely what property the inquirer is referring to, and which MTA Agency controls it;
(2) whether the relevant MTA Agency owns such property or merely leases it and, in the case of leased property, to what extent subletting of such property is permissible;
(3) what use the inquirer proposes to make of the property and whether such use would be compatible with MTA Agency use of any MTA Facilities that adjoin such property;
(4) whether MTA~~MTA~~ Real Estate has already been authorized to dispose of such property or (if not) whether the applicable MTA Agency might be amenable to disposing of such property;
(5) what restrictions would need to apply to any such disposition; and
(6) whether Transit-Oriented Development should be notified and/or involved in the Inquiry.

If the Managing Director, TOM and/or the First Deputy TOM (after consultation with the Managing Director, TOD and/or the First Deputy, TOD) determines that the subject property is available for sale ~~purchase or~~ lease or other disposition either as a TOM transaction or, if applicable, as a potential development transaction through TOD, then the First Deputy TOM or the First Deputy, TOD, as applicable (or such Deputy's designee) should so inform the inquirer, taking care to stipulate that (except as otherwise described in these Guidelines) any such sale or lease may be undertaken only in accordance with the Lease/Sale RFP Process, and should see to it that the inquirer is provided in due course with an opportunity to participate in the Lease/Sale RFP Process with respect to such property. If the First Deputy TOM determines that the

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

subject property is not available for sale or lease but may be available under a license arrangement that may be revoked by the MTA at will, without cost, on not more than 60 days' notice, the First Deputy TOM ~~they~~ (or such Deputy's designee) should so explain to the inquirer, and in that case the Licensing-Out Guidelines shall apply to such property. Otherwise, the First Deputy TOM (or such Deputy's designee) should inform the inquirer that the subject property is not available on any terms and invite the inquirer to register their interest on MTA Real Estate's website for purposes of alerting the inquirer to other opportunities.

For templates for appropriate written responses, see Figures 1–5.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

CHAPTER II – ASSESSMENT OF OPPORTUNITIES

Scope – This chapter establishes guidelines for the assessment of opportunities to sell or lease MTA Property that is not needed for operational purposes.

Responsibilities – MTA Real Estate is responsible for encouraging the MTA Agencies to identify MTA Property that is either never going to be needed by the MTA Agency for operational purposes or not expected to be needed for such purposes until sometime in the future; for assessing the marketability of such property for sale, lease or license, as appropriate (taking into account relevant legal constraints, physical conditions and real estate market conditions); and for coordinating with the MTA Agencies to facilitate the disposition of such property or the licensing of such property subject to revocation when and as feasible.

Objective – To generate revenues for the MTA, consistent with the fulfillment of the MTA's operating and transportation purposes.

Procedures – In response to Inquiries, on its own initiative and/or at the request of the MTA Agencies, MTA Real Estate should evaluate MTA Properties for their revenue-generating potential. To the extent that MTA Property holds such potential, whether best to realize that potential by sale, lease, grant of easement rights, license, or transfer of development/air rights to adjacent properties will depend on an assessment of (a) the desirability and feasibility of sub-dividing and physically separating such property from adjoining MTA Property, (b) the extent, if any, to which any MTA Agency may have future operational needs for use of the property or excess development/air rights associated with the property is or can be envisioned, (c) whether (in any case) it will be necessary or desirable for the MTA Agency to maintain long-term control over the ownership and/or use of the property, (d) whether the MTA Agency owns the property or merely leases it, and the extent, if any, to which disposition of the property is limited by reason of the terms of any lease pursuant to which the MTA Agency controls the property or by reason of any other title encumbrances, (e) ~~or~~ by reason of the acquisition of the property as part of FTA-funded projects, and (f~~e~~) the potential revenues and/or benefits to be realized. With respect to each property to be evaluated, the Managing Director, TOM and/or the First Deputy TOM should refer such property to the appropriate Deputy Director, who will designate a Transaction Manager to conduct the evaluation under their supervision.

In all cases where an inquiry may have potential for development as a future or existing Transit-Oriented Development matter, including the potential for a transfer of development/air rights to adjacent property owners, the Managing Director, TOM and/or the First Deputy, TOM, will direct such inquiry to the Managing Director, TOD and/or First Deputy, TOD, to afford MTA TOD with the opportunity to explore the development potential.

Maintenance of Marketable Property List

With respect to all MTA Real Estate matters, the Deputy Directors are responsible for maintaining and regularly updating the marketable property list for their respective areas of responsibility. They are also responsible for using MTA Real Estate's Yardi database to run reports and periodically check active accounts for expiring terms of leased or licensed property to ensure that timely marketing of those opportunities is initiated.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

A. Site Analysis

The Transaction Manager shall conduct a site inspection, in the case of a TOM transaction, with a representative of Tenant Management (TMU) or RED's Tenant Management Vendor, and in any case with the appropriate personnel of the MTA Agency in order to evaluate the condition of the property, the surrounding area, ascertain what utility services may be available for the site and identify what code compliance concerns may need to be addressed. As a part of this inspection, the Transaction Manager should assess the need for and extent to which improvements might be required, and consult with appropriate personnel of the applicable MTA Agency concerning the feasibility and potential costs of such improvements, and (assuming that the cost of such improvements would be justified by the revenue-generating potential of the property) whether it would be most efficient and cost-effective for the applicable MTA Agency to make such improvements (either in anticipation of rental or license fee income or at the direct cost of a lessee, licensee or purchaser) or for the making and/or cost of such improvements to be left to the purchaser, lessee or licensee. After the site inspection, a site assessment report will be completed, with input from all agency personnel and, in the case of a TOM transaction, TMU/Tenant Management Vendor. The Transaction Manager should also consult with MTA Legal to ensure that the Transaction Manager is aware of any contractual or other legal limitations that would affect the MTA Agency's ability to dispose of the subject property.

In order to determine the marketability of a property, the following (where applicable) should be considered:

- Present use/condition of site
- Accessibility
- Visibility
- Surrounding uses
- Size, shape and physical characteristics of site
- Condition of street and station improvements
- Impact of any MTA Agency restrictions
- Availability of utility services and feasibility of upgrades or additions
- Extent to which improvements are needed, and MTA Agency funds are available to pay for such improvements
- Easements, covenants and restrictions and other title encumbrances
- Traffic patterns/passenger volume counts - peak and off peak
- Existing retail at station
- Consumer activity during rush and non-rush hour periods
- Condition of neighboring properties
- Existing vacancies in the area
- New/potential development nearby
- Any operating issues noted by Tenant Management
- Any operational needs for modernization and/or expansion of existing MTA Facilities
- Adequacy of storage space or other existing MTA Facilities
- Existing parking or available parking in close proximity
- Transportation options including taxi, bus routes, and other public and private intermodal systems
- Environmental matters
- Whether the property or structure, or portions thereof, falls under the purview of the State Historic Preservation Office (SHPO)

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Any Federal Funding Requirements

Formatted: Justified, Indent: First line: 0"

Generally, the leasing-out or sale of MTA Property or the grant of easement rights or transfer of development/air rights constitutes an "action" under the State Environmental Quality Review Act ("SEQRA") and thus is subject to SEQRA's requirements. SEQRA requires review of actions to determine whether they may have a significant adverse environmental impact and, if so, preparation of an environmental impact statement before the action may be approved and undertaken. While most lease renewals will be Type II actions under SEQRA regulations – actions which the State Department of Environmental Conservation has found to have no significant adverse impacts – and thereby exempt from review, and some new leases may also fall within a Type II category, the Transaction Manager should consult with MTA Legal's Deputy General Counsel, Unit Chief – Environmental (the "**DGC Environmental**") as early in the process as practical to determine what measures are necessary to ensure SEQRA compliance. Further consultation may be necessary as a proposal develops or changes over time. Board approval resulting in a binding lease or sale or grant of easement rights or transfer of development/air rights in MTA Property cannot occur unless SEQRA requirements have been met either through (a) the action being exempt as a Type II action under SEQRA or falling within the exemption from SEQRA set forth in PAL Sections 1266(11), 1266-c(11) or 553-e(1(b)), as applicable; (b) issuance of a negative declaration, or (c) preparation of a final environmental impact statement. If the leasing-out or sale or other disposition of MTA Property involves any federal action, which is rare for TOM transactions, the leasing-out or sale or other disposition would be subject to National Environmental Policy Act ("**NEPA**") in addition to SEQRA.

Each proposed lease or sale, for a TOM transaction, whether via the RFP Process or the Lease/Sale Negotiation Process, requires preparation of and sign-off on a Pre-RFP Authorization Memo (Figure 9), as further described in Chapters III and IV. Each Pre-RFP Authorization Memo should note the SEQRA type or NEPA status, and required actions, if any, to be taken before the transaction is presented to the MTA Board for approval.
No Pre-RFP Authorization Memo is required for TOD transactions, however, a determination of the SEQRA type or NEPA status, and required actions, if any, to be taken before the transaction is presented to the MTA Board for approval, must be made with the assistance of MTA Legal's DGC – Environmental.

Additionally, MTA Legal's Deputy General Counsel, Unit Chief – Finance (the "**DGC-Finance**") must review the location(s) being offered in each RFP, with MTA Real Estate providing location-specific information as required, prior to the issuance of the RFP to determine whether there are any tax-exempt bond related tax issues that would arise from private use. Only when MTA Legal's DGC- Finance clears such location and use should it be advertised, unless circumstances require advertisement before clearance is given, in which case the RFP must be subject to cancellation if clearance is not given prior to award. In the case of TOM transactions, the Pre-RFP Authorization Memo contains two (2) boxes which must be checked by the Transaction Manager completing that form indicating that MTA Legal's DGC - Finance reviewed the location and use and has given approval to proceed with the RFP. A copy of MTA Legal's DGC - Finance determination should be kept in the RFP file for all MTA Real Estate matters (i.e., TOM and TOD).

Prior to issuing an RFP, the TOM Transaction Manager should prepare a Parcel Information Sheet (Figure 6) for each property that such person determines to be marketable. The purpose of the Parcel Information Sheet is to collect information that will ultimately be used to describe the property being disposed of in the RFP. A Parcel Information Sheet may be prepared but will not be required for TOD matters.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted: Right: 0.04"

Formatted

Each Parcel Information Sheet should include information for all applicable fields. A form of Parcel Information Sheet applicable to all MTA Agencies may be found in the RED/TOD shared folder at S:\RFP Documents and Forms\RFP Boilerplate Forms. The parcel information includes:

- Yardi property identification number and address
- Block and lot number, if applicable
- Site plan
- Site description, including approximate size and any unusual attributes
- Interest (i.e., lease, license, sale) being offered
- Preferred or required uses or any use restrictions
- Any desired reservation of rights
- Guaranty and Security Deposit requirements
- Utility requirements and availability
- Improvement requirements and associated cost estimates
- Design guidelines (if any)
- Transaction Manager site visit date

The assessment of potential uses and restrictions on use (including any restrictions on items to be sold at the subject location) should consider the following, if applicable:

- MTA Agency requirements
- Restrictions in existing MTA Agency licenses or leases at location
- Restrictions and covenants in MTA Agency's deed or recorded and unrecorded other title documents
- Land use and zoning regulations and building, fire, health and other like codes, to the extent deemed by MTA Legal's DGC - Environmental to be applicable to the subject facilities
- Environmental conditions
- Existing mechanical and utility infrastructure and ~~availability~~availability
- Other restrictions based on existing MTA Agency's facilities or infrastructure at, on, over or below the site. ~~, including load restrictions~~

B. Preliminary Fair Market Value Analysis

Prior to ordering an appraisal or while one is being prepared (see Chapter V), the Transaction Manager should, to the best of their ability, seek to estimate the fair market value of the subject property. For such purpose, the Transaction Manager may rely on their knowledge of market conditions, information in the Yardi database, the experience of MTA Real Estate colleagues, informal discussions with appraisers, posted broker listings for comparable properties and/or discussions with brokers; provided, however, that any brokers so contacted should be informed that the inquiry is for information purposes only and that the MTA is not (or is not yet) seeking the assistance of such brokers to locate prospective purchasers or tenants. If an estimate of fair market value has already been obtained, the Transaction Manager should use it to help inform their analysis.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

C. Conclusion of Site and Preliminary Fair Market Value Analysis

The Transaction Manager should prepare a market analysis work sheet describing their analysis of the property and conclusions regarding the marketability of the property. The Transaction Manager should use such market analysis work sheet to guide their discussions with their Deputy Director, and the discussion should encompass the following:

- Parcel Information Sheet
- Review of the market analysis work sheet and explanation of fair market value estimate
- Analysis of whether revenue-generating potential or other benefits appears to justify cost and effort to make any required improvements to the property.
- Critical assumptions.

For potential TOM dispositions, the applicable Deputy Director should, upon conclusion of discussions with the Transaction Manager and resolution of any outstanding issues, then present the Pre-RFP Authorization Memo (with the market analysis work sheet attached) to the First Deputy TOM, for approval. Both the applicable Deputy Director and First Deputy should agree as to whether the property should be marketed for sale or lease or license or other disposition. If they determine to move forward with marketing for sale or lease or other disposition, the First Deputy should authorize the commissioning of valuation of the fair market value of MTA Property or the interest therein being disposed of, if it has not already been commissioned, as provided in Chapter V of these Guidelines. The Pre-RFP Authorization Memo is also approved by the Managing Director TOM.

For potential TOD dispositions, a similar market analysis should be performed, and the Transaction Manager should seek and obtain input and concurrence from the affected operating MTA Agency in connection with moving forward with any TOD development RFP as to the potential operational impacts, needs and benefits of the proposed transaction for the operating MTA Agency, the impact on any existing MTA Facilities and any new or expanded MTA Facilities that would be involved. The Transaction Manager should consult with MTA Legal's Deputy General Counsel, Unit Chief – Real Estate Development & Planning (the "**DGC-Development**") or MTA Legal's Deputy General Counsel, Unit Chief – Special Projects (the "**DGC - Special Projects**"), as applicable, the First Deputy, TOD and the Managing Director, TOD in connection with any proposed issuance of a TOD development RFP.

CHAPTER III –REQUESTS FOR PROPOSALS (RFPs)

Scope - This chapter describes the Lease/Sale RFP Process that will be followed by MTA Real Estate.

Responsibilities – Unless use of the Lease/Sale Negotiation Process is authorized, MTA Real Estate is responsible for providing all qualified members of the general public with an opportunity to lease or purchase available properties from the MTA or the MTA Agencies and for selecting tenants, ground lessees or purchasers based on predetermined priorities while ensuring the integrity of the selection process.

Objective - To maximize and generate MTA revenues while choosing qualified tenants, ground lessees or purchasers who will meet their obligations and improve the appearance of MTA Facilities and the quality of the amenities offered to the public at such facilities. Additionally, in the case of TOD matters, to monetize and generate revenues from MTA Property assets and interests for transportation purposes through development opportunities with third parties, including transfers of excess development/air rights, long-term ground leases and easements and joint developments to provide for new, expanded and/or modernized MTA Facilities.

Procedures - The Lease/Sale RFP Process is described in the following pages.

A. RFP PUBLICATION

1. The Transaction Manager is responsible for preparing the request for proposals ("**RFP**"). The RFP must include:

a. an "**RFP Cover Letter**", which highlights information about the offering, contains general instructions, and the following two PAL and Lobbying Law-required statements: (1) **"All proposals shall be publicly disclosed in the agenda for the meeting of the Finance Committee of the MTA Board where the transaction will be considered for approval or disclosed to the members of the Finance Committee of the MTA Board and to members of the MTA Board in executive session and thereafter publicly disclosed prior to execution",** and (2) **"All contacts with the MTA relating to this RFP must be made through the designated Point(s) of Contact identified herein. Contacts with anyone else at the MTA relating to this RFP may be a violation of law and may result in the disqualification of the proposer."** The RFP Cover Letter should include the names and contact information for the designated Point(s) of Contact (a sample RFP Cover Letter is shown in Figure 7) Note: For TOD transactions the RFP Cover Letter content may be incorporated within the body of the RFP;

b. the Parcel Information Sheet (see Figure 6) (for TOM matters);

c. Term Sheet;

d. a Proposer Information Form ("**PIF**" – See Figure 8) which includes a General Affidavit authorizing credit background and reference investigations;

e. a Procurement Lobbying Law Certification form (also known as the NYS Finance Law Sections 139-j & 139-k ("**Lobbying Law**") Disclosure Statement);

f. an Iran Divestment Act Certification form;

e. an Executive Order No. 16 Certification form;

g. an Executive Order No. 177 Certification form;

h. a Proposed Rent, Compensation or Purchase Price Form; and

ih. an IRS Form W-9.When this package is complete, the Transaction Manager should forward the RFP package to their applicable Deputy Director and the First Deputy, TOM for final approval via an appropriately titled Pre-RFP Authorization Memo (see Figure 9) in the case of TOM matters, or otherwise to their applicable Deputy Director and the First Deputy, TOD in the case of TOD matters, before it is issued. An RFP for TOM matters should also be reviewed and approved by MTA Legal's DGC – T&O or the MTA Legal's DGC – Special Projects, each as applicable, or their designee, to the extent that (a) standard RFP provisions have been materially modified or changed, or (b) the contemplated transaction may present special legal issues. Given the complexities and uniqueness of TOD matters, an RFP for TOD matters should always be reviewed and approved by MTA Legal's DGC — Development or MTA Legal's DGC – Special Projects, as applicable, or their designee, before being issued.

2. RFPs are not printed and distributed by mail. MTA Real Estate maintains a database for prospective tenants to register on the MTA's website and access all RFPs online. MTA Real Estate's online service includes automated electronic mailings to registered prospects announcing RFPs for available opportunities.

With respect to TOD transactions, TOD uses the MTA Real Estate database for prospective developers to register on the MTA's website and access all RFPs online.

3. If the subject property is currently occupied by an incumbent lessee or licensee in good standing, the Transaction Manager should notify such incumbent by an Incumbent Letter sent by certified and first-class mail and email that such property is going to be marketed in an upcoming RFP. The Transaction Manager must check that the address for the incumbent used in the Incumbent Letter is up to date and reflects any change of address, change of business name, etc. (For an example of an Incumbent Letter, see Figure 10). A copy of the Incumbent Letter and the return receipt should be maintained in the incumbent's file. The Incumbent Letter should not mention any details of the RFP, as that might give the incumbent an unfair advantage over other proposers, nor should it state or imply that the incumbent will receive preferential consideration. The letter should be mailed to the incumbent's address as listed in the notice provision of the incumbent's original agreement, as modified by any subsequent amendments or notices of change of address. Any questions regarding the appropriate address for notice should be referred to Tenant Management (and MTA Legal's DGC – T&O and/or MTA Legal's DGC – Special Projects, as applicable, if necessary). The Incumbent Letter should include a link to the website address where the RFP will be posted in order for the incumbent lessee or licensee to access the RFP. The need for an Incumbent Letter is not likely to apply to TOD matters.

4. After receiving approval from their applicable Deputy Director and the First Deputy, the Transaction Manager should initiate the advertisement of the RFP. MTA Real Estate's advertisements for RFPs and any other opportunities will generally be advertised along with all other agency procurements in the classified section of the *Daily News* and/or any other publications as required by law.

For TOD matters the Transaction Manager will generally determine whether other advertisement is warranted in other online or print publications geared to developers, for example *The Real Deal*. For each RFP, the advertisement should include a one-sentence description of the opportunity, including, in the case of TOM transactions, the RFP reference number (e.g., RFPBG0912), and a reference to and listing of the MTA website for MTA Real Estate RFPs (~~http://enterprise.nymta.info/MTA_Real_Estate_RFP/~~), Leasing & Sales Request for Proposals (RFPs) For an example of the RFP Advertisement, see Figure 11. The RFP website link should have the same language as the description in the advertisement. The advertisement will direct potential proposers to the "**Retail + Leasing**" page of the MTA website, from where they can access RFPs by signing in with a username and password. Point of Contact information will be included in the RFP cover letters that are included in the PDFs of RFPs on the website.

Advertisements may also be placed in additional periodicals with the approval of the First Deputy, depending on the targeted market, size and location of the property, etc. (e.g., for a restaurant, trade journals targeted to franchisees might be included) or in the case of potential TOD transactions, for publications geared to developers or specific user groups. A copy of all advertisements should be included in the RFP File. Targeted advertisements should include a more expansive description of the opportunity and a map, plan, or picture if appropriate. Also, these advertisements should include Point of Contact information and the Lobbying Law language shown above in 1.(a)(1) and 1.(a)(2). See Figure 11 for an example of such an advertisement.

Subject to Chief Customer Officer directive, advertisement drafts must be submitted to Miller Advertising by the Tuesday before the Thursday planned for the advertisement to have the RFP information placed in the next MTA advertisements for the four required periodicals. The Chief of Marketing and Advertising, should be copied on the email to Miller Advertising. The Transaction Manager should also ensure that the RFP is timely posted onto the MTA's website.

Formatted: Underline

Field Code Changed

Formatted: Font: Bold

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

5. At the same time or prior to posting an RFP, the Transaction Manager should call or send an email to the MTA press office, as well as the agency's public affairs office, being sure to email the individual responsible for press for the relevant MTA Agency, advising that an RFP is forthcoming, indicating whether a purchaser or tenant is being sought and describing the property being offered. The Transaction Manager should discuss with the press office whether a press release is warranted for the RFP due to the special circumstances or locations being offered in the RFP, and if so, coordinate the drafting and review of the press release with the relevant Deputy Director and First Deputy. If warranted, the Government Affairs office of the relevant MTA Agency should also be advised of the RFP.

6. On a case by case basis, the First Deputy may, with the concurrence of the Managing Director, (a) elect to make RFPs available to our on-call brokers and undertake in such RFPs to pay brokerage commissions (at the rates previously negotiated in our on-call contract) to any brokers that represented the MTA on the consummated sales or leases of MTA Properties that are the subject of such RFPs.

7. The Transaction Manager is responsible for seeing to it that each person or entity that has made an inquiry with respect to any particular property or type of property receives notice of the issuance of any RFP relating to such property or type of property.

8. A site visit time for prospective proposers is typically identified in the RFP. At the indicated time of the site visit, the Transaction Manager should be present at the site and available to answer any questions. The Transaction Manager should maintain a sign-in sheet for each location visited.

9. Addenda to RFPs can and should be issued as appropriate to apprise prospective purchasers, tenants or ground lessees of modified expectations or requirements, to provide them with other additional information and/or to respond to any questions that arise during the RFP process. Care must be taken to ensure that in this way all interested parties are provided in writing with all material information that is provided (whether orally or in writing) to any one such party.

10. The Transaction Manager must establish an RFP file which shall include all relevant documents for the respective RFP.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

Formatted: Justified, Indent: Left: 0.06", Right: 0.04", Tab stops: Not at 0.58"

B. Determination of Whether to Utilize Single-Step or Multi-Step Lease/Sale RFP Process

In the first instance, the applicable Deputy Director and the First Deputy should determine whether to utilize a single-step or a multi-step RFP process, based on the nature of the subject property, the complexity of the offering and prior experience with similar types of property.

C. Single-Step Lease/Sale RFP Process

In a single-step Lease/Sale RFP Process, MTA Real Estate's selection is based on the initial proposer submission (except that MTA Real Estate may seek clarifications and/or completion of submissions as described below). Following review and consideration of the proposal bids and the making of responsiveness and responsibility determinations, MTA Real Estate determines which proposal is most advantageous to the State, price and other factors considered. Unless it determines to reject all proposal bids, MTA Real Estate must then seek authorization from the MTA Board to enter into a lease or contract of sale or easement, as applicable, with such proposer. All proposal bids must be either publicly disclosed in the agenda for the Finance Committee meeting at which MTA Real Estate seeks such authorization or disclosed to the members of the Finance Committee of the MTA Board and to the members of the MTA Board in executive session and thereafter publicly disclosed prior to execution. The single-step Lease/Sale RFP Process is more likely to be used in TOM transactions and in Type II Transactions (e.g., MTA rights-of-way often have only one logical adjacent user; similarly, development/air rights are usually (although not always) only transferable ~~generally~~ to adjacent owners).

D. Multi-Step Lease/Sale RFP Process

In a multi-step Lease/Sale RFP Process, the initial proposer submission is followed by one (1) or more revised submissions. If the incumbent has submitted a proposal, all addenda to the RFP, requests for best and final offers, or other correspondence must be sent to the incumbent by the Transaction Manager via certified mail, return receipt requested, first class mail, and by email. If the incumbent's proposal was prepared by an attorney or other agent or representative, all addenda should also be sent to such representative or agent certified mail, return receipt requested, first class mail, and by email. Following each submission, MTA Real Estate staff may communicate with proposers to clarify the proposal bids or to obtain additional information. Following review and consideration of the proposal bids and the making of responsiveness and responsibility determinations, MTA Real Estate may decide to make a final determination based on such proposals or it may request that proposers submit revised proposals. At any point, MTA Real Estate may eliminate from the next step those proposers determined to be unresponsive, not responsible or outside of the competitive range on the basis of the selection criteria specified in the RFP. When MTA Real Estate decides that it is not going to seek any further submissions, it determines which proposal bid is most advantageous to the State, price and other factors considered. Unless it determines to reject all proposals, MTA Real Estate must then seek authorization from the MTA Board to enter into a lease or contract of sale or other definitive transaction documents, as applicable, with such proposer. All proposal bids must be publicly disclosed in the agenda for the Finance Committee meeting at which MTA Real Estate seeks such authorization or disclosed to the members of the Finance Committee of the MTA Board and to the members of the MTA Board in executive session and thereafter publicly disclosed prior to execution.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

E. Proposal Submissions

Proposals may be submitted as follows unless otherwise specified in the RFP:

One hard copy of the complete proposal submission should be MAILED, or sent via UPS, FEDEX, or other parcel or post carrier in sealed envelopes and must arrive by the date and time required in the RFP (unless initially emailed, as described below) ~~and must be sent to~~ provided that the same is sent by the date and time required in the RFP via electronic mail to the designated Point of Contact:

MTA Real Estate
Attention: Transaction Manager
Metropolitan Transportation Authority
2 Broadway, 4th Floor
New York, NY 10004
MTA Real Estate RFP Number: _____

In lieu of mailing or delivery by courier service by the required date and time, submissions of proposals may initially be made via electronic mail provided that the same is sent by the date and time required in the RFP and the designated Point of Contact confirms receipt, and an original hard copy is received no later than seven (7) days after the date and time required in the RFP.

F. Earnest Money Deposits

For discussion about deposits for leases, see Chapter VII – Board Approval Process, Section A. - Conditional Designation Letters.

Typically, for TOM transactions, in the case of a sale, RED requires each proposer to deposit with the MTA, at the time of its designation as the selected proposal (in the case of a single-step RFP), or best and final submission (in the case of a multi-step RFP), earnest money in the amount of the deposit that will ultimately be required under the contract of sale. Except as the First Deputy TOM may otherwise determine, such earnest money deposit should be in the amount of ten (10%) percent of the purchase price.
For TOD dispositions, the amount of the earnest money deposit, if any, and the timing as to when the same will be deposited, should be determined in consultation with the First Deputy, TOD and MTA Legal's DGC – Development and/or MTA Legal's DGC – Special Projects, as applicable, and will be reflected in the RFP.

All earnest money will be directed to be sent electronically to the discrete Real Estate bank account and IRS W-9 forms for TOM transactions should be forwarded to MTA Real Estate Finance. Once a proposer has been eliminated from further consideration, MTA Real Estate Finance must be notified by the Transaction Manager and ~~(except as described in Chapter IX of these Guidelines)~~ such proposer's earnest money deposit should be returned to such proposer.
For TOD transactions, all earnest money checks, if any, and IRS W-9 forms should be forwarded to the Director of Finance Operations, MTA C&D~~.~~

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted: Right: 0.04", Tab stops: Not at 1.08"

Formatted

:

If a proposer has been selected, its earnest money deposit may be held in a non-interest bearing non-segregated account, until such time as the contract of sale is executed, at which time it will be applied toward the down payment pursuant to the contract of sale and held in accordance with the terms of the contract of sale. If the selected proposer fails to enter into a contract of sale, such proposer's earnest money deposit may be retained by the MTA, in its discretion; provided, however, that the First Deputy and/or the Managing Director may in any event elect to return any earnest money deposit received from any governmental agency or not-for-profit agency. Alternatively, if negotiations have terminated by reason of an impasse over contract terms that were not addressed in the proposal or Conditional Designation Letter, and if the Transaction Manager and their Deputy Director and MTA Legal's DGC – T&O, MTA Legal's DGC – Development or MTA Legal's DGC – Special Projects, as applicable, concur that the proposer has been dealing in good faith, Tenant Management or Finance Operations, as applicable, should be directed to return the proposer's earnest money deposit without interest, if any.

The deposit of earnest money with a proposal submission may be waived for a given RFP by the First Deputy.

G. Opening Proposals

The receipt of proposals should be conducted with a high degree of confidentiality until the selection process is complete. Documentation such as proofs of receipt, and preliminary screening for completeness of RFP submissions, are critical in maintaining the integrity of the process. For MTA Real Estate, hard copy proposals are stamped and dated at the time of receipt. All hard copy proposals should be opened by the Transaction Manager in the presence of at least one other staff member, and in the meanwhile the proposals should remain sealed and unopened. Subsequent to opening the proposals, each submission should be examined to ensure that all required items have been included. A checklist should be used for that purpose (see Figure 12 for a sample checklist). Most proposals to MTA Real Estate will be submitted electronically, and appropriate measures will be taken to maintain the integrity of the process.

H. Evaluating Proposals

The following should serve as a guide for evaluating proposals, regardless of whether a single-step or multi-step Lease/Sale RFP Process is used. In the case of a single-step Lease/Sale RFP Process, a decision is made based on the initial submission. In the case of a multi-step Lease/Sale RFP Process, a decision is made based on the best and final submission.

1. Responsiveness. The first threshold to further consideration of a proposal is its "responsiveness". The following are to be considered to determine whether a proposal is responsive:

a. Required forms (including Procurement Lobbying Law, ~~and~~ Iran Divestment Act Certification, an Executive Order 16 Certification and an Executive Order 177 Certification~~forms~~) are completely filled out and executed by principals.

Formatted: Highlight

b. Receipt of earnest money deposit, in the correct amount as specified in the RFP, if requested.

c. Appropriate conceptual plans for improvements have been submitted, if requested.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

d. Proposed use is acceptable in accordance with criteria stated in the RFP.

Generally, a proposal submission must be complete to be considered, and an incomplete proposal submission should be disqualified if the deficiencies are material and allowing the proposer to correct the proposal would afford the proposer a significant unfair competitive advantage or would not be in the MTA's or other MTA Agency's best interest. However, the MTA reserves the right to waive any non-conformity with an RFP's requirements and the Transaction Manager should afford a proposer an opportunity to rectify any such non-conformity if it is relatively minor or such proposer's proposal is the best or only viable one received. In all instances, the Transaction Manager must discuss any such non-conformity with their Deputy Director, who must inform the First Deputy of such non-conformity. If there is any doubt about the appropriate action to take, MTA Legal's DGC – T&O, MTA Legal's DGC – Development, or MTA Legal's DGC – Special Projects, as applicable, should be consulted. All relevant decisions should be made by the Managing Director or by the CAO, in the case of a TOM matter, or the CDO, in the case of a TOD matter. If a decision is made to request action by the proposer to conform its submission to the RFP requirements, an email or letter should be sent to the proposer requesting such action. Any such email or letter should state that the non-conformity must be rectified within five working days, except that a longer time may be allowed by the Transaction Manager, after consulting with their Deputy Director, if the nature of the non-conformity (e.g., missing architectural plans) warrants such longer period.

If an RFP identifies a preferred or mandatory use, it should make clear whether such use is mandatory or merely preferred. If an RFP identifies a disfavored or prohibited use, it should make clear whether such use is prohibited or merely disfavored. A proposal received in response to an RFP should be deemed to be "unresponsive" (and thus disqualified) if such proposal contemplates uses that such RFP identified as prohibited or fails to provide for uses that such RFP identified as mandatory. A proposer should not be disqualified by reason of such proposer having proposed uses that the RFP identified as merely disfavored or failed to propose uses that the RFP identified as merely preferred (although that may be taken into account in scoring proposals, as described below).

2. Responsibility. The second threshold to further consideration of a proposal is whether the proposer is "responsible" under MTA procurement guidelines. A proposer may be disqualified as "not responsible" if, among other things, such proposer or any Affiliate of such proposer:

a. has been convicted of a felony or any misdemeanor involving moral turpitude;

b. has been disqualified from contracting with the MTA, the City of New York, the State of New York, the Port Authority of New York and New Jersey or the federal government, or any agencies, affiliates, or subsidiaries of them;

c. has violated the Procurement Lobbying Law (as more particularly described in Chapter XI of these Guidelines), Iran Divestment Act, Executive Order 16 and/or Executive Order 177);

d. owes, with respect to amounts due not more than five years prior to the date of the RFP, in excess of $10,000 to the MTA or any other MTA Agency; such amount is not (in the view of MTA Legal) the subject of a bona fide dispute; and such amount has remained unpaid after written demand from the MTA or another MTA Agency. Late payment, as opposed to non-payment, shall not constitute grounds for disqualification of an otherwise responsible proposer (although it may be taken into account in scoring proposals, as described below);

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

e. is in default of material non-monetary obligations to the MTA or another MTA Agency under an existing lease or other agreement and the MTA or MTA Agency has provided written notice under that lease and the default has not been timely cured as provided in the lease;

f. has any outstanding federal, state or local tax warrants or liens; or.

g. has received an unacceptable credit report from a reputable credit reporting company.

If, after providing written notice of its intent to disqualify them as not responsible and having afforded a proposer an opportunity to be heard, the MTA deems the proposer to be not responsible, the MTA need not undertake any further consideration of such proposer's proposal. The fact that a proposer is deemed responsible does not eliminate the need to determine, as part of the Selection Criteria, that the proposer possesses the creditworthiness and experience to satisfy its obligations.

3. Selection Criteria. Once a proposal has been determined to be responsive and the proposer responsible, the following evaluation and selection criteria should be considered to the extent relevant (recognizing that some of such criteria may in some instances not be relevant, as, for example, in the case of a sale):

- Present value of proposed compensation to the MTA, including the present value to the MTA (if any) of any improvements to be paid for by the proposer, but net of the cost of any improvements to be paid for by the MTA either directly or through a rent credit, abatement or other credit arrangement ("**Net Present Value**" or "**NPV**")
- Quality of proposed improvements and projected construction duration and/or turnover downtime
- Nature of proposed business and quality of Proposer's business plan
- Potential benefit to the MTA customers
- Business/personal references
- Demonstration that Proposer has the necessary financial capability and management, construction, development and operational experience to successfully develop and manage the retail unit for the duration of the term
- Compatibility and consistency of proposed use with MTA Agency operations and facilities

Formatted: Font: Bold

Formatted: Font: Bold

Rent proposals should be compared based on the present values of anticipated rental streams. Such present values should be calculated using appropriate risk-adjusted discount rates determined by the Managing Director and consistently applied. In calculating such present values, any percentage rent or other contingent rent projected by the proposer should be included only to the extent that the Transaction Manager deems such projections to be reasonable and then, in the case of TOM leases, should be afforded only half the weight that is afforded to guaranteed minimum rent.

In the case of any improvements that are to be made by a tenant and used by such tenant in its business (as opposed to any improvements to be made by a tenant or purchaser or ground lessee for the direct and immediate benefit of the MTA), the value of such improvements should be included in NPV only to the extent, if any, that such improvements are expected to have residual value to the MTA upon the scheduled expiration of the lease term; and then the NPV should include only the present value (as of the lease commencement date, calculated using the discount rate used to calculate the present value of the rents to be paid by such tenant)

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

of the anticipated value of the MTA's reversionary interest in such improvements as of such scheduled expiration date, based on commercially recognized standards for depreciating the cost of improvements over their useful life. By way of example, typically, the installation by tenants of utility connections (conduit and lines for water, sewer, sprinkler, power, and telephone, for example) from some point outside of the leased premises to the premises, and roofs and windows, are capital improvements that are customarily considered structural or systems-related and made by a landlord, and will provide residual value to the MTA because they have a useful life that will extend beyond a typical lease term in the case of TOM transactions and, if paid for by a tenant, will not need to be made by the MTA or the following tenant will not need to pay to make such installations, which should, all other things being equal, generate higher proposed rents in subsequent offers to lease the space. However, in the case of TOM transactions, most pre-existing interior renovations will be demolished and replaced by a new tenant, and generally would therefore not have residual value for the purposes of calculating the NPV, and in the case of TOD transactions involving a lease of MTA Property, a typical lease term for a ground lease transaction would extend for 99 years or longer such that depreciation and obsolescence of the improvements should be considered in determining the residual value, if any.

As part of the RFP evaluation process for TOM transactions, the Transaction Manager should complete RED's NPV calculation Excel template (see Figure 13), which has been designed to facilitate the calculation of Net Present Value and its components for use in discussion and write-ups of RFP proposals.
For TOD dispositions, the Transaction Manager should instead utilize a present value calculation that is customized specifically to capture the financial complexity and benefits of the proposed RFP transaction.

These Guidelines establish a rebuttable presumption that the responsive and responsible proposer whose proposal offers the highest guaranteed payments to the MTA (calculated on a net present value basis) should be designated as the lessee or purchaser of the subject property. However, as appropriate (depending on whether a lease or sale is contemplated), the Transaction Manager should assess, compare and take into account the respective proposers' business plans, experience (including for TOD transactions, construction and development experience) and financial capability, and may (with the concurrence of their Deputy Director, the First Deputy, and the Managing Director) determine that another proposer should be so designated because such other proposer would:

a. be materially more likely to meet its financial obligations to the MTA;

Formatted: Tab stops: 5.46", Left

b. provide a substantially superior amenity to the MTA's customers, the benefit to the MTA of which would outweigh the financial benefit to the MTA of accepting the proposal that would provide the MTA with the highest guaranteed payments;

c. make improvements to the MTA's property, the present value of which to the MTA would cause the NPV received by the MTA from such proposer to be higher than the NPV the MTA would receive from the proposer offering the highest guaranteed rent;

d. very likely pay percentage rent such that (even discounting such anticipated percentage rent by at least half as described above) the NPV received by the MTA from such proposer would be higher than the NPV the MTA would receive from the proposer offering the highest guaranteed rent; and/or

e. in the case of TOD transactions, provide a substantially superior MTA Facility to the MTA Agency from a functionality, utility, operational, or other perspective, the benefit to the MTA of which would outweigh the financial benefit to the MTA of accepting the proposal that would provide the MTA with the highest guaranteed payments.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

In all events, however, except as the MTA Board may otherwise decide in accordance with PAL Section 2897(7), the NPV offered by the designated proposer must equal or exceed fair market value determined in accordance with Chapter V of these Guidelines.

The evaluation of proposals for TOD RFPs for Type I ~~Transactions,~~Transactions should be made by a Selection Committee, comprised of the First Deputy, TOD, the Transaction Manager, at least one other member of TOD, and at least one representative of the involved MTA Agency which is or will be utilizing the MTA Property that is the subject of the RFP. The Selection Committee should jointly evaluate all responsive proposals received from responsible prospective proposers. The proposer designated by the Selection Committee with the concurrence of the Managing Director, TOD, should be selected and, with the approval of the MTA Board, conditionally designated. Where the Selection Committee is unable to agree on the selected proposer, the Managing Director, TOD, the CDO and MTA's Legal DGC-Development or MTA Legal's DGC – Special Projects, as applicable, should be consulted. For Type II Transactions involving sales, leases or grants of easement rights or development/air rights where there is only one logical proposer of MTA Property (typically the adjoining or neighboring property owners), a Selection Committee will not be required.

I. Selection Process

1. Interviews.

After reviewing credit background checks and completed Proposer Information Forms, the Transaction Manager should (except as described in the next paragraph) schedule an interview with each responsive and responsible proposer. A minimum of two (2) staff persons must attend each interview to maintain the integrity of the process. The interview should focus on any aspects of the proposal that are not self-explanatory and any discrepancies in or questions concerning the Proposer Information Form or credit background report. If, as the result of an interview there are changes to any of the terms or conditions theretofore proposed by a proposer, the Transaction Manager should secure written confirmation of such changes from such proposer.

If there are several qualified and responsible proposers, the Transaction Manager may choose to conduct interviews with as few as two (2) or three (3) proposers whose offers, over all, are most highly rated. In cases where there is only one highly rated proposer, the Transaction Manager, consulting with their Deputy Director, may choose to schedule an interview with that proposer only. An interview may be waived if the proposer is an existing MTA tenant or licensee.
For TOD Type I Transactions, at least two (2) members of the Selection Committee should be present at the interviews.

2. Short listing in Multi-Step RFP.

In the case of a multi-step RFP process, the Transaction Manager (or, in the case of a TOD Type I Transaction, the Selection Committee) should determine (a) whether there will be any short listing of proposers before the revised offer stage and (b) whether interviews will be held before a revised offer stage. If there will be any short listing before the revised offer stage, the Transaction Manager should prepare an Authorization Memo recommending such short listing to their Deputy Director, the First Deputy and the Managing Director. The purpose of such Authorization Memo is to provide support and justification for such short listing.

3. Revised Offer Stage in Multi-Step RFP.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

In the case of a multi-step RFP process, after interviews and short listing, if any, the Transaction Manager should prepare a letter instructing the remaining eligible proposers with respect to the process for the submission of revised proposals. Such letter, which should be emailed as a .PDF document and mailed via first class mail, should set forth:

- The date, time and place for the submission of the revised proposals;
- The information that needs to be supplied in the revised proposals; and
- Any supplemental information, not previously supplied, of which the proposers ought to be aware.

There may be more than one call for revised proposals. When MTA Real Estate decides that it is not going to seek any further submissions, the Transaction Manager should proceed as if the last proposals received were the proposals received in a single-step RFP process.

4. Recommendation of Award

Single-Step RFP: In the case of a single-step RFP process, upon completion of all interviews, if any, the Transaction Manager should prepare a RFP Award Authorization Memo to their Deputy Director, the First Deputy, and Managing Director (see Figure 14 for a form of Authorization Memo). The purpose of such RFP Award Authorization Memo is to provide support and justification for the rejection of all proposals or the issuance of a Conditional Designation Letter. Each such RFP Award Authorization Memo must include a check in the applicable SEQRA/NEPA check-box and any follow-up action required prior to the disposition. The Lobbying Law check box must also be completed as directed on the RFP Award Authorization Memo.

Multi-Step RFP: In the case of a multi-step RFP process, upon completion of all interviews, if any, and after the receipt of the final revised proposals, the Transaction Manager should prepare an RFP Award Authorization Memo for concurrence and approval by their Deputy Director, the First Deputy TOM, and the Managing Director. Again, the purpose of such Authorization Memo is to provide support and justification for the rejection of all proposals or the issuance of a Conditional Designation Letter (see Chapter VII.A).

It is the responsibility of the applicable Deputy Director and the First Deputy to verify the Transaction Manager's net present value calculations and to assess the reasonableness of any determination by the Transaction Manager that the opportunity to lease or purchase the subject property should, for one or more of the reasons set forth above, be afforded to a proposer other than the proposer that offered the highest guaranteed compensation (as calculated on a net present value basis). Any such determination should be highlighted and explained in the Transaction Manager's Authorization Memo, as well as in the applicable Staff Summary.

CHAPTER IV – ENTERING INTO AGREEMENTS THROUGH THE LEASE/SALE NEGOTIATION PROCESS

Formatted: Justified, Indent: Left: 0.06", Right: 0.04", Space Before: 0 pt, Tab stops: 0.31", Left

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Scope – This chapter establishes procedures for entering into lease or sale or other disposition transactions of MTA Property based on negotiations where use of the Lease/Sale Negotiation Process is permitted by law and determined to be appropriate.

Applicability - The Public Authorities Law allows the Lease/Sale Negotiation Process to be utilized only under the following circumstances:

a. the fair market value of the property to be leased-out is no greater than an average of $15,000~~.00~~ annually over the term or the sale price does not exceed $15,000, or

b. proposal prices after advertising are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition (even if the fair market value, as applicable in (a) above, exceeds $15,000); or

c. the disposition will be to the State or any political subdivision, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation (even if the fair market value, as applicable in (a) above, exceeds $15,000); or

d. under those circumstances permitted by subdivision seven of PAL Section 2897, which include the following:

(i) the transferee is a government or other public entity, and the terms and conditions of the transfer require that the ownership and use of the asset will remain with the government or any other public entity;

(ii) the purpose of the transfer is within the purpose, mission or governing statute of the public authority; or

(iii) such action is otherwise authorized by law.

In the case of (a), (b) or (c) above, the disposition must be for no less than the applicable fair market value. In the case of (d), it can, but does not have to be, for less than fair market value. However, if the disposition, in the case of (d), is for less than fair market value, then the following information must be provided to the relevant MTA Agency board (which must make a written determination based upon such information, that there is no reasonable alternative to the proposed below-market transfer that would achieve the same purpose of such transfer) and the public:

(i) a full description of the asset;

(ii) an appraisal of the fair market value of the asset and any other information establishing the fair market value sought by the board;

(iii) a description of the purpose of the transfer, and a reasonable statement of the kind and amount of the benefit to the public resulting from the transfer, including but not limited to the kind, number, location, wages or salaries of jobs created or preserved as required by the transfer, the benefits, if any, to the communities in which the asset is situated as are required by the transfer;

(iv) a statement of the value to be received compared to the fair market value;

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

(v) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (iv) of this paragraph, statement of the value to the private party; and

(vi) the names of other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used.

Explanatory Statements.

An "explanatory statement" must be prepared in the case of any disposition pursuant to the Lease/Sale Negotiation Process that involves:

a) any sale of real property that has an estimated fair market value in excess of $100,000;
b) any real property disposed of by lease if the estimated average annual rent over the term of the lease is in excess of $15,000 (if the base rent in any year of the initial term is over $15,000, then the lease qualifies for an explanatory statement); or
c) any real property or real and related personal property disposed of by exchange, regardless of value, or any property any part of the consideration for which is real property.

Each such explanatory statement must be transmitted to the NYS Comptroller, the Director of the Budget, the Authorities Budget Office, the Commissioner of General Services and Legislature not less than ninety days in advance of the closing of such disposition, and a copy thereof must be preserved in MTA Real Estate's files.

The explanatory statement, which may be in the form of a staff summary, must include at a minimum:

a) Description of the parties involved in the property transaction;
b) Justification for disposing of property by negotiation;
c) Identification of property, including its location;
d) Estimated fair market value of the property or fair rental value (as applicable);
e) Proposed sale price or rent or other consideration to be paid for the property;
f) Size of the property; and
g) Expected date of sale or lease or other disposition of the property.

The Transaction Manager is responsible for preparing any such transmittal, which should be reviewed and approved by their Deputy Director, the First Deputy, the Managing Director, MTA Legal's DGC-T&O, MTA Legal's DGC-Development, or MTA Legal's DGC – Special Projects, as applicable, and the Director of State Legislative Affairs before it is sent out.

State Comptroller Review and Approval

Contracts for the disposition of real property via the Lease/Sale Negotiation Process that are valued at $1 million or more, and all amendments to such contracts, must be reported to the Office of the State Comptroller ("**OSC**") and may be subject to review and approval by the OSC.

Formatted: Font: Bold

All contracts entered into via the Lease/Sale Negotiation Process with a value of $1 million or more (with value being determined as the sale value in the case of a sale or the Net Present Value of the total rental payments over the full term of a lease, including all option periods) in the case of a lease, and all amendments to such contracts are "eligible contracts" for OSC review.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Each eligible contract that the MTA anticipates entering into in a given year must be reported to the OSC in December of the prior year. The Director, Real Estate Finance & Administration, with the assistance of the First Deputy, will prepare this list on an annual basis and update it as required. If an eligible contract that has not been previously reported arises after the December reporting period, then it must be reported to the OSC. The Director, Real Estate Finance & Administration, with the assistance of the First Deputy, will prepare this report. No eligible contract may be entered into less than ten (10) days prior to the execution of the eligible contract.

The OSC may designate specific eligible contracts that must be submitted automatically to the OSC for prior review and approval, in the manner determined by the OSC (various materials, including RFP or other solicitation materials, may need to be submitted). All eligible contracts submitted for review must contain a provision stating that such contracts are not valid until approved by the OSC (unless the OSC has not approved or disapproved a contract within ninety calendar (90) days, in which case such contract shall become valid and enforceable without such approval).

However, all eligible real-estate contracts that were not selected for review and approval by the OSC, must be filed with the OSC within sixty days of execution. **That means during ~~2025/2026~~2026/2027 all agreements, or amendments to agreements, using the Lease/Sale Negotiation Process with a value of over $1 million must be filed with the OSC within sixty calendar days of execution.**

CHAPTER V – VALUATIONS AND FAIR MARKET VALUE

Formatted: Justified, Indent: Left: 0.08", Right: 0.04", Space Before: 0 pt

Scope – This chapter contains guidelines for estimating the fair market value of MTA Property (including an interest in real property, such as an easement or leasehold interest) to be offered for sale or lease or other disposition.

Responsibilities –MTA Real Estate must obtain an independent appraisal of the value in connection with every sale or lease or other disposition of MTA Property (including an interest in real property, such as an easement or leasehold interest). Each valuation commissioned by the MTA Real Estate pursuant to these Guidelines should be prepared by an independent New York State licensed or certified appraiser, except that in the case of a proposed space lease such valuation may be prepared by an independent licensed real estate broker experienced in the leasing of space in the area where the subject property is located. Such appraiser or broker cannot be involved directly or indirectly in the Lease/Sale RFP process for the subject property.

Objective – To aid MTA Real Estate and the MTA Board in their efforts to obtain appropriate compensation from purchasers and tenants and other transferees of MTA Property and to ensure compliance with PAL Section 2897(3), which, except in limited specified circumstances, prohibits the disposition of MTA Property for less than its "fair market value."

Procedure – PAL Section 2897 does not define "fair market value". However, such term is commonly understood in the real estate industry to mean the price (in the case of a sale) or rent (in the case of a lease) or other consideration or compensation in the case of any disposition for which a typical owner of property comparable to the subject property would be willing to sell or lease or otherwise dispose of such property and a typical unrelated prospective buyer or tenant or other transferee would be willing to purchase or lease or

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

otherwise acquire such property as of a specific date, assuming that neither party is specially motivated and that the property is sufficiently marketed so that its availability is reasonably well known.

In many cases, estimating fair market value, while inherently imprecise due to the uniqueness of property, is relatively straight-forward. Anyone with knowledge of the local real estate market can survey published data relating to recent transactions to find examples of sales or leases of comparable properties where the owner presumably solicited or could have solicited offers from any number of potential buyers or tenants. And, in such cases, one need then only make appropriate adjustments to per square foot prices or rents to account for variations among properties. In other cases, however, determining a "market" value is more difficult, as a property (or interest therein such as an easement) can be uniquely valuable to an adjoining property owner and (by virtue of such property's size, shape or inaccessibility) have relatively little or no value at all to anyone else. In such cases, the fair market value of such property lies at an indeterminate point somewhere between the polar extremes of (a) One Dollar ($1.00; the amount that the adjoining property owner would have to pay to win such property at an auction without any reserve price) and (b) the amount by which adding such property (or interest therein) to the adjoining property owner's property would increase the fair market value of the adjoining owner's property.

In these Guidelines, the term "Type I Transactions" is used to refer to sales or leases or other transfers of MTA Property (such as stores or independently developable parcels) where the purchasers or tenants could be anyone; and the term "Type II Transactions" is used to refer to sales or leases or other transfers of MTA Property to adjoining or neighboring property owners or in other instances where such property has unique value to such adjoining or neighboring property owners or transferees.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted: Justified, Right: 0.04", Line spacing: single

Formatted

PAL Section 2897 does not distinguish between Type I Transactions and Type II Transactions; in either case, it requires that an independent appraisal to determine the value be obtained and retained in MTA Real Estate's records and (except in the special circumstances identified in Chapter IV of these Guidelines) requires public advertising for proposals. However, because many of the transactions that the MTA Real Estate handles are Type II transactions (e.g., MTA rights-of-way often have only one logical adjacent user; similarly, development/air rights are usually (but not always) ~~only~~ transferable ~~generally~~ to adjacent owners), it is important, as a practical matter, to recognize that MTA Real Estate will not in fact receive competitive offers in the case of Type II Transactions, and for Transaction Managers to give suitable instructions to appraisers or brokers to avoid confusion and ensure that in all cases the intentions of this chapter are properly served by the appraiser's work.

In the case of a Type I Transaction, the Transaction Manager should instruct the appraiser or broker to prepare a typical assessment of the value of the subject MTA Property assuming full and adequate competition among potential purchasers or tenants, as the case may be. For most Type II Transactions (other than those involving a disposition of MTA Property as just one part of a larger transaction motivated, in part, by the MTA's realization of significant benefits, including, for example, enhanced customer amenities, transportation facilities or necessary access), the Transaction Manager should consider instructing the appraiser or broker to prepare an assessment of the incremental value to the adjoining property owner of adding the subject MTA Property (or interest therein) to such adjoining property owner's interest. The Transaction Manager should instruct the appraiser to explicitly state in the appraisal the reasoning used in determining the estimated incremental value to the adjoining property owner.

It is important to note that in either case, the value determined by the appraiser will not necessarily equate with "fair market value." Appraisers can only estimate value, and indeed they commonly disagree when more than one is asked to value any given property. And, in the case of a Type I Transaction to be entered into after the Lease/Sale RFP Process has in fact resulted in competition between two or more typically motivated potential purchasers or tenants or transferees, the actual results of such Lease/Sale RFP Process constitute more concrete evidence of fair market value than a valuation by an appraiser or broker does. However, the estimate of value determined by an independent appraiser does nonetheless constitute rebuttable evidence of fair market value, and a tool for assessing the efficacy of MTA Real Estate's efforts to maximize income from the disposition of MTA Property (regardless of whether the Lease/Sale RFP Process of the Lease/Sale Negotiation Process is used).

Accordingly, each Staff Summary presented for MTA Board approval should include a statement as to whether the proposed transaction would yield to the MTA the estimated fair market value and, if the proposed transaction would yield to the MTA less than such estimate of value, either (a) an explanation as to (i) why the MTA Real Estate does not believe such estimate of value coincides with fair market value and (ii) why the compensation to the MTA that is being recommended in the Staff Summary represents at least fair market value or (b) information and proposed MTA Board findings of the kind required by PAL Section 2897(7)(b) and (c), which read as follows:

> "(b) In the event a below fair market value asset transfer is proposed, the following information must be provided to the authority board and the public:
>
> (i) a full description of the asset;

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

(ii) an appraisal of the fair market value of the asset and any other information establishing the fair market value, as adjusted for any in-kind benefits received, sought by the board;

(iii) a description of the purpose of the transfer, and a reasonable statement of the kind and amount of the benefit to the public resulting from the transfer, including but not limited to the kind, number, location, wages or salaries of jobs created or preserved as required by the transfer, the benefits, if any, to the communities in which the asset is situated as are required by the transfer;

(iv) a statement of the value to be received compared to the fair market value;

(v) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (iv) of this paragraph, a statement of the value to the private party; and

(vi) the names of other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used."

(c) Before approving the disposal of any property for less than fair market value, the board of any authority shall consider the information described in paragraph b of this subdivision and make a written determination that there is no reasonable alternative to the proposed below market transfer that would achieve the same purpose of such transfer."

In circumstances where the consideration to be received by the MTA or other MTA Agency under an RFP contemplates the construction and/or operation and maintenance of new or enhanced MTA Facilities or other non-monetary consideration (e.g., in a TOD transaction where the proposer will construct for MTA commuter parking facilities, the cost-savings to the MTA of constructing such parking facility), the value of the non-monetary consideration must be evaluated in order to determine whether the proposed transaction would yield to the MTA the estimated fair market value of the MTA Property being transferred. To the extent that the Transaction Manager in consultation with the First Deputy require outside expertise in estimating the value of such non-monetary consideration, they may seek such services.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

CHAPTER VI - ANALYSIS OF PROPOSER'S FINANCIAL CAPABILITY

Scope - This chapter outlines the procedures to be utilized to evaluate a proposer's financial ability to comply with the terms of a contract of sale or lease or other transaction agreement.

Responsibilities - The Transaction Manager is responsible for receiving and taking into account the information reported on Proposer Information Forms and for ordering and taking into account the results of independent credit and background reports.

Objective - To evaluate the creditworthiness of a prospective tenant or purchaser or ground lessee or other transferees.

Procedures - The necessary procedure for conducting the credit and background check begins with the Transaction Manager obtaining a completed Proposer Information Form from each proposer in order to gather reference and credit and background information for such proposer. The Proposer Information Form includes an authorization to order a credit background report and check financial references. The Transaction Manager should provide the requisite information to MTA Real Estate's credit reference service and order a credit background report from such service. Typically, this process takes two (2) to three (3) weeks.

In the case of a proposed sale, the primary evidence of a prospective purchaser's financial capability is such prospective purchaser's ability and willingness to put at risk a substantial down payment (typically equal to 10% of the purchase price). However, the Transaction Manager should nonetheless seek evidence of each prospective purchaser's ability to finance the balance of the purchase price, recognizing that such evidence is likely to take the form of expressions of interest and indicative terms from prospective equity owners and lenders, as opposed to definitive commitments.

In the case of a lease (other than a long-term ground lease for TOD transactions):

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

a. except in special circumstances with the approval of the First Deputy (as, for example, where the tenant makes a substantial pre-payment of rent or funds a substantial improvement of substantial value to the MTA), the prospective tenant should be required to demonstrate at a minimum that it is ready and able to post cash or a letter of credit as a security deposit in the amount of three (3) times the projected base monthly rent for the final year of the lease term;

b. the prospective tenant should be required to furnish a business plan, including pro forma projections of income and expense, that demonstrates that the tenant will be able to afford to pay the proposed rent from its operating revenues;

c. unless the tenant is itself a creditworthy entity, payment and performance of the tenant's obligations under the lease should be personally guaranteed by a creditworthy principal of the tenant;

d. where individual proposers intend for a newly formed entity in which they are principals to be the tenant under the lease, in most circumstances (except where the tenant makes a substantial pre-payment of rent or funds a substantial improvement of substantial value to the MTA) the individual proposers/principals of the entity should be expected to provide a full personal guaranty of the tenant's lease obligations during the entire term of the lease and where the tenant or lessee funds a substantial improvement of substantial value to the MTA, the individual proposers/principals of the entity should be expected to provide a guaranty of completion of the tenant's construction obligations as well as a guaranty of rent payments, if any, during construction;

e. alternatively, under certain circumstances it may be appropriate to limit the scope of the personal guaranty of a creditworthy principal so that the guarantor's liability under the same will be released before the end of the term of the lease, but not before completion of the initial improvements and some period of time beyond the voluntary early surrender of possession (typically twelve months to afford MTA an opportunity to re-lease the premises); examples of circumstances where a limited guaranty may be appropriate rather than a full guaranty, would be where a tenant will be making a substantial investment in improving the lease premises either that would have substantial residual value to the MTA or that would result in a substantial loss of investment if the lease were to be terminated for non-payment of rent such that the tenant is otherwise substantially incentivized to avoid forfeiture of its investment; and

f. if the tenant is to be required to undertake and pay for substantial capital improvements (including alterations of a permanent nature, but excluding tenant fit out work for tenant's own use) and such capital improvements is estimated to cost more than two hundred and fifty thousand ($250,000) in the aggregate, tenant shall be required to post, or cause to be posted, a bond issued by a corporate surety licensed to do business in the State of New York or other form of undertaking acceptable to the Comptroller of the MTA. Each such bond or similar undertaking must comply with the requirements set forth in Section 5 of Article 2 of the New York Lien Law.

It is in light of the foregoing requirements that the financial information provided by proposers should be evaluated by MTA Real Estate staff.

For TOD lease transactions which typically involve long-term triple net ground leases where the lessee will fund substantial improvements of substantial value to the MTA, the financial capability of the lessee to construct the improvements and pay for the costs of carrying the property in question until stabilization (i.e., the point in

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

time when the new improvements will likely generate sufficient revenues to pay for the rent obligations under the ground lease, including payments on account of property taxes, and debt service) is achieved should be determined. Most ground leases following completion of construction will be recourse to the ground lessee only and not to its principals or other credit parties.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

CHAPTER VII – BOARD APPROVAL PROCESS

Formatted: Justified, Right: 0.04", Space Before: 0 pt

Scope – This chapter reviews the process for the preparation of Conditional Designation Letters and Finance Committee Staff Summaries and for the obtaining of MTA Board approval of sale and leasing-out or other disposition transactions recommended by MTA Real Estate. All proposals to sell or lease-out or other disposition of MTA Property must be reviewed by the Finance Committee, and no such sale, lease or other transfer can become effective until and unless the MTA Board (after review by the Finance Committee) has specifically authorized such sale, lease, or other disposition, except as permitted by the MTA Board policy adopted on November 13, 2013 ("**Three Responsive Proposals for a Standard Retail Lease or License Policy**"). This policy allows MTA Real Estate to award leases or licenses for standard retail locations to the proposer who offered the highest guaranteed rent without a Finance Committee Staff Summary or MTA Board Approval provided that (i) at least three proposals were received and (ii) it is later listed in a chart in the Finance Committee book.

Formatted: Font: Bold

A. Conditional Designation Letters

When MTA Real Estate has determined that it wishes to accept the proposal of a prospective tenant to lease MTA Property or of a prospective purchaser to purchase MTA Property or of a prospective transferee to acquire MTA Property that is being disposed of other than by sale or lease (whether pursuant to the Lease/Sale RFP Process or pursuant to the Lease/Sale Negotiation Process), the Transaction Manager should prepare a conditional designation letter for execution by the Managing Director on behalf of the relevant MTA Agency and counter-signature by such prospective tenant or purchaser or other transferee (a "**Conditional Designation Letter**" or "**CDL**"; see Figure 16 for a sample form for TOM transactions). Such letter should spell out the terms of the proposed transaction with as much specificity as possible under the circumstances, not in the body of the letter itself but by incorporating by reference the most recent written materials (typically a signed Parcel Information Sheet or Term Sheet and signed Rent Proposal) that have been updated, if required, to embody the agreements that MTA Real Estate believes have been reached to date with respect to such transaction. Each Conditional Designation Letter must stipulate that it does not constitute a legally binding agreement insofar as the MTA is concerned and that it is subject to MTA Board approval.

Formatted: Font: Bold, No underline, Underline color: Auto

Formatted: Font: Bold

Formatted: Font: Bold, No underline, Underline color: Auto

Formatted: Font: Bold, No underline

Typically, in the case of a lease (other than a long-term ground lease), MTA Real Estate requires the selected proposer to deposit with the MTA, at the time they counter-sign and return a Conditional Designation Letter, earnest money in the amount of the security deposit that will ultimately be required under the applicable lease. Except as the Managing Director may otherwise determine or the RFP otherwise specifies, such earnest

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

money deposit should be in the amount of three times the proposed monthly rent in the last year of the lease term. In the case of TOD lease transactions, the selected proposer may or may not be required to deposit with MTA an earnest money or good faith deposit (the amount of which will be specified in the RFP or the Conditional Designation Letter) in connection with the Conditional Designation Letter, but if not, then will typically be required to do so when a pre-lease or pre-development and disposition agreement is entered into. In such TOD transactions, if not previously entered into, the selected proposer will be required to enter into an expense reimbursement agreement and deposit with the MTA an expense deposit, to cover the MTA's third-party costs, including legal fees of outside counsel, in connection with the further negotiation, drafting and structuring of the transaction and the transaction documents.

All IRS W-9 forms should be forwarded by the Transaction Manager to Tenant Management in connection with TOM transactions and to Financial Operations, MTAC&D in connection with TOD transactions, who should make a record of such wires and then transmit such wire information for deposit at the Bank designated by the MTA for such purpose. The proposer's earnest money deposit may be held in a non-interest bearing non-segregated account until such time as the lease is executed, at which time it will be applied toward the security deposit required pursuant to the lease. If the selected proposer fails to enter into a lease, such proposer's earnest money deposit may be retained by the MTA, in its discretion; provided, however, that the First Deputy and/or the Managing Director may in any event elect to return any earnest money deposit received from any governmental agency or not-for-profit agency. Alternatively, if negotiations have terminated by reason of an impasse over contract terms that were not addressed in the proposal or Conditional Designation Letter, and if the Transaction Manager and their Deputy Director and MTA Legal's DGC – T&O, MTA Legal's DGC – Development, or MTA Legal's DGC – Special Projects, as applicable, concur that the proposer has been dealing in good faith, Real Estate Finance & Administration or MTAC&D Financial Operations, as applicable, should be directed to return the proposer's earnest money deposit without interest, if any. The submission of earnest money may be waived for a given RFP by the Managing Director.

Once an Authorization Memo approving a proposed disposition has been signed, a lease or contract of sale executed by the prospective tenant or purchaser may serve in place of the Conditional Designation Letter. Each such lease (other than a standard retail lease that is governed by the Three Responsive Proposals for a Standard Retail Lease or License Policy) or contract must stipulate that it is not a legally binding agreement insofar as the MTA is concerned and that it is subject to MTA Board approval.

If a proposer or purchaser fails to (i) sign a Conditional Designation Letter or (ii) subsequently sign a lease or contract of sale or other operative transaction documents in TOM matters, the Transaction Manager, TOM must write a "dead deal" memorandum explaining the reason why the transaction was not completed. For TOM transactions, the memo must be delivered to the applicable Deputy Director with copies distributed to the First Deputy, the Managing Director, the Director, Tenant Management (in the case of TOM matters) and the Yardi Database Administrator (to ensure the transaction account is properly closed and the applicable rentable Unit inventory is shown as available).
For TOD transactions, the Transaction Manager should consult with MTA Legal's DGC– Development, or the MTA Legal's DGC Special Projects, as applicable, or their designee to determine what steps should be taken to withdraw the Conditional Designation Letter.

For Type II Transactions, a Conditional Designation Letter may be waived by the Managing Director.

B. Staff Summaries

After the prospective purchaser or tenant or other transferee counter-signs the Conditional Designation Letter or in the case of a TOM transaction returns a signed lease or contract of sale in lieu of a Conditional Designation Letter which stipulates that it is subject to board approval, the Transaction Manager should

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

prepare a Staff Summary (unless not required pursuant to MTA Board-approved Three Responsive Proposals for a Standard Retail Lease or License Policy or other MTA Board-approved policy that may be adopted in the future) for Finance Committee approval. The following is the sequence of steps for preparation of the Staff Summary. This process typically takes approximately five (5) weeks and results in a presentation to and discussion with the Finance Committee. A detailed description of the Staff Summary process is contained in the *Staff Summary Procedure* available in the "Staff Summaries" folder in the RED's/TOD's shared drive.

1. The assigned RED/TOD Finance & Administration team distributes a schedule of Finance Committee and MTA Board meeting dates to all MTA Real Estate staff. This schedule includes deadlines for the submission of Staff Summaries.

2. The Transaction Manager submits a project title to their Deputy Director for review, and then to the assigned RED/TOD Finance & Administration team who is responsible for MTA Real Estate's Finance Committee agenda.

3. The Transaction Manager prepares a first draft of the Staff Summary, using the MTA Real Estate standard form (see Figure 17). Details such as the following should be included as appropriate:

   - Finance Committee meeting date
   - MTA Agency involved
   - Purchaser or tenant or another transferee name
   - Location (street address and/or block and lot)
   - Activity (use, e.g. lease, sale or grant of easement, etc.)
   - Action requested (approval, extension of term, etc.)
   - Term (years)
   - Renewal options (if any)
   - Space (size/square feet, configuration, etc.)/MTA Property
   - Compensation (rent or sales price or other consideration)
   - Termination rights (if any)
   - Security deposit (if any)
   - Guarantor (if any)
   - Required improvements (if any)
   - Comments section should review the justification for the selection of the proposed tenant, purchaser, or transferee, and should include the number of proposals received (if the purchaser or tenant or transferee was selected via an RFP Process), and the names of any proposers that were disqualified and the reasons why. Unless the RFP or cover letter stated that all proposal bids would be disclosed to the members of the Finance Committee of the MTA Board and to the members of the MTA Board in executive session and thereafter publicly disclosed prior to execution, the comments section of the Staff Summary should disclose the present values of the guaranteed compensation offered by each responsive and responsible proposer, the discount rate used to calculate such present values, and, if the responsible and responsive proposer with the highest such present value was not selected, an explanation as to why a different proposer was selected.

4. The applicable Senior Deputy Director, the First Deputy, the Managing Director, and

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

MTA Legal's DGC – T&O, MTA Legal's DGC – Development, or MTA Legal's DGC – Special Projects, as applicable, review the draft and make changes as they see fit.

5. MTA executive staff (CAO or CDO as applicable), General Counsel, Chief of Staff and Chief Financial Officer) review and make changes as they see fit.

6. The completed Staff Summary is submitted along with the remainder of MTA Finance Committee agenda package for printing.

Formatted: Indent: Left: 0", First line: 0"

C. Board Approval

The Transaction Manager and their Deputy Director, as well as the First Deputy, should be present during the Finance Committee discussion in order to help answer questions as needed. The Finance Committee may instruct the MTA Real Estate staff to make changes in the Staff Summary as reflected in the minutes of the Finance Committee meeting. Any such changes must be made to the Staff Summary prior to submission to the full MTA Board. If the transaction is recommended by the Finance Committee, the Transaction Manager should update MTA Real Estate's Yardi database with the Finance Committee approval date and the transaction is included in the Finance Committee's report to the MTA Board. Once the MTA Board has approved the transaction, the Transaction Manager should enter the MTA Board approval date (or in the case of a standard retail lease governed by the Three Responsive Proposals for a Standard Retail Lease or License Policy-, the date listed in the MTA Finance Committee Book pursuant to such policy) into Yardi.

D. SEQRA Compliance

As indicated above, MTA Real Estate staff must consult and coordinate with MTA Legal's DGC – Environmental to ensure that, before the MTA Board takes action to approve any sale or leasing-out transaction, the requirements of SEQRA have been satisfied to the extent such requirements are applicable to such transaction. Depending on the circumstances, the MTA Board may need to make certain SEQRA-related determinations before it takes such action. Prior to submitting an Authorization Memo for any transaction, the Transaction Manager should, in consultation with MTA Legal's DGC - Environmental, determine what, if any, SEQRA requirements must be satisfied and whether and how such requirements need to be addressed in the applicable Staff Summary.

For TOD development transactions, there are often subsequent SEQRA activities and responsibilities performed by the TOD-designated developer, after which there is a second MTA Board action that adopts the requisite SEQRA findings, and following such adoption, then authorizes MTA or the applicable MTA Agency(ies) to execute binding transaction documentation.

Formatted

CHAPTER VIII - PREPARATION OF FORMAL AGREEMENTS

Formatted: Justified, Indent: Left: 0.06", Right: 0", Space Before: 0 pt

Scope - This chapter reviews procedures relating to the preparation of definitive legally binding agreements for a sale or lease or other disposition of MTA Property.

Objective - To develop a fully executable agreement as well as provide documentation of the approval and revision of such agreement.

Responsibilities – The Transaction Manager, TOM has primary responsibility for completing and providing the Legal Intake Questionnaire (see Figure 23) and (in the case of a lease) a Preparer Questionnaire Form ("**PQF**") (see Figure 24), and all required supporting documentation to either the MTA Legal's DGC – T&O or the MTA Legal's DGC – Special Projects, as applicable. MTA Legal's DGC – T&O or the MTA Legal's DGC – Special Projects, as applicable, and in each case has primary responsibility for preparation (with or without the assistance of outside counsel) of the draft lease or sale agreements. A Legal Intake Questionnaire and PQF are not required for TOD transactions. The Transaction Manager and Deputy Director is also responsible for reviewing the draft agreements and preparing the Document Approval Form ("**DAF**").

Formatted: Font: Bold

Formatted: Font: Bold

For TOD matters, the Transaction Manager, TOD and either MTA Legal's DGC – Development or the MTA Legal's DGC – Special Projects, as applicable, have primary responsibility and the assigned real estate attorney in MTA Legal (typically, with the assistance of outside counsel) for the preparation of the draft transaction agreements.

Procedures - The necessary procedures for preparing the sale or lease or other disposition transaction agreements include completing the required forms and providing them to MTA Legal's DGC – T&O, MTA Legal's DGC – Development, or MTA Legal's DGC – Special Projects, as applicable with all supporting documentation.

A. Drafting of Formal Agreement

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Prior to or following the acceptance of the terms of the agreement by the MTA Board for TOM transactions, the Transaction Manager should provide a completed PQF (in the case of a lease) and Legal Intake Questionnaire, and transmit them, along with other supporting documents as may be needed (including a copy of the Authorization Memo, RFP, selected proposal, PIF and Conditional Designation Letter, and in the case of a sale, title report and survey, and if requested a copy of the valuation), to MTA Legal's DGC – T&O or the MTA Legal's DGC – Special Projects, as applicable, and in either case, an attorney will then be assigned to each project based on the Legal Intake Questionnaire. For TOM and TOD transactions, the assigned real estate attorney from MTA Legal is responsible for preparing and negotiating (or overseeing outside counsel in the preparation and negotiation of) the draft agreement in consultation with the appropriate Transaction Manager and/or Deputy Director. The Transaction Manager and Deputy Director will be responsible for review of the draft agreement and responding promptly to all follow-up questions that the assigned real estate attorney from MTA Legal (or assigned outside counsel) may have during the preparation and negotiation or comment phase. For complex TOD transactions, either MTA Legal's DGC – Development or MTA Legal's DGC – Special Projects, as applicable, and the assigned real estate attorney on their team will work with assigned outside counsel who will be responsible for the preparation and negotiation of the transaction documents.

B. Internal Review

The Transaction Manager will be responsible for review of each draft agreement and preparing a Document Approval Form ("**DAF**") to be attached to the final negotiated form prior to execution. The assigned real estate attorney from MTA Legal (or assigned outside counsel), may under appropriate circumstances with the authorization of the Transaction Manager or Deputy Director and MTA Legal's DGC – T&O, MTA Legal's DGC – Development, or MTA Legal's DGC – Special Projects, as applicable, transmit the draft agreement to the proposer and its attorney subject to internal review.

Formatted: Font: Bold

C. Document Approval Form

The DAF is to be used for documenting review and approvals by the appropriate MTA Real Estate staff of final agreements prior to execution (see Figure 18). The DAF, along with supporting documentation, should be routed with the final agreement for signature or initialing by the Transaction Manager, Deputy Director, First Deputy, and the Managing Director, and MTA Legal. The Tenant ID # from Yardi should be included on the DAF, if applicable.

D. Execution by Purchaser or Tenant or Transferee

For TOM transactions, once the required internal review has been completed, the Transaction Manager should send the proposed documentation to the prospective purchaser or tenant or other transferee for execution. Should the prospective purchaser or tenant request changes, the Transaction Manager should present such requested changes to their Deputy Director, the First Deputy, the Managing Director and to the assigned real estate attorney from MTA Legal (i.e., MTA Legal's DGC – T&O or MTA Legal's DGC – Special Projects, as applicable) for discussion and revision, as needed. Once the agreement is finalized, the prospective purchaser or tenant or other transferee should be directed to execute at least ~~four~~ two original counterparts of the agreement and any personal guaranties and return them to the Transaction Manager.

For TOD transactions, once the required internal review has been completed, the Transaction Manager should inform the assigned attorney from MTA Legal (i.e., MTA Legal's DGC - Development or MTA Legal's DGC – Special Projects, as applicable) whether they have any further comments to the draft transaction documents and the assigned real estate attorney or the assigned outside counsel should revise the documents, if required,

to address those comments. Should the prospective purchaser or tenant or other transferee request changes through communications directly with the Transaction Manager, the Transaction Manager should present such requested changes to their Deputy Director, the First Deputy, the Managing Director and to the assigned real estate attorney from MTA Legal (i.e., MTA Legal's DGC – Development or MTA Legal's DGC – Special Projects, as applicable). All changes or revisions to the proposed drafts of transaction documents should be coordinated through and made by the assigned outside counsel or the assigned MTA Legal real estate attorney and not by the Transaction Manager. Given the complexity of TOD transactions, the assigned outside counsel with the MTA Legal assigned attorneys will coordinate the execution of the transaction documents and the closing of the transaction either through escrow with a title company or otherwise. All original transaction documents (other than those required to be filed or recorded, and in such case duplicate originals of the same) should be returned either to the Transaction Manager or the MTA Legal assigned real estate attorney directly or by the assigned outside counsel or title company.

E. Execution by Authorized or Designated Signatory

Once the agreed-upon documentation has been executed by the tenant or purchaser or other transferee, the Transaction Manager should use the DAF to send it (after approved by their Deputy Director, to the First Deputy and the assigned real estate attorney from MTA Legal) to the authorized or designated signatory for execution on behalf of the applicable MTA Agency by the Managing Director or other authorized designated signatory. Transaction Manager must ~~should~~ then send, or cause to be sent, a fully executed copy of the agreement to the tenant, purchaser, other transferee or designee of same.

F. Required Deliveries

In addition to the executed copies of the agreement by the tenant or purchaser or other transferee, the Transaction Manager should obtain the following from the purchaser or tenant or other transferee:

1. Any required earnest money, down payment and/or security deposit, to the extent, if any, not already deposited with the MTA.

2. Any required personal guaranties properly executed.

3. In the case of a lease (other than a long-term ground lease), the first month's base rent and in the case of a long-term ground lease, any upfront payments or prepaid rent required to be paid upon execution.

4. In the case of a lease when the tenant is not already in possession (i.e., where the successful proposer is not an existing tenant or licensee incumbent), an insurance certificate evidencing coverage as required by the lease. This item must be delivered to the Transaction Manager prior to possession being delivered. The Transaction Manager should make an initial inspection of the certificate to verify that the amounts specified match those in the lease, and that all the additional insureds as required under the agreement are named on the certificate, that the address of the premises is correct and that the named insured is correct as per the lease. After the transaction file is conveyed to Tenant Management, Tenant Management will be responsible for forwarding the insurance certificate to MTA Risk Management for further review and

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted: Font: Not Bold, Not Italic

Formatted: Font: Not Bold, Not Italic

Formatted: Font: Not Bold, Not Italic

Formatted: Space Before: 0 pt, After: 4 pt, Line spacing: single

acceptance.

Note: Insurance for construction from the tenant and its contractor as well as a contractor's indemnity agreement in the form attached to the lease will be due upon approval of plans and prior to commencement of any work by a tenant, which in the case of a new tenant not already in possession of the premises will also be required prior to delivery of possession and insurance from the tenant may be required prior to delivery of possession rather than at lease execution.

5. IRS Form W-9 for tenant and each guarantor, properly completed and executed.

All wires should be noticed to the Director, Finance & Administration for TOM transactions and to the Director, Financial Operations, MTAC&D for TOD transactions immediately upon receipt (see 6 below). Copies of all the items referred to in this chapter should be maintained in the Tenant File.

6. Process for the receipt of lease security and rent for TOM transactions:

a. The MTA Treasury Department ("**Treasury**") has established a discrete Real Estate bank account ("**Real Estate RFP Account**") that is solely used for the receipt of Security Deposits as well as First Month's Rent checks from new tenants. All documents transmitted to prospective and existing tenants contain instructions to wire or otherwise electronically transfer funds to the "Real Estate RFP Account", as a condition of acceptance.

a.

b. Tenant Management/ Tenant Management Vendor subsequently reaches out to the bidder to obtain evidence, such as an email, of the electronic transfer and then liaises with RED Finance to verify the funds have been deposited into Real Estate RFP Account.

b.

c. If the transaction is completed and agreement is signed, new tenant wires 1st month rent to Real Estate RFP Account.

c.

d. The Tenant Management team completes the submission of documents to MTA Tenant Management Unit ("**TMU**"). The following steps are then undertaken:

(1) TMU uploads all related documents in Yardi and sets up tenant actions (Create abstract, set up charges, insurance, set up tickler dates, coordinate Design & Construction work).

(2) TMU completes the official handoff to Tenant Management Vendor via email, copying Transaction Managers, RED Finance, & Carver bank, attaching all necessary documents (Agreement, W9, Deposit Slip) & provides two sets of instructions:

Formatted: List Paragraph, Indent: Left: 1.5"

Formatted: Font: Bold

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

(3) Instructs Tenant Management Vendor to setup charges in accordance with the lease agreement and Tenant Management Vendor advises TMU via e-mail when the charges have been set up (Tenant Management Vendor has 21 days from the handoff to complete tenant actions).

(4) RED Finance is instructed to process an electronic payment through Accounts Payable of the security deposit amount to applicable banking institution used to hold security deposits.

(5) Tenant Management Vendor will notify TMU via email when account charges have been posted to the ledger.

(6) RED Finance notifies MTA treasury to wire transfer 1st Month's rent funds from the Real Estate RFP Chase bank account to the respective agency's operating bank account.

e. It should be noted that if the selected proposer fails to enter into an agreement within the timeframe described in Section G below, such proposer's earnest money deposit may be retained by the MTA, in its discretion; provided, however, that the First Deputy and/or the Managing Director may in any event elect to return any earnest money deposit received from any governmental agency or not-for-profit agency. Alternatively, if negotiations have terminated by reason of an impasse over contract terms that were not addressed in the proposal or CDL, and if the Transaction Manager and their Deputy Director and MTA Legal's' DGC – T&O, MTA Legal's DGC – Development, or MTA Legal's DGC – Special Projects, as applicable, concur that the proposer has been dealing in good faith, Tenant Management should be directed to return the proposer's earnest money deposit without interest, if any.

G. Proposer's Failure to Execute

If a proposer has held a proposed agreement for more than two (2) weeks (or such longer period of time with respect to TOD matters as the Transaction Manager and MTA Legal assigned real estate attorney may consider reasonable under the circumstances given the nature of the transaction and the complexity of the transaction documents) without providing comments to the same or executing the same, the Transaction Manager will send a letter (or request and direct the assigned real estate attorney from MTA Legal or the assigned outside counsel~~)~~ to send a letter) to the proposer, via electronic or overnight mail, stating that failure to provide comments, if any, or to execute the agreement within two (2) weeks (or such longer period of time for TOD transactions) following such communication by the Transaction Manager (or the assigned real estate attorney from MTA Legal), may result in the subject property being offered to another proposer and/or the proposer's offer and any Conditional Designation Letter being deemed nullified and of no further effect. Every effort should be made to contact the proposer to identify and resolve any open issues. If the Transaction Manager judges the proposed tenant's reasons for failure to respond or execute to be valid, an adequate time period should be granted for finalizing and executing the agreement. In no event, however, should the proposed tenant, purchaser or other transferee be allowed an inordinate amount of time to complete contract negotiations and satisfy any pre-conditions to execution of the contract or lease or other transaction documents or be allowed to renege on understandings that were reflected in the proposer's proposal or Conditional Designation Letter.

If a proposer purports to withdraw such proposer's proposal or refuses to execute definitive documentation reflecting the terms of the proposal or Conditional Designation Letter, the Transaction Manager, after consulting with their Deputy Director, the First Deputy, the Managing Director, and MTA Legal, should instruct the Director, Tenant Management to retain such proposer's earnest money deposit with interest, if any, and in such event Tenant Management should withdraw the deposit and transfer it to the applicable

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

MTA Agency's operating account; provided, however, that the First Deputy and/or the Managing Director may in any event elect to return any earnest money deposit received from any governmental agency or not-for-profit agency. Alternatively, if negotiations have terminated by reason of an impasse over contract terms that were not addressed in the proposal or Conditional Designation Letter, and if the Transaction Manager, the Deputy Director and MTA Legal's DGC – T&O, MTA Legal's DGC – Development, or MTA Legal's DGC – Special Projects, as applicable, concur that the proposer has been dealing in good faith, the Director, Real Estate Finance & Administration should be directed to return the proposer's earnest money deposit without interest, if any.

The Transaction Manager should take care to maintain contemporaneous notes of all communications that could have a bearing on the determinations that are described in the preceding paragraph.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

CHAPTER IX - TENANT INFORMATION TRANSFER

Scope - This chapter is designed to assist in preparing lease-related documentation to be forwarded to Tenant Management and the Yardi Database Administrator for TOM lease transactions.

Objective - To assist in the accurate transfer by RED of pertinent information to Tenant Management and the Yardi Database Administrator.

Responsibilities - The Transaction Manager prepares the necessary documentation and communicate the information to Tenant Management and the Yardi Database Administrator.

Procedures - The necessary procedures for conveying the information are as follows:

A. Documentation

1. The Transaction Manager must input all documents and approval forms through Yardi's Elevate platform.

2. If the First Deputy TOM approves the selection, the Transaction Manager with the assistance of the Yardi Database Administrator (which advises the Transaction Manager of the correct property and unit descriptions), should enter basic proposer information (name, address, property unit) into Yardi to establish a transaction account ("**Deal**").

Formatted: Font: Bold

3. Once a tenant has been selected, approved and entered into Yardi as a Deal, the tenant will now appear on Yardi's Lease Tracking Report. This report may be printed and reviewed by the MTA Real Estate management staff at any time (Figure 19).

4. The authorized or designated signatory signs all of the copies of the final lease agreement and the fully executed lease agreement and, if applicable, guaranty is returned to the Transaction Manager who distributes the signed copies of the agreement and guaranty as follows:

    - Tenant including any Guarantor, or Tenant's attorney, (2 original)
    - Tenant Management - (2 originals)

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

- The assigned attorney from MTA Legal(and assigned outside counsel, if applicable) (1 fully executed pdf with exhibits)

5. The Transaction Manager assembles or updates the RFP File to include all proposals, rejection letters, copies of interview notes and memos pertaining to the project and forwards to the Information Center. The Transaction Manager assembles or prepares the Tenant File, which includes the ~~original~~ winning proposal, all correspondence with the tenant, ~~confirmation~~ the Conditional Designation letter, two original counterparts of the lease agreement and each guaranty, Staff Summary, insurance certificate (if required at that time), IRS Form W-9 for tenant and each guarantor, ~~construction~~ security deposit, first month's rent (if required), and the completed DAF~~., and attaches the Tenant Control Checklist (Figure 20), which is affixed to the respective project file before forwarding to the Director, Tenant Management~~. After assembling the complete Tenant File, the Transaction Manager completes the Handoff Checklist (Figure 20) and schedules a hand-off meeting with Tenant Management staff, including the Tenant Management Vendor and/or the appropriate Deputy Director to discuss the terms of the agreement, any planned improvements, and any special considerations. At the meeting, Tenant Management staff will verify:

- All items on the ~~tenant file~~Handoff Checklist check list are within the Tenant F~~f~~ile.
- That key qualitative tenant management elements (insurance, rent and security deposits, executed routing form and lease) are in the correct amounts and received from the correct party.

If qualitative elements are not in order, the Transaction Manager and Tenant Management staff will work together to remedy the matter. If all is in order, the Deputy Director and Director of Tenant Management sign the Handoff Checklist ~~approving execution of the lease agreement by the Chief Real Estate Transactions and Operations Officer~~. Tenant Management staff will enter ~~the "hand-off" date and~~the "hand-off" documents (redacting, where appropriate personal information) into Yardi. After the "hand-off" from the Transaction Manager to Tenant Management, Tenant Management staff will provide the "hand-off" documents to the Tenant Management Vendor.

NOTE: It is the responsibility of the Transaction Manager to ensure that no agreement is executed by the authorized or designated signatory unless wires are received in the appropriate amounts from the appropriate entity, guaranties, if applicable, are received executed by the appropriate guarantors and initial insurance certificates are received in the limits and coverages contemplated by the lease, if/when applicable.

~~5.~~1. Tenant Management is responsible for forwarding this to the Records Management Unit within Finance & Administration. ~~The completed file for all new agreements or amendments and changes to existing agreements should immediately be handed over to Tenant Management staff. Within two business days of when the Transaction Manager plans to mail a copy of an executed lease agreement to a tenant, or as soon thereafter as may be practical under the circumstances, the Transaction Manager will schedule a hand-off meeting with Tenant Management staff, including the Tenant Management Vendor and/or the appropriate Deputy Director to discuss the terms of the agreement, any planned improvements, and any special considerations. At the meeting, Tenant Management staff will verify:~~

~~a.~~

~~•1. All items on the tenant file check list are in the file.~~

~~•1. That key qualitative tenant management elements (insurance, rent and security deposits, executed routing form and lease) are in the correct amounts and received from the correct party.~~

~~b.~~

~~1. If qualitative elements are not in order, the Transaction Manager and Tenant Management staff will~~

Formatted: List Paragraph, Justified, Indent: Left: 0.13", Hanging: 0.5", Right: 0.04", Space Before: 0 pt, Line spacing: single, Numbered + Level: 1 + Numbering Style: 1, 2, 3, … + Start at: 1 + Alignment: Left + Aligned at: 0.58" + Indent at: 0.83"

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

~~work together to remedy the matter. If all is in order, Tenant Management staff will enter the "hand-off" date and "hand-off" documents (redacting, where appropriate personal information) into Yardi. After the "hand-off" from the Transaction Manager to Tenant Management, Tenant Management staff will provide the "hand-off" documents to the Tenant Management Vendor.~~

~~**NOTE:** It is the responsibility of the Transaction Manager to ensure that no agreement is executed by the authorized or designated signatory unless wires are received in the appropriate amounts from the appropriate entity, guaranties, if applicable, are received executed by the appropriate guarantors and initial insurance certificates are received in the limits and coverages contemplated by the lease, if/when applicable.~~

6. For the Lease/Sale Negotiation Process, the Authorization Memo plus all correspondence, maps and the agreement, together with any applicable guaranties, serves as the Tenant File and is forwarded to Tenant Management.

B. Insurance Coordination

As indicated above, it is the responsibility of the Transaction Manager to assure that the initial insurance certificates are received in the limits and coverages contemplated by the lease, if/when applicable. If a tenant's insurance forms are incomplete at the time the Tenant File is forwarded to Tenant Management staff, a notation as to the status of insurance should be made. The typical reason for uninsured status at the time of execution of the lease, is because the tenant is not being delivered immediate possession. The tenant will not be delivered possession of the premises until active insurance coverage is in place. In most cases where the tenant is required to perform tenant's initial improvement work at commencement of the term and prior to taking occupancy and opening for business at the premises, tenant will not be delivered possession of the premises until it has completed the plan submission and review process, plans have been approved and tenant has satisfied the other pre-construction conditions set forth in the lease, including delivery of construction contractor contracts, contractor indemnity agreements and certificates of insurance for the contractor's required insurance coverage.

C. Planning and Construction

Tenant Management with the assistance of the Tenant Management Vendor is responsible for the coordination of the construction process from plan submission and approval through completion. The Transaction Manager will remain available for consultation and provide support to Tenant Management during the term of the tenant's agreement. Tenant Management or the Tenant Management Vendor shall be responsible for updating Yardi with respect to all tenant design and construction activity.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Formatted

CHAPTER X - CONSTRUCTION MANAGEMENT

Scope - This chapter provides guidelines for standardized monitoring of the tenant improvement construction process from design through construction completion and the commencement of operation for TOM lease transactions. Responsibility for the tenant design and construction process will have been transferred/handed-off at this stage to Tenant Management which will work with the Tenant Management Vendor to oversee the process. The Transaction Manager is nonetheless responsible for being familiar with the process and is to remain available to provide support and assistance to Tenant Management as/when needed. With respect to TOD transactions, construction management, monitoring and completion will be performed by MTA C&D or its designee assigned as the project manager, and the Transaction Manager works together with such project manager during the construction period.

Objective - To ensure that tenant improvements are efficiently and appropriately completed in compliance with lease terms, Design Guidelines and with the applicable MTA Agency's architectural, engineering and/or code compliance departments.

Formatted: No underline

Responsibilities - The applicable MTA Agency is responsible for approving plans and monitoring and approving the construction of new or altered facilities.

Procedures - The necessary procedures for coordinating the construction process include the following:

A. Plan Submission

Tenants submit construction plans for approval by the MTA Agency through the RED (i.e., Tenant Management) with respect to TOM lease transactions and through the assigned project manager with respect to TOD transactions.

1. Tenant Management (or the assigned project manager in the case of TOD transactions), with the assistance of the Transaction Manager on an as-needed basis, is generally responsible for coordinating the approval of design and plans for proposed improvements. After the lease is fully executed, the tenant has a prescribed number of days to submit plans to Tenant Management (or the assigned project manager in the case of TOD transactions) or its designated receiver. Tenant Management (or the assigned project manager in the case of TOD transactions), with the assistance of the Tenant Management Vendor (in the case of TOM lease transactions) and Code Consultants, will make an initial review of the plans to determine if such plans are sufficiently complete to forward to the MTA Agency for review and will either reject them for revision or forward the plans to the appropriate MTA Agency for review. If changes need to be made after the MTA Agency review, the tenant is notified in writing by the Tenant Management Vendor (or the assigned project manager in the case of TOD transactions).

2. Once plans are approved by the MTA Agency, which approval includes approval of contractor documentation (i.e., construction agreement, work schedule, insurance certificate evidencing contractor's insurance and a signed contractor's indemnity agreement in a form attached to the lease agreement) permission to commence construction may be granted.

3. For TOM lease transactions, Tenant construction is administered by the MTA Agencies, each of which have different rules governing the tenant construction process for that agency. As a general rule, the following paragraphs describe how the MTA Agencies administer tenant construction.

- **MTA NYCT:** The Tenant Management Vendor arranges a construction kick-off meeting. Attendees typically include the tenant, tenant's contractor, subcontractors, the architect or engineer, Director, Tenant Management the Tenant Management Vendor staff, NYCT Maintenance of Way ("**MoW**"), Office of System Safety ("OSS"), Engineering and Maintenance Division ("**EMD**"),"),and Contract Inspections and Fire Suppression. These departments are responsible for approving plans, issuing a construction permit, ensuring the safety and security of agency's transit systems, the assurance of track and infrastructure safety and ensure the implementation of preventative measures to mitigate risks of fire. Additionally, they provide authorization to proceed with construction, periodic inspections and approvals for retailers to open for business. Formal approval, acceptance of the work, and issuance of a code compliance certificate concludes the process for NYCT. The Tenant Management Vendor communicates this information to the tenant and provides tenant with authorization to open for business.

- **MTA LIRR:** LIRR and the Construction and Development Department ("**C&D**") perform staff reviews, issue construction permits, periodic inspections and grant approval for retail units to open. The Tenant Management Vendor arranges a construction kick-off meeting. Attendees typically include: Director, Tenant Management, the Tenant Management Vendor staff, the tenant, tenant's contractor, subcontractors, the architect or engineer, the Safety Department and ~~CPM~~C&D staff. ~~CPM~~ C&D is responsible for issuing construction permits, periodic inspections and for granting approval to open for business. Formal approval, acceptance of the work and issuance of a code compliance certificate concludes the process for LIRR. The Tenant Management Vendor communicates this information to the tenant and provides tenant with authorization to open for business.

- **MTA METRO-NORTH:** Maintenance of Way (MNR-MoW) is responsible for approving plans, issuing a building permit and for periodic inspections. The Tenant Management Vendor, or MTA's Retail Manager for GCT, coordinates the construction kick-off meeting. Attendees typically include MNR-MoW, the Safety Department, Engineers, Code Compliance, Director, Tenant Management, the Tenant Management Vendor or MTA's Retail Manager for GCT staff, the tenant, tenant's contractor, subcontractors, and the architect or engineer prior. MNR Code Compliance issues a code compliance certificate upon satisfactory completion of construction. Formal approval, acceptance of the work and issuance of a code compliance certificate concludes the process for MNR. The Tenant Management Vendor, or MTA's Retail Manager for GCT communicates this information to the tenant and provides tenant with authorization to open for business.

- **GRAND CENTRAL MADISON:** MTA Grand Central Madison Operating Company (GCMOC), LIRR Office of the Fire Marshall, and MTA C&D staff are responsible for managing the design review process, issuing construction permits, conducting periodic inspections and granting approval for retail units to open. MTA's Retail Manager for GCMOC arranges a construction kick-off meeting. Attendees typically include Retail Manager staff, the tenant's contractor, subcontractors, and the architect or engineer of record, LIRR Office of the Fire Marshall and GCMOC staff. MTA C&D issues a code compliance certificate upon completion of satisfactory completion of construction. Formal approval, acceptance of the work and issuance of a

code compliance certificate concludes the process for MTA C&D. The Retail Manager communicates this information to the tenant and provides tenant with authorization to open for business.

4. For TOD transactions given the uniqueness and complexity of the proposed construction, the assigned project manager will work together with the applicable MTA Agencies regarding design review and approval, permitting, periodic inspections and participation in construction meetings, project oversight and life safety and code compliance matters and other project-related rules and regulations, all of which will be tailored to the specifics of the project and addressed in the project documentation.

B. Construction Monitoring

1. Tenant Management (or the assigned project manager in the case of TOD transactions) communicates with the applicable MTA Agency staff about the status of tenant construction projects. Tenant Management (or the assigned project manager in the case of TOD transactions) periodically inspects the premises to monitor the construction progress and ensure the project proceeds according to schedule within established NYS construction and safety guidelines. Tenant Management (or the assigned project manager in the case of TOD transactions) is responsible for documenting any delays and the reasons for such delays. Once construction is completed, the applicable MTA Agency is notified that construction is complete and a final inspection is requested.

C. Construction Completion

1. Upon construction completion and approval, Tenant Management arranges the return of the construction security, if applicable with respect to TOM lease transactions. With respect to TOD ground lease transactions, the documents will set forth the requirements for substantial completion and final completion and the return of any construction security or completion guaranties.

2. For TOM lease transactions, where a lease indicates that rent commences at the end of a buildout period specified in the lease or, if earlier, when tenant opens for business to the public, rather than at commencement of the term, Tenant Management with the assistance of the Tenant Management Vendor will monitor the status of completion of construction and the duration of the buildout period specified in the lease and is responsible for sending to tenant a rent start notice and commencing billing in accordance with the lease.

CHAPTER XI – NEW YORK STATE PROCUREMENT LOBBYING LAW

Scope - This chapter establishes Guidelines for MTA Real Estate for the implementation of the requirements relating to lobbying with respect to real estate transactions (other than eminent domain transactions) as provided in the State Finance Law and Legislative Law and as amended by Chapter 1 of the Laws of New York of 2005, as amended (the "**Procurement Lobbying Law**"). The applicable provisions of the Procurement Lobbying Law took effect on January 1, 2006. The Procurement Lobbying Law is a statute enacted by the New York State Legislature and the MTA is obligated to comply with its requirements.

Formatted: Font: Bold, No underline, Underline color: Auto

Objective - To enhance the public's confidence in State procurement processes by increasing disclosure requirements for persons or entities attempting to influence a procurement or real estate transaction.

Responsibilities – Proposers must not make "Contact" (defined below) during the Restricted Period with anyone other than the Designated Point(s) of Contact.

Procedures - The Procurement Lobbying Law applies to "the purchase, sale or lease of real property or an acquisition or granting of other interest in real property." Among other things, it restricts certain contacts during the procurement process and requires the MTA to record all such "Contacts" and include them in the transaction record. Violations of the policy regarding permissible contacts must be reported to the appropriate MTA officer and investigated accordingly. However, the Procurement Lobbying Law provides, among other things, that eminent domain transactions shall not be deemed "Procurement Contracts". As such, notwithstanding anything to the contrary contained in these Guidelines, restrictions imposed under the Procurement Lobbying Law for Contacts with anyone other than the Designated Point(s) of Contact during the Restricted Period are only applicable to Procurement Contracts under the Lobbying Law and not applicable to eminent domain transactions. While all eminent domain transactions require that the MTA first use good faith efforts to reach a negotiated agreement with a property owner to purchase a property, in specific instances where the MTA Board simultaneously approves both (i) the commencement of negotiations to acquire real property and (ii) if negotiations for the purchase of the real property being acquired fail, the commencement of condemnation proceedings, then for Lobbying Law purposes, such transaction may be treated as an eminent domain transaction and not as a Procurement Contract.

A. Definitions:

As used in this chapter and as provided in the Procurement Lobbying Law, the following terms have the following meanings:

1. Contact: any oral, written or electronic communication with a governmental entity under circumstances where a reasonable person would infer that the communication is *intended to influence* an MTA real estate transaction (other than eminent domain transactions).

2. Offerer: an individual or entity, or any employee, agent or consultant or person acting on behalf of such individual or entity, that contacts the MTA about a real estate transaction during the Restricted Period or that bids, proposes or enters into negotiations with respect to an MTA real estate transaction (other than eminent domain transactions).

3. Restricted Period: the period of time commencing with the earliest written notice, advertisement or solicitation of an RFP or, in the case of a Lease/Sale Negotiation Process transaction, when the Transaction Manager first solicits a response from a potential lessee or purchaser intending to result in a lease, or contract of sale, which solicitation should be in writing, and ending with the final closing of the transaction.

B. Applicability:

1. The Procurement Lobbying Law applies to *all contracts* with an estimated annual expenditure in excess of $15,000, including, but not limited to, RFPs and agreements entered into via the Lease/Sale Negotiation Process.
2. During the Restricted Period, bidders/proposers, or those acting on their behalf, may make only Permissible Contacts with the MTA with regard to a real estate transaction. In addition, bidders/proposers may not attempt to influence a real estate transaction in a way that violates or attempts to violate the ethics provisions of the Public Officers Law Section 73(5), relating to the receipt of gifts intended to influence; and Section 74, which addresses the ethical standards of employees of state agencies (including public benefit corporations), members of the New York State Legislature and Legislative employees.

C. Communications Not Prohibited by the Procurement Lobbying Law ("Permissible Contacts"):

1. A "Contact" (i.e., a communication *intended to* influence a real estate transaction) that is made with a Designated Point of Contact, whether such contact is one of the types of "Contacts" listed in C.2 below or not, or
2. One of the following communications, (all considered "Contacts"), with the Designated Point(s) of Contact OR another agency representative (i.e., an employee of the RED) who is NOT a Designated Point of Contact:

a. Proposals: Submission of written proposals in response to an RFP or other solicitation, pursuant to the submission requirements set forth in the solicitation.

b. Written Questions: The submission of written questions by a method set forth in the solicitation, advertisement and/or real estate transaction package, when all such questions and responses are to be disseminated to all who have expressed an interest in the RFP or other solicitation.

c. Pre-Proposal Conference: Participation in a pre-proposal conference, oral presentation or interview provided for in an RFP.

d. Complaints: Complaints by an Offerer regarding the failure of a Designated Contact to reply in a timely fashion.

Formatted: Font: 9 pt, Bold
Formatted: Left
Formatted: Font: 9 pt
Formatted: Font: 9 pt
Formatted: Font: 9 pt
Formatted: Font: 9 pt
Formatted: Tab stops: 7.13", Right + Not at 6.5"
Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

e. Negotiations: Communications by Offerers who have been tentatively designated as the prospective tenant or purchaser, provided that such communications are solely for the purpose of negotiating the terms of such designation and/or negotiating the terms of the lease or contract of sale after being notified of such designation.

f. Review of award: Contacts regarding protests, appeals or other review proceedings before the MTA.

g. Protests or complaints: Complaints of alleged improper conduct.

h. Communications: Communications between offerers and governmental entities (i.e., state legislature, public authorities, courts) that solely address the determination of responsibility by the MTA of an Offerer.

i. Contact: Contact by a member of the New York State Legislature or legislative staff, when acting in their official capacity, regarding a particular real estate transaction.

In addition, and in the absence of the Point of Contact, the Managing Director may authorize another contact within MTA Real Estate to receive communications on behalf of the Point(s) of Contact.

D. Communications Prohibited by the Lobbying Law ("Impermissible Contacts"): Any CONTACT that is not a PERMISSIBLE CONTACT as defined above is an "Impermissible Contact" and a violation of the Lobbying Law. To clarify, a communication is an "Impermissible Contact" if *all* of the following are true:

(i) An Offerer makes an oral, written or electronic communication with a person in an MTA Agency;

(ii) who is not a designated point of contact for the solicitation;

(iii) during the solicitation's RESTRICTED PERIOD;

(iv) under circumstances that a reasonable person would infer was an attempt to influence that solicitation; and

(v) in a manner that does not fall under any of the areas considered a PERMISSIBLE CONTACT.

E. Recordation of Permissible and Impermissible Contacts:

1. Permissible Contacts: Upon any Permissible Contact during the Restricted Period, the employee being contacted must obtain the name, address, telephone number, place of employment and occupation of the person or entity making the Contact and whether or not such person (if such person is not the Offerer) or entity was retained, employed or designated by or on behalf of the Offerer to contact the MTA regarding the procurement. Such Permissible Contacts must be recorded on the Report of Contact form (see Figure 21), with the appropriate "Permissible Contact" box checked. The person recording the information makes a copy of the form for themselves, and sends an additional copy to the Managing Director who maintains a central repository of the forms as well as the original to the Transaction Manager for placement in the Project file.

2. Impermissible Contacts: Any employee of the MTA, including employees outside of MTA Real Estate, who becomes aware that anyone has violated the Procurement Lobbying Law by making an Impermissible Contact must obtain the name, address, telephone number, place of employment and occupation of the person or entity making the Impermissible Contact and whether or not such person

or entity was retained, employed or designated by or on behalf of the Offerer to contact the MTA regarding the procurement and inform the Managing Director and the Chief Compliance Officer of immediately, using the Report of Contact form, checking the "Impermissible Contact" box (see Figure 21).

3. Record: The employee obtaining the information and completing the form shall keep a copy for themselves, and deliver a copy to each of the Managing Director, and the Chief Compliance Officer, and deliver and the original to the Transaction Manager for placement in the Project file. The Managing Director will investigate the allegations of Impermissible Contacts. If there is reasonable cause to believe that the allegations are true, the Offerer must be notified of the investigation and given an opportunity to respond to the allegations in accordance with the MTA's procedure regarding responsibility determinations.

4. Report: The Managing Director must report knowing and willful violations of the Procurement Lobbying Law to the CAO (or CDO as applicable) and Chief Compliance Officer.

F. Contract Requirements:

1. All RFP or Lease/Sale Negotiation offering documents must contain the name of the designated contact(s) (the Point(s) of Contact) for that particular procurement**.**

2. All RFP or Lease/Sale Negotiation offering documents must contain a summary of the requirements of the Procurement Lobbying Law. This summary is contained within Schedule W (see Figure 22).

3. Schedule W, the Procurement Lobbying Law Disclosure Statement (see Figure 22) must be made a part of, and returned with, the bid/solicitation documents for each real estate transaction covered under the Procurement Lobbying Law. *Failure of a proposer to return a completed Schedule W will result in such proposer being deemed as ineligible for award.* Schedule W consists of the following, which satisfy the submission requirements of the Procurement Lobbying Law:

   a. Affirmation of the Offerer's understanding of, and agreement to comply with, the Procurement Lobbying Law.

   b. Certification that the information the Offerer has provided the MTA with is complete, true and accurate.

   c. Disclosure of any findings of non-responsibility made within the previous four years that were due to a violation of the Lobbing Law or as a result of intentionally providing false or incomplete information to a government entity (as defined in the Procurement Lobbying Law). Failure to disclosure such prior determinations of non-responsibility will be considered in the determination of responsibility.

   d. The MTA may confirm the accuracy of the information provided in this disclosure by accessing the list of all Offerers who have been determined to be non-responsible or debarred due to violations of this section, maintained by MTA Corporate Compliance.

G. Responsibility Determination:

1. A finding that an Offerer/Proposer has knowingly and willfully violated the Procurement Lobbying Law may result in a determination of non-responsibility and the Offerer/Proposer may not be awarded

Formatted: Font: 9 pt, Bold
Formatted: Left
Formatted: Font: 9 pt
Formatted: Font: 9 pt
Formatted: Font: 9 pt
Formatted: Font: 9 pt
Formatted: Tab stops: 7.13", Right + Not at 6.5"
Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

the lease or sale.

2. The lease, or sale may be awarded to an Offerer/Proposer found non-responsible as a result of a violation of the requirements of this section, if the MTA determines that the award of the lease or sale to the Offerer/Proposer is necessary to protect public property, health or safety, and that the Offerer/Proposer is the only source capable of fulfilling the contract within the required timeframe. Such finding must be documented in the transaction file.

3. Any subsequent determination of non-responsibility due to a violation of the Procurement Lobbying Law within four (4) years of a determination of non-responsibility will result in the Offerer/Proposer being barred from submitting a proposal on or being awarded any real estate contract for four (4) years from the date of the second determination.

4. Compliance with the requirements of the Procurement Lobbying Law and this Procedure will be considered in the overall responsibility determination of the Offerer/Proposer.

H. Termination

1. Each contract for the purchase, sale or lease of real property or an acquisition or granting of other interest in real property (such as a pre-lease or pre-development and disposition agreement or sale contract) that constitutes a "procurement contract" covered by the Procurement Lobbying Law must contain a provision that authorizes the MTA or the applicable MTA Agency to terminate any such procurement contract if any of the certifications provided by the Offerer/Proposer pursuant to the Procurement Lobbying Law is found to be "intentionally false or intentionally incomplete".

2. The MTA must include the basis for any action taken pursuant to such termination provision in the transaction record.

GLOSSARY

Affiliate: For purposes of these Guidelines, with respect to any specified person or entity, any other person or entity that (a) possesses the power, directly or indirectly, to direct or cause the direction of the management and policy of such specified person or entity, whether through ownership of an equity or beneficial interest (regardless of percentage), contract or otherwise or (b) owns, directly or indirectly, 30% or more of the outstanding stock, partnership interests, membership interests, or other equity or beneficial interest in such specified person or entity. For the purpose of determining the thirty percent (30%) threshold, the direct and indirect ownership interests of such other person will be aggregated with those of such other person's immediate family members (including spouse, parents, siblings, children (including by adoption), stepparents, stepsiblings, stepchildren and any other lineal ancestor and lineal descendant or any trust (or similar estate planning vehicle) established for estate planning purposes, the sole beneficiaries of which are such natural person or any such natural person's immediate family members).

Authorization Memo: A memorandum prepared by the Transaction Manager seeking authorization as required by these Guidelines. Authorization Memos recommending award pursuant to an RFP require SEQRA check off and signature of the appropriate (i) the appropriate Deputy Director, (ii) the appropriate First Deputy TOM, and (iii) the appropriate Managing Director. Authorization Memos recommending award pursuant to the Lease/Sale Negotiation Process require SEQRA check off and the signatures of the appropriate (i) the appropriate Deputy Director, (ii) the appropriate First Deputy TOM, (iii) the appropriate Managing Director, (iv) MTA Legal's DGC - Environmental and (v) the CAO for TOM or the CDO for TOD.

Chief Administrative Officer/CAO: The senior officer of the MTA who has overall responsibility for all real estate matters (other than development matters) concerning MTA Property and MTA Facilities in connection with Transactions & Operations.

Chief Development Officer/CDO: The senior officer of the MTA who has overall responsibility for all development related real estate matters concerning MTA Property in connection with Transit-Oriented Development.

Conditional Designation Letter (CDL): As described in Chapter VII.

Contact: As defined in Chapter XI.

Deputy CDO, Planning: The senior executive within MTA Construction and Development that reports directly to the CDO is designated by the CDO to oversee, among other matters, TOD, including direct oversight of the Managing Director, TOD and telecommunications, including indirect oversight of the Senior Transaction Manager, Telecommunications.

Deputy Director: The Deputy Director (i) who, with respect to TOM, for a particular MTA Agency, has direct oversight of RED project managers and other personnel on transactional activities, including leasing, disposition and acquisition of real property for that particular MTA Agency, and who reports directly to the First Deputy TOM, or (ii) who, with respect to TOD, has primary responsibility for direct oversight of such matters and who directly or indirectly reports to the First Deputy, TOD.

Director, Grand Central Retail Leasing and Management: The Director within RED who has primary

responsibility for GCT and GCMOC retail leasing and licensing, including tenant management relating to GCT and GCMOC retail leases and licenses.

Director, Transit-Oriented Development/Managing Director, TOD: The Senior Officer within MTA C&D who has primary responsibility for Transit-Oriented Development matters. Currently this position is filled by the Senior Vice President, Transit-Oriented Development.

Executive Order No. 16: Executive Order No. 16, which provides that all Affected State Entities are directed to refrain from entering into any new contract or renewing any existing contract with an entity conducting business operations in Russia and accordingly, the MTA requires a certification from a proposer that it is not an entity conducting business operations in Russia.

Executive Order No. 177: Executive Order No. 177, issued pursuant to The New York State Human Rights Law, Article 15 of the Executive Law, which requires a certification by the proposer that the proposer does not have institutional policies or practices that fail to address the harassment and discrimination of individuals on the basis of their age, race, creed, color, national origin, sex, sexual orientation, gender identity, disability, marital status, ,military status, or other protected status under the Human Rights Law 3.

Finance Committee: The Finance Committee of the MTA Board (or any other committee of the MTA Board that may assume responsibility for oversight of RED/TOD actions).

First Deputy, TOM: The Director within the RED who has primary responsibility for TOM transactional matters, including leasing, sales and acquisition activities relating to MTA Facilities and who performs the functions of a first deputy to the Managing Director, TOM, as designated by the Managing Director, TOM. Currently this position is filled by the Director, Transaction Management. If more than one person fills this senior leasing and acquisition role, then references in these Guidelines shall be to such persons, individually or in combination, as the Managing Director, TOM may from time to time direct for the purpose of performing the particular functions assigned to the Director, Transaction Management in these Guidelines.

First Deputy, TOD: The Senior Officer within TOD who has primary responsibility for direct oversight of transaction managers within TOD and who reports directly to the Managing Director, TOD, performing the functions of a first deputy to the Managing Director, TOD, as designated by the Managing Director, TOD. Currently, this role is filled by the positions of Vice President, Transactions, Vice President, Planning and Director, TOD Program Management within TOD. If more than one person fills this senior transit oriented development role or while this position remains vacant, then references in these Guidelines shall be to such person(s), individually or in combination, as the Managing Director, TOD or the Deputy CDO, Planning or the CDO may from time to time direct for the purpose of performing the particular functions assigned to the First Deputy, TOD in these Guidelines or by the Managing Director, TOD.

First Deputy: The First Deputy, TOM as to TOM matters or the First Deputy, TOD as to TOD matters, having responsibility as applicable under the circumstances.

GCT and GCMOC Leasing Guidelines: As defined in the Introduction.

Inquiries: As defined in Chapter I.

IPIS: IPIS is a database that contains a list of properties owned by the City of New York. Information

concerning tax status, descriptive property history and any *in rem* action is also available. Access to this information is provided via CityNet Computer Hook-up. Certain items from this information can also be found in Yardi for each City-owned property.

Iran Divestment Act: The New York State Office of General Services maintains a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in the act. Under Public Authorities Law Section 2879-c, Iranian Energy Sector Divestment, public benefit authorities may not enter into or award a contract, including a real estate contract, unless it obtains a certification from a proposer that it is not on the list.

Lease/Sale Negotiation Process File: This file results from the Proposer File and includes the Authorization Memo, the Proposer Information Form, the Conditional Designation Letter, the Staff Summary, the Document Approval Form, two (2) copies of the definitive agreement(s), the insurance certificate and the W-9 form. This file is assembled by the Transaction Manager and resides in the Information Center.

Lease/Sale RFP Process: The leasing-out, sale or other disposition of MTA Property pursuant to an RFP.

Lease/Sale Negotiation Process: The leasing-out, sale or other disposition of MTA Property other than pursuant to an RFP.

Licensing-Out Guidelines: As defined in the Introduction.

Managing Director: The Managing Director, TOM as to TOM matters or the Managing Director, TOD as to TOD matters, having responsibility as applicable under the circumstances.

Managing Director, TOD: The Senior Officer within MTA C&D who has overall responsibility for the administration and day-to-day operations Transit-Oriented Development. Currently this position is filled by the Senior Vice President, Transit-Oriented Development.

Managing Director, TOM: The Senior Officer within the RED who has overall responsibility for the administration and day-to-day operations of the RED, and who oversees transactional matters, including leasing, sales & acquisitions for MTA Facilities, GCT Retail Leasing and Management, and MTA Facilities' operations. Currently this position is filled by the Chief Real Estate Transactions and Operations Officer.

Marketable Property List: A list of all properties available for marketing by the RED/TOD. This list should be updated and reviewed regularly to determine the marketability of properties.

MTA: Metropolitan Transportation Authority (for itself and also acting on behalf of the other MTA Agencies with respect to real property owned or controlled by such other MTA Agencies). References in these Guidelines to the MTA are intended to include the MTA and each MTA Agency, as appropriate.

MTA Agency: As defined in the Introduction.

MTA C&D: As defined in the Introduction.

MTA Facilities: The improvements, buildings, overpass and underpass structures or other physical improvements located on or at MTA Property, including the structural elements and building systems

Formatted: Font: 9 pt, Bold
Formatted: Left
Formatted: Font: 9 pt
Formatted: Font: 9 pt

comprising and/or servicing such facilities located within MTA Property (but excluding the subway and railroad tracks, signal systems and train facilities directly used in connection with the operation of the subway system or railroad system).

MTA Legal: The legal departments or units within the Office of the General Counsel of MTA and within MTA C&D, including without limitation, the Environmental Law Unit, headed by the DGC – Environmental, the Real Estate Transactions & Operations Unit, headed by the DGC – T&O, the Real Estate Development & Planning Unit, headed by the DGC – Development, the Special Projects Law Unit, headed by the DGC – Special Projects, and the respective attorneys within their respective units.

MTA Property(ies): Real property, including improvements, structures and facilities (including parking lots, subway and railroad stations, station buildings and retail and amenity space) located thereon, as well as interests in real property, including easements and leasehold interests, development/air rights, directly or indirectly, owned or, pursuant to an agreement entered into by the MTA or an MTA Agency or leased to and/or operated by the MTA or an MTA Agency or by another entity in which the MTA or an MTA Agency has an indirect interest.

MTA Real Estate: The departments or units within MTA and/or MTA C&D which oversee and are directly responsible for real estate activities of the MTA and the other MTA Agencies, which currently is RED as to TOM matters, and TOD as to TOD matters.

NEPA: The National Environmental Policy Act, enacted on January 1, 1970

Net Present Value or NPV: As defined in Chapter III.

New York City Department of Finance Data: The Department of Finance maintains all ownership records for the five boroughs. The records include information relating to current ownership, mortgages, zoning, location, age of improvements and assessed real property value. The data is accessed via select personal computers within MTA Real Estate.

PAL: New York Public Authorities Law.

Parcel Information Sheet: As described in Chapter II.

Procurement Lobbying Law: As defined in Chapter XI.

Proposer File: The Proposer File is assembled by the Transaction Manager and contains the original signed proposal, all relevant correspondence with the selected proposer, the Conditional Designation Letter, the Staff Summary, the Document Approval Form, two (2) copies of the definitive agreement(s), one copy of any guaranty, if/when applicable, the insurance certificate and the W-9 form. This file resides in the Information Center.

Proposer Information Form (PIF): The Proposer Information Form provides detailed information with respect to proposers and their principals and Affiliates, including addresses, past dealings with state and municipal agencies, business history and experience, references, available lines of credit and assets and liabilities, and includes a business plan with financial projections and a credit check authorization. The PIF

is used for both the Lease/Sale RFP Process and the Lease/Sale Negotiation Process.

Preparer Questionnaire Form (PQF): As defined in Chapter VIII.

Recordation of Contact: As defined in Chapter XI

RED: AsAs defined in the Introduction to these Guidelinesthese Guidelines.

Restricted Period: As defined in Chapter XI.

RFP or Request for Proposals: A request for proposals issued in accordance with these Guidelines.

RFP File: The RFP file results from the Project File and contains all relevant information regarding the RFP, including all proposals and correspondence with proposers and the Transaction Manager's notes regarding the project. This file resides in the Information Center.

RFP Mailing List: The mail log is maintained in Yardi by an assigned executive secretary and is comprised of a list of persons who have expressed an interest in leasing property from the MTA.

Sanborn and Land Maps: Sanborn and Land Maps are organized by county and municipality; parcels may be identified by location. Sanborn is available for the five boroughs only. It provides brief building improvement information, subway stations, utility/municipality easements, condominiums and any air rights.

SEQRA: As defined in Chapter II.

Staff Summary: The document by which MTAMTA Real Estate summarizes a transaction for the purpose of obtaining
MTA Board authorization to enter into such transaction.

Tenant File: The Tenant File contains all documentation relating to a given tenant, including correspondence, agreements and plans. The files for current tenants and recently (within the past two years) terminated tenants are maintained in the Information Center. All other terminated files are maintained at MTA's offsite storage facility and are subject to the MTA's document retention policy.

Tenant Management or TMU: The tenant management unit of the RED which unit includes the Tenant Management Vendor.

Tenant Management Vendor: Tenant Management Vendor is the vendor designated by the Managing Director, TOM or the Director, Tenant Management to administer, manage and provide accounting services for the tenanted portfolio of all MTA Agencies' properties, excluding Grand Central Terminal and Grand Central Madison as well as transaction management services as directed by the Managing Director, TOM.

Term Sheet: A sheet or sheets listing the terms of the agreement, requirement improvements, and other information about the transaction.

Transaction Manager: An RED or TOD staffer who reports to a Deputy Director.

Formatted: Header, Centered, Right: 0", Line spacing: single, Tab stops: Not at 6.34"

Transactions & Operations or TOM: As defined in the Introduction.

Transit-Oriented Development or TOD: All real estate-related development matters, whether by an MTA Agency, a government or other public or quasi-public entity and/or a private entity, which affects or involves any existing or to-be acquired MTA Property and/or any existing or proposed transit-related facility or amenity, including acquisitions and dispositions of real property or interests in real property for long-term revenue generation and transportation facilities; major capital projects in conjunction with or enhanced by real estate development; other co-development arrangements with private and public entities including public-private partnerships; and other opportunities for realizing revenue or in-kind improvements from real estate opportunities and strategic planning.

Type I Transaction: As defined in Chapter V.

Type II Transaction: As defined in Chapter V.

Valuation (VAL) Maps: The VAL Maps indicate Metro-North and LIRR ownership right of way and indicate property rights along the railroad lines. They also contain limited historical information and identify current tenancies. The Transaction Manager should check the VAL Maps to verify that property is owned, leased or controlled by the MTA or an MTA Agency and update the maps as new leases are consummated. These maps are located in the Information Center.

W-9 Form: Internal Revenue Service Federal Tax Form W-9.

Work Sheet: As described in Chapter II.

Yardi: Yardi Systems Inc. is a Santa Barbara, CA based computer-systems and data-processing company that provides property management/ accounting software and maintenance services to the RED. In this document "Yardi" refers to the computer program developed and customized specifically for the MTA.

Attachment 1

GRAND CENTRAL TERMINAL ANDAND GRAND CENTRAL MADISON RETAIL LEASING GUIDELINES

(As Originally Adopted November 18, 2009, and as Revised by Modifications approved by the MTA Board on November 13, 2013, March 26, 2014, March 25, 2015, March 23, 2016, March 22, 2017, March 21, 2018, March 27, 2019, March 25, 2020, March 17, 2021, March 30, 2022, March 25, 2023, March 27, 2024, March 26, 2025, March [ ]25, 2026).

GUIDELINES FOR SELECTION OF TENANTS FOR GRAND CENTRAL TERMINAL

Application

These guidelines ("**Guidelines**") apply to the selection of tenants for leases of commercial, retail spaces at Grand Central Terminal ("**GCT**") and Grand Central Madison ("**GCM**"). They do not apply to the selection of licensees at GCT and GCM, which is governed by policies adopted by the Board in November 2009 (as amended from time to time). (The principal difference between a lease and license for these purposes is that a license is terminable at the discretion of the licensor for any reason upon short notice, not longer than 60 days with no cost to the applicable MTA Agency.) These Guidelines supplement the MTA Real Estate Department Real Property Disposition Guidelines for the Leasing-Out and Sale of Real Property, adopted by the Board on March [ ]25, 2026~~26, 262025~~ as such Guidelines may be amended from time to time (the "**General Guidelines**"). In the event of any conflict between these Guidelines and the General Guidelines, these Guidelines will govern for GCT and GCM commercial retail leases.

Formatted: Font: Bold
Formatted: Font: Bold
Formatted: Font: Bold
Formatted: Font: Bold

Purpose and Objective

The purpose of these Guidelines is to provide MTA Real Estate with standards and procedures for issuing requests for proposals ("**RFPs**") and for choosing tenants to recommend for selection for leases of commercial space at GCT and GCM. They are intended to further the MTA's objective of maximizing the long-term aggregate revenues that the MTA derives from the leasing of the commercial space at GCT and GCM (taken as a whole), while making available to commuters and others an appropriate mix of goods and services and maintaining a level of quality commensurate with GCT's status as an historic landmark, GCM's standing as one of the world's most beautiful passenger stations, and, GCT and GCM collectively, one of New York City's greatest public spaces (the "**Objective**"). While the Objective is broader than maximizing guaranteed minimum rent for any particular space, these Guidelines establish a rebuttable presumption that the Objective will be furthered by the proposal that is "responsive" and "responsible" (as determined by the procedure described below) and offers the highest Total Selection Criterion Score (as defined below).~~.~~

Formatted: Font: Bold
Formatted: Font: Bold

These Guidelines are intended only for the internal guidance of officers and employees of the MTA. Nothing contained in these Guidelines is intended, and the same shall not be construed, to establish expressly or by implication, or confer upon any person or entity (including any prospective proposers or awardees) any right, privilege, remedy, claim or benefit under, or by reason of, any requirement or provision of these Guidelines for third parties. Except to the extent prohibited by law, any provision of these Guidelines may be waived by the MTA Board (by ratification or otherwise) or by the Chairman and Chief Executive Officer of the MTA.

Requests For Proposals

All opportunities to lease commercial space at GCT and GCM (except spaces that have monetary values below the legal threshold requiring a competitive disposition process) must be offered pursuant to competitive RFPs prepared by the Director, Grand Central Retail Leasing and Management, approved by the Managing Director, TOM, and advertised in accordance with the General Guidelines. More than one space may be offered pursuant to a single RFP.

For each space being offered, an RFP may identify preferred, mandatory, disfavored and/or prohibited uses, as and where appropriate, to encourage and/or ensure an appropriate mix of merchandise and services in various sections of GCT or GCM, as the case may be, or to otherwise further the Objective. If an RFP identifies a preferred or mandatory use, it shall make clear whether such use is mandatory or merely preferred; if an RFP identifies a disfavored or prohibited use, it shall make clear whether such use is prohibited or merely disfavored.

Without limiting the generality of the foregoing, each RFP must reference (and each prospective tenant must be provided with access to) the generally applicable design criteria and rules and regulations for commercial spaces at GCT and GCM, and state that compliance with such design criteria and rules and regulations is mandatory.

The Director, Grand Central Retail Leasing and Management, with the approval of the Managing Director, TOM, may elect to exclude national chains and/or discount merchandisers from any areas of GCT and GCM, or GCT, or GCM as a whole, provided that they reasonably determine that doing so will further the Objective. If required, each Staff Summary presented to the Board when the award of the proposed lease for a space is submitted in due course for Board approval shall set forth any preferred, mandatory, disfavored, or prohibited uses applicable to such space; provided, however, that the aforementioned design criteria and rules and regulations need only be referenced, not set forth in full, in such Staff Summaries.

Selection Criteria

Each proposal will be evaluated independently by the Director, Grand Central Retail Leasing and Management, Assistant Deputy Director, Grand Central Retail Leasing and Management, and a representative(s) from each of the MTA's Leasing Agent (currently, CBRE) and MTA's Retail Manager for GCT (currently, Spinoso Management Group) or such other outside consultants as may from time to time be retained by the MTA to provide leasing and retail property management services (individually, the "**Technical Consultant**" or collectively, the "**Technical Consultants**").

The following are the selection criteria (the "**Selection Criteria**") that will be used to evaluate proposal:

Selection Criterion A: Direct Economic Benefit to the MTA (Maximum 60 Points).

Each evaluator shall:

First: Start with the Unadjusted Guaranteed Rent Amount for each proposal, as determined by the Technical Consultants as described below. The "**Unadjusted Guaranteed Rent Amount**" for any proposal is the present value of the guaranteed minimum rent set forth in such proposal, discounted to the first day of the lease term using a discount rate of 6%.~~6~~

Formatted: Font: Bold

Formatted: Font: Bold

Formatted: Font: Bold

Formatted: Font: Bold

Second: Determine the Guaranteed Rent Adjustment Factor for each proposal and multiply it by the Unadjusted Guaranteed Rent Amount for such proposal, to determine the "**Adjusted Guaranteed Rent Amount**" for such proposal. The "**Guaranteed Rent Adjustment Factor**" is an adjustment factor intended to reflect any concerns that the evaluator may have with respect to the certainty of payment of the Unadjusted Guaranteed Rent Amount, taking into account (1) the evaluator's assessment of the viability of the prospective tenant's business plan, (2) the evaluator's assessment of the creditworthiness of the prospective tenant (or any proposed guarantor) and (3) any security deposits and/or letters of credit that will be required (as set forth in the applicable RFP). The Guaranteed Rent Adjustment Factor may be as high as 1.00 (which means the evaluator has no uncertainty about the Unadjusted Guaranteed Rent Amount being received by MTA) and as low as 0.50 (which means the evaluator has great uncertainty about the Unadjusted Guaranteed Rent Amount being received by the MTA), provided that if a proposal includes commercially unreasonable backloading of rent, or other non-standard rent structures, then the adjustment factor may be as low as zero to protect the MTA's interests.

Third: Take the Unadjusted Percentage Rent Amount for each proposal, as determined by the Technical Consultants. The "**Unadjusted Percentage Rent Amount**" for any proposal is the present value of the projected percentage rent as set forth in the proposal, discounted to the first day of the lease term using a discount rate of 6~~6~~%.

Fourth: Determine the Percentage Rent Adjustment Factor for each proposal and multiply it by the Unadjusted Percentage Rent Amount for such proposal to determine the "**Adjusted Percentage Rent Amount**" for such proposal. The "**Percentage Rent Adjustment Factor**" is an adjustment factor intended to reflect the evaluator's assessment of the likelihood of percentage rent being received. The Percentage Rent Adjustment Factor may be as high as 0.50 (which means the evaluator has no uncertainty about the Unadjusted Percentage Rent Amount being received by the MTA) and as low as zero (which means the evaluator has great uncertainty about the Unadjusted Percentage Rent Amount being received by the MTA).

Fifth: Add the Adjusted Guaranteed Rent Amount for each proposal to the Adjusted Percentage Rent Amount for such proposal to determine the "**Adjusted Total Rent Amount**" for such proposal.

Sixth: Award the proposal with the highest Adjusted Total Rent Amount (the "**Highest Adjusted Total Rent Amount**") sixty (~~60~~60) points for the Selection Criterion A score.

Seventh: Calculate the Selection Criterion A score for each of the other proposals by multiplying 60 times a fraction, the numerator of which is such proposal's Adjusted Total Rent Amount and the denominator of which is the Highest Adjusted Total Rent Amount.

Selection Criterion B: Indirect Benefit to the MTA (Maximum 40 Points).

Each evaluator shall determine the likelihood that each prospective tenant will support the elements of the Objective not directly reflected in Selection Criteria A. The Selection Criterion B will evaluate a proposal's strength based on the demonstrated understanding of the RFP objectives, requirements, and constraints and the following considerations :

- Nature of proposed business and quality of Proposer's business plan
- Overall contribution to the GCT or GCM merchandising strategy
- Brand desirability and co-tenancy attributes

Formatted: Font: Bold
Formatted: Font: Bold
Formatted: Font: Bold
Formatted: Font: Bold
Formatted: Font: Bold
Formatted: Font: Bold
Formatted: Font: Bold

- Demonstration that Proposer has the necessary financial resources and management and operational experience to successfully develop and manage the retail unit for the duration of the term.
- Potential benefit to the MTA customers
- Quality of proposed improvements and projected construction duration and/or turnover down time
- Compatibility and consistency of proposed use with GCT or GCM operations

The Selection Criterion B score shall range from forty (40) points (which means that the evaluator believes that the prospective tenant will have an extremely significant positive effect on the elements of the Objective not directly reflected in Selection Criterion A) to zero (0) points (which means that the evaluator believes that the prospective tenant will have no positive effect on the elements of the Objective that are not directly reflected in Selection Criterion A).

Total Selection Criterion Score.

Formatted: Underline

The total Selection Criteria score (the "**Total Selection Criteria Score**") for each proposal shall be the sum of that proposal's Selection Criterion A score plus that proposal's Selection Criterion B score.

Formatted: Font: Bold

Procedures for Evaluation of Proposals

Step 1: Technical Evaluation by Consultants:

Each Technical Consultant shall provide the Director, Grand Central Retail Leasing and Management with a written technical evaluation (a "**Technical Evaluation**") of each such proposal.

Formatted: Font: Bold

If any Technical Consultant considers that a proposal is non-responsive, such Technical Consultant shall promptly raise that issue with the Director, Grand Central Retail Leasing and Management and the Director, Grand Central Retail Leasing and Management shall undertake the responsiveness review in Step 2 for such proposal. If after such responsiveness review (and any corrective steps permitted in Step 2) the Director, Grand Central Retail Leasing and Management (after consultation with the Managing Director, TOM) determines that such proposal is not responsive, such proposal shall be disqualified, and no further technical evaluation shall be performed.

Each Technical Evaluation of each proposal shall include:

(i) responsiveness to the RFP;

(ii) a calculation of the Unadjusted Guaranteed Rent Amount;

(iii) a calculation of the Unadjusted Percentage Rent Amount;

(iv) a description of any known adverse prior experience (such as arrears, delinquent payments, and failure to comply with lease or license terms) pertaining to business relationships of the prospective tenant or any Affiliate of the prospective tenant (as such term is described below), after due inquiry into the MTA leasing records and the records of Tenant Management;

(v) any other matters relating to the responsibility of the proposer;

(vi) an assessment of the viability of the prospective tenant's business plan (taking into account, as appropriate, the prospective tenant's concept, capabilities and past

experience), the creditworthiness of the prospective tenant (or any proposed guarantor) and any security deposits and/or guaranties that will be required (as set forth in the applicable RFP);

(vii) an assessment of the likelihood of receiving any proposed percentage rent; and

(viii) an assessment of the likelihood that the prospective tenant will indirectly further the Objective, by attracting other desirable prospective tenants to GCT or GCM, and/or customers for other current or prospective tenants at GCT or GCM.

Step 2: Determination of Responsiveness:

The second step after receipt of proposals will be a determination of responsiveness by the Director, Grand Central Retail Leasing and Management using the standard criteria set forth in the General Guidelines (including such prospective tenant's failure to provide all completed forms, supplemental information and signatures required by the applicable RFP). A proposal received in response to an RFP should be deemed "not responsive" (and thus disqualified and eliminated from further consideration by the Director, Grand Central Retail Leasing and Management) if such proposal (a) contemplates uses that such RFP identified as prohibited uses or (b) fails to provide for uses that such RFP identified as mandatory uses. A prospective tenant may not be disqualified by reason of such prospective tenant having proposed uses that the RFP identified as merely "disfavored" or by reason of having failed to propose uses that the RFP identified as merely "preferred" (although that may properly be taken into account in scoring proposals, as described above under the heading "**Selection Criterion B**"). If the Director, Grand Central Retail Leasing and Management determines that it is in the MTA's best interests to permit a proposer to modify its proposal after the due date to correct deficiencies that would otherwise cause it to be deemed or otherwise determined to be non-responsive, such proposer shall be afforded such opportunity. If a decision is made to request action by the proposer to conform its submission with the RFP requirements, an email or letter should be sent to the proposer requesting such action. Any such email or letter should state that the non-conformity must be rectified within five working days, except that a longer time may be allowed by the Director, Grand Central Retail Leasing and Management, if the nature of the non-conformity (e.g., missing architectural plans) warrants such longer period.

Formatted: Font: Bold

In making the foregoing determination, the Director, Grand Central Retail Leasing and Management may rely on the Technical Evaluations. If there is any doubt about the appropriate action to take, MTA Legal's DGC-T&O or their designee should be consulted.

Step 3: Initial Determination of Responsibility:

The third step is an initial determination of responsibility by the Director, Grand Central Retail Leasing and Management. The Director, Grand Central Retail Leasing and Management may determine that a prospective tenant is not responsible for any reason contemplated by the General Guidelines (including unsuitability due to a record of criminality, lack of integrity, violations of the Procurement Lobbying Law (State Finance Law Sections 139-j and 139-k)).

A proposer may be disqualified as "not responsible" (and thus eliminated from consideration by the Director, Grand Central Retail Leasing and Management) if such proposer, or any Affiliate of such proposer, (a) has been convicted of a felony or any misdemeanor involving moral turpitude; (b) has been disqualified from contracting with the MTA, the City of New York, the State of New York, the Port Authority of New York and New Jersey or the federal government; (c) has violated the Procurement Lobbying Law (as more particularly described in Chapter XI of General Guidelines); (d) owes, with respect to amounts due not more than five years prior to the date of the RFP, in excess of $10,000 to the MTA or any other MTA Agency; such amount is not (in the view of MTA Legal) the subject of a bona fide dispute; and such amount has remained unpaid for more than 30 days after written demand from the MTA or another MTA Agency; (e) is in default of material non-monetary obligations to the MTA or another MTA Agency under an existing lease which, after notice and an opportunity to cure as may be required under the lease, such default remains uncured; (f) has any outstanding and unresolved federal, state or local tax warrants or liens; or (g) has received an unacceptable credit report from a reputable credit reporting company. Late payment, as opposed to non-payment, shall not constitute grounds for disqualification of an otherwise responsible proposer (although it may be taken into account in scoring proposals, as described above under the heading "**Selection Criterion A**"). If after providing written notice and having afforded such prospective tenant an opportunity to be heard the MTA deems a prospective tenant to be not responsible, the MTA need not undertake any further consideration of such prospective tenant's proposal. A proposer may be deemed "not responsible" (and thus may be disqualified and eliminated from consideration by the Director, Grand Central Retail Leasing and Management) if such prospective tenant, or an Affiliate of such proposer, (a) is the current tenant in the space being offered by the RFP or any other retail space at GCT, and (b) refuses to agree to amend its current lease for such space to include security provisions identical to those in the draft lease issued as part of the RFP.

Formatted: Font: Bold

If, after having been provided written notice of its intent to disqualify a proposer as not responsible and having afforded such proposer an opportunity to be heard, a proposer is deemed to be not responsible, no further consideration of that proposal need be undertaken. In making the foregoing determination, the Director, Grand Central Retail Leasing and Management may rely on the Technical Evaluations.

Step 4: Completion of Evaluation Form

The Director, Grand Central Retail Leasing and Management and Technical Consultants shall thereafter complete their written evaluation of all responsive proposals received from responsible prospective tenants based on the Selection Criteria, using both the numerical scoring and comment sections of an evaluation and scoring form substantially in the form attached hereto as Appendix A (the "**Evaluation Form**"). In completing such Evaluation Form, each Technical Consultant must exercise their own best independent judgment taking into account the Technical Evaluations.

Formatted: Font: Bold

Then the Total Selection Criteria Score on the final Evaluation Forms will be added together and the proposals ranked based on such aggregate scoring.

If the proposal with the highest Total Selection Criteria Score is also the proposal with the highest Unadjusted Guaranteed Rent Amount, then, the Managing Director, TOM (with the approval of the Chief Administrative Officer) may, provided at least three proposals were received, award the lease to the proposer who offered the highest Unadjusted Guaranteed Rent Amount without a Finance Committee Staff Summary or MTA Board Approval provided that it is later listed in a chart in the Finance Committee book consistent with the Three Responsive Proposals for a Standard Retail Lease or License Policy adopted by the MTA Board on November 13, 2013, applicable to the award of leases generally under the General

Guidelines. If the proposal with the highest Total Selection Criteria Score is not the proposal with the highest Unadjusted Guaranteed Rent Amount or if there were less than three responsible proposals received, the Managing Director, TOM (with the approval of the Chief Development Administrative Officer) shall submit to the MTA Board Finance Committee a Staff Summary that includes a reasonably detailed explanation of the factors taken into account in recommending such proposal for award of the lease to such proposer and seeking authorization of the MTA Board for such action.

Step 5~~5~~: Conditional Designation

If a prospective tenant is selected, the Director, Grand Central Retail Leasing and Management or their designee shall prepare a conditional designation letter for execution by the Managing Director, TOM or other authorized signatory on behalf of MTA and Metro-North and countersignature by such prospective tenant as contemplated by the General Guidelines.

Step 6~~6~~: Determination of Whether to Present Recommendation to the Board

The Managing Director, TOM may (at any time after an RFP is issued) determine, in consultation with the MTA Legal's DGC-T&O or their designee that it is in the best interest of the MTA to reject all proposals because the process did not yield sufficiently advantageous proposals, if the Managing Director, TOM believes that issuing a new RFP would materially further the Objective, or because it has been determined, since the applicable RFP was issued, that the applicable space is better utilized for a non-commercial purpose, in which case the Managing Director, TOM shall so report to the Board's Finance Committee.

[Landlord OR **Licensor]:**	[MTA New York City Transit ("NYCT") or MTA Long Island Rail Road ("LIRR") or MTA Metro-North Railroad ("Metro-North") or MTA Bridges & Tunnels or Metropolitan Transportation Authority ("MTA")]
Premises/Licensed Area:	[describe space, e.g., "Ground floor lobby newsstand (inside security checkpoints) at 2 Broadway."]
Station Ridership:	["N/A" or enter: Average weekday ridership: [enter number] Average Saturday ridership: [enter number or "N/A"]] Average Sunday ridership: [enter number or "N/A]
Deemed Rentable Square Footage:	[enter size of retail or other area in square feet, and separately show the size of any storage areas] [Add if applicable: "A [plan or drawing] of the space is attached hereto as Exhibit A."]
Term:	[enter number of years of initial or total term, if no option] years from the rent commencement date of the lease plus any free rent period for buildout between the commencement date and rent commencement date
Extension Option(s):	[enter option(s) and number of years and "at [licensee/lessee] OR landlord's discretion" or put "N/A"] [years]
Transportation Purposes Termination:	FOR LEASE USE: Landlord may terminate the lease upon 90 days' notice to tenant if landlord requires the premises or any part thereof (a) for any transportation or transit purpose including the realization of revenues; (b) in connection with the construction, demolition, sale, or lease of the premises, the station or any other portion of the real property; (c) to otherwise accommodate the operation of the Railroad System; or (d) in connection with the furtherance of any of its purposes or the exercise of any of its general or special powers under the Public Authorities Law. [FOR LEASES ONLY/NOT LICENSES: If Lease is for a term of 10 years or longer and Tenant has made a substantial capital

	investment in the Premises, use the following if an amortization provision is being provided, otherwise delete: "If the lease is terminated by landlord during the first 10 years of the term, landlord will reimburse tenant for the documented unamortized reasonable costs of its permanent improvements, amortized on a straight line basis over 10 years, provided tenant is not in default at such time and vacates the premises voluntarily on the termination date, after first deducting any amounts owed by tenant to landlord.] FOR LICENSE USE: Landlord may terminate the license, at will, at any time on [60][30] days prior notice, at no cost to landlord. FOR SALE USE: N/A
Suggested Annual [Rent or Compensation or Purchase Price]:	[enter annual rent or compensation] and add "for Year 1 of the term, or enter purchase price]
Suggested Average Annual Rate of Increase:	[enter percentage, i.e., "3%" or "5%" or "N/A"]
Utility Fee:	
Electricity fee	["N/A" or "Tenant shall pay a fee of $[number] per [month or year] for electricity as additional rent. This amount shall increase annually by 3%."]
Trash collection fee	["N/A" or "Tenant shall pay a fee of $[number] per [month OR year] as a trash collection fee. This amount shall increase annually by 3%."]
[Security Deposit or Down Payment]:	Upon signing of [lease/license], three months' [base rent or base compensation] based on the final year's [base rent or base compensation].
Guaranty:	A guaranty from a creditworthy principal of Licensee acceptable to Licensor will be required, unless in Licensor's sole determination, the Licensee itself is a creditworthy entity with a sufficient net worth, which net worth, is sufficient to cover both (i) Licensee's obligations under the proposed Lease and (ii) all of Licensee's and Guarantor's other corporate or individual obligations during the term (including all term extension options) of the Lease. If Licensee is a newly formed entity, the individual proposers/principal(s) will be required to provide full personal guaranties. Licensor may, under appropriate circumstances consistent with its Guidelines, agree to limit the guarantor(s)' liability, after completion of the initial improvements, to (i) Licensee's obligations of payment and performance prior to a voluntary surrender of the Premises in its required condition, and (ii) an additional period of time to guaranty Licensee's fixed rent obligation beyond its voluntary surrender to afford Licensor an opportunity to re-let the Premises.an opportunity to re-let the

	Premises.
Completion Guaranty:	Licensor reserves the right to require Licensee to provide a personal or corporate guarantor, with sufficient financial resources, in Licensor's opinion, to guarantee the complete performance of the required improvements and other improvements that Licensee has proposed, and Licensor has approved.
[Required OR **Permitted] Use[s]:**	[enter required or permitted uses – match what is in form of lease or license, if a form is being used – DO NOT put in an exhaustive list of items, like exist in newsstand agreements]
Prohibited Items and Uses:	Any uses not authorized by Landlord. Prohibited uses are specified in the RFP and form of lease/license.
Minimum Hours:	[enter minimum hours for weekdays and add "except for weekends and MTA holidays", or whatever required operating days and times are.] [Tenant/Licensee] may remain open at other times subject to [landlord's/licensor's] approval.
Sales Reporting [optional]:	[Tenant/Licensee] shall provide Landlord with gross sales figures on a monthly or annual basis, if required by landlord.
Condition of Premises:	Premises will be delivered "as is." [Landlord/Licensor/Grantor] anticipates making no improvements to the premises or the systems serving the premises.
Utilities:	
Electrical	The space is served by a [enter size, e.g., "60-amp single phase" or 100 amp three-phase, etc.] electrical service and [is/is not] sub-metered or separately metered.
Fire Alarm	["N/A" or describe the fire alarm situation and what if anything will need to be done, i.e., "connection to a central station located at [location] via rigid conduit is required"]
Sprinkler	["N/A" or describe sprinkler situation and what if anything will need to be done with it]
Plumbing	["N/A" or describe plumbing situation and what if anything will need to be done with it]
Natural Gas	["N/A" or describe natural gas situation and what if anything will need to be done with it]
Domestic Water	["N/A" or describe water situation and what if anything will need to be done with it]
Sanitary Service	["N/A" or describe the sanitary service (i.e., "3" sanitary line with ½ hp 120v 1ph ejector pump"), and what if anything will need to be

	done with it]
HVAC	["N/A" or describe HVAC situation and what if anything will need to be done with it]
Telecommunications	["N/A" or describe the telephone and/or other telecommunications (i.e., cable or other data lines) situation and what if anything will need to be done with it; also, if applicable, indicate the designated provider such as "Telephone service is available through Verizon")]
Condition of Existing Equipment and Utilities:	Tenant is responsible for repair, maintenance, and replacement of all equipment located in or exclusively serving the premises. No warranties or representations are made regarding the condition of existing equipment or utilities, or the suitability of existing equipment and utilities for [licensee's or tenant's] proposed use.
Tenant's Initial Work:	"[Tenant/Licensee] shall be responsible, at its sole cost and expense, for the completion of all improvements required for [tenant's or licensee's] use and as required by [landlord or licensor]." At a minimum, Tenant's Initial Work must include the following: 1. [enter required improvement] 2. [enter required improvement]. 3. [enter required improvement]. 4. [enter required improvement]. 5. [enter required improvement]. 6. [add additional numbers to list if necessary to describe additional discrete improvement items] Tenant's Initial Work must meet the requirements of the New York State Uniform Fire Safety and Building Code. [Landlord/Licensor], in its capacity as the construction permitting and code compliance agency under the NYS Uniform Code and not in its proprietary capacity as Landlord, or its designee shall review all proposed Alterations for compliance with aforementioned code.
Compliance with Codes and Ordinances:	In addition to compliance with the New York State Fire Safety and Building Code, [tenant/licensee] shall comply with all other applicable codes and ordinances, including health regulations, and obtain all required permits.
Estimated Cost of Initial Improvements:	Each proposer should take into consideration the requirements for high quality design, materials and workmanship, as well as compliance with all applicable regulations and codes when preparing plans and estimating construction costs. We strongly encourage each proposer to obtain professional construction estimates before submitting their proposal. If actual construction costs exceed estimated costs, the [tenant/licensee]

	should not anticipate any relief from [landlord/licensor]. The [tenant/licensee] will be responsible for completing all required improvements regardless of the actual cost of construction.
Insurance:	The lease/license agreement will specify the insurance requirements for Tenant and its Contractors (including subcontractors of any tier) and will generally include, at a minimum: commercial general liability insurance workers' compensation insurance, and all-risk property insurance policy. [Enter if applicable or delete: "Railroad protective liability insurance in the amount of [enter amount] will be required of [tenant's/licensee's] contractor"] **Tenant's/Licensee's contractors will be expected to sign a contractor's insurance and indemnity agreement and providing insurance certificates evidencing the required insurance coverage prior to commencing any work.**
Assignment & Subletting/Change of Control:	Any assignment or subletting or transfer of a controlling interest in a tenant entity, or other transfer of an equity interest that results in a change of control, whether directly or indirectly, is not permitted without [landlord's/licensor's] approval, in its sole discretion. However, [landlord/licensor] will not be required in certain circumstances specified in the lease/license, including to a controlled affiliate, to a distribute or legatee of a decedent's estate, or to a trust or immediate family member for financial or tax planning purposes.
Broker:	Any tenant broker is to be paid by the tenant.
Site Visit:	[enter time], [enter day of week], [enter date including year]

This Parcel Information Sheet must be signed by an officer of the prospective [tenant/licensee].

Re: Request For Proposals: RFP [insert the RFP number]

Dear Prospective Tenant:

Thank you for your interest in this offering of MTA New York City Transit property for lease at the following locations:

- [Insert locations such as "Kings Highway Station (B, Q trains), Brooklyn, NY"]
- [Insert locations such as "Avenue M (Q train), Brooklyn, NY"]

Attached is the entire Request for Proposals ("RFP") package, also available on the internet at:

http://enterprise.nymta.info/MTA_Real_Estate_RFP/

DEADLINE: Proposals must be received by 12:00 p.m. on [enter day of week, day of month, month name, and year]. Proposals submitted after such deadline will, at the MTA's sole discretion, only be considered if the MTA determines that such consideration is in the public interest. Each proposal must include the items listed in the "Submission Requirements" section below. Proposals not including all requested items may be rejected.

In addition to this letter, the RFP package includes the following components:

1. *Parcel Information Sheets.* This section provides information about each of the locations offered and the date and time that the locations may be viewed.

2. *Request for Proposals—Rules and Regulations.* This section contains regulations, information and instructions that relate to the submission of proposals. Please take the time to read this section carefully and refer to it as you fill out the Proposer Information Form.

3. *Rent Proposal Form.* This form is to be used to specify the rent that the prospective tenant proposes to pay to the MTA for the applicable space.

4. *The Proposer Information Form.* Please take the time to read the instructions carefully and ensure that all questions are answered completely. Also, note that the last page must be notarized.[Edit PIF by crossing out irrelevant sections not applicable to the parcel that would only confuse bidders]

5. *U.S. Internal Revenue Service Form W-9, Request for Taxpayer Identification Number and Certification.*

The agencies of the MTA
MTA New York City Transit · MTA Long Island Rail Road · MTA Metro-North Railroad · MTA Bridges and Tunnels · MTA Capital Construction · MTA Bus Company

6. *New York State Finance Law Sections 139-j and 139-k ("Lobbying Law") Disclosure Statement.*

7. *Iran Divestment Act Certification.*

8. *Standard Format for Architectural Drawing Submissions.* These guidelines are for the tenant and tenant's architect and contractor to use in preparing design plans following lease execution.

9. Executive Order 16 Certification.

10. Executive Order 177 Certification

SUBMISSION REQUIREMENTS: Please provide the following information with your submission (all forms are available for download from the MTA's website listed above):

- Fully completed and **signed** *Parcel Information Sheet*
- Fully completed and **signed** *Rent Proposal Form.*
- Fully completed and **signed** *Proposer Information Form.* **Notarize** the last page of where indicated.
- Fully completed and **signed** *U.S. Internal Revenue Service Form W-9, Request for Taxpayer Identification Number and Certification.*
- Fully completed and **signed** *NYS Finance Law Sections 139-j and 139-k Certification.*
- Fully completed and **signed** *Iran Divestment Act Certification.*
- Fully completed and **signed** Executive Order 16 Certification
- Fully completed and **signed** Executive Order 17 Certification
- [If the proposal deposit is required when the conditional designation letter is issued, delete this paragraph] Proposal Deposit in the amount of [three] months' of **Year 5 Rent.** Proposals submitted with multiple checks drawn on different accounts may be rejected. You should enclose money orders or checks drawn on a single account.
- [Include the following only if applicable] Please list material objections, if any, to the ***Form of [Lease or License or Contract]*** in a cover letter or on a separate sheet of paper. If you do not list any objections, MTA will proceed on the basis that you have no objections to the *Form of [Lease or License or Contract]* and will reserve the right to award the [lease or license or contract] to another bidder, should you later raise such objections.

[If a proposal deposit is required when the conditional designation letter is issued, include this paragraph.] Please note that a proposal deposit in the amount of [three] months' of year [5] rent

6. *New York State Finance Law Sections 139-j and 139-k ("Lobbying Law") Disclosure Statement.*

7. *Iran Divestment Act Certification.*

8. *Standard Format for Architectural Drawing Submissions.* These guidelines are for the tenant and tenant's architect and contractor to use in preparing design plans following lease execution.

9. *Form of Lease*

SUBMISSION REQUIREMENTS: Please provide the following information with your submission (all forms are available for download from the MTA's website listed above):

- Fully completed and **signed** *Parcel Information Sheet*
- Fully completed and **signed** *Rent Proposal Form.*
- Fully completed and **signed** *Proposer Information Form.* **Notarize** the last page of where indicated.
- Fully completed and **signed** *U.S. Internal Revenue Service Form W-9, Request for Taxpayer Identification Number and Certification.*
- Fully completed and **signed** *NYS Finance Law Sections 139-j and 139-k Certification.*
- Fully completed and **signed** *Iran Divestment Act Certification.*
- [If the proposal deposit is required when the conditional designation letter is issued, delete this paragraph] Proposal Deposit in the amount of [three] months' of **Year 5 Rent.** Proposals submitted with multiple checks drawn on different accounts may be rejected. You should enclose money orders or checks drawn on a single account.
- [Include the following only if applicable] Please list material objections, if any, to the ***Form of [Lease or License or Contract]*** in a cover letter or on a separate sheet of paper. If you do not list any objections, MTA will proceed on the basis that you have no objections to the *Form of [Lease or License or Contract]* and will reserve the right to award the [lease or license or contract] to another bidder, should you later raise such objections.

[If a proposal deposit is required when the conditional designation letter is issued, include this paragraph.] Please note that a proposal deposit in the amount of [three] months' of year 5 rent will be required should you be conditionally designated as the successful proposer for the location(s) upon which you bid.

Email submissions will be accepted provided that the MTA's exclusive agent confirms receipt, and an original hard copy is received within seven (7) days from the Deadline.

[Insert the number of copies of the proposal is required. Typically we request 2 copies] hard copies of submissions should be MAILED or sent via UPS, FEDEX, or other parcel or post carrier in sealed envelopes and must arrive by the date and time above and must be sent to:

MTA Real Estate
Attention: [designated secretary]
Metropolitan Transportation Authority
2 Broadway
New York, NY 10004
MTA Real Estate RFP Number: RFP [insert the REP number]
Parcel Number[s]: [enter number(s) or delete line if none]
Location: [enter location(s) or delete line if none]

If a submission is hand delivered, either by a proposer or be messenger, it must be delivered to the MTA New York City Transit Bid Suite at 3 Stone Street, around the corner from the 2 Broadway entrance (north side of street, between Broadway and Broad Streets). Proposers WILL NOT be permitted to deliver proposals by hand at the 2 Broadway entrance. Hand delivered proposals will be time stamped by staff in the Bid Suite and then proposers will be directed to place proposals in a drop box in the Bid Suite.

All bid proposals shall be publicly disclosed in the agenda for the meeting of the Finance Committee of the MTA Board at which the transaction will be considered for approval, should Board approval be required.

The MTA reserves the right, at any time, to modify or waive requirements of this RFP.

Please be aware that there are rules regarding permissible contact (oral, written, and electronic communications) with the MTA during a public procurement process. Effective January 1, 2006, New York State Lobbying Law requires that all contact with the MTA relating to this RFP must be made through the following persons/designated **Points of Contact**. **Contact with anyone else at the MTA regarding this RFP may result in ineligibility to participate in the RFP**.

Applicant Information Statement

General Affidavit

State of New York, County of } ss:

being duly sworn, deposes and says

I am the of

the sole proprietorship, joint venture, corporation, partnership (circle one) whose name is subscribed to and which executed the foregoing

I reside at

Representations, Warranties, and Covenants

A. The undersigned has received and read the entire Request for Proposal, has acquainted itself/himself/herself with all matters therein referred to in connection with this proposal, will accept the premises "as-is" and will secure any necessary permits and licenses pertaining to the operation of, or the making of any improvements to, the site. The MTA makes no representation or warranties as to the information supplied herein or the type of use or development permitted at each location.

B. The undersigned deposits with this proposal an amount equal to three (3) months rent as proposed, in the form of a check payable to the MTA, to be retained by MTA as liquidated damages in the event the undersigned is offered and fails to enter into a lease or license on the terms contained in this proposal.

C. The undersigned shall invest approximately _____ dollars ($ _____) for improvements to the subject premises. (Include photographs or drawings of existing operations, and preliminary plans prepared and stamped by a New York State-licensed architect or engineer for the proposed location, which may be used as a basis for improvements to the premises.)

D. The undersigned acknowledges that improvements and other work (1) may not be carried out without the prior approval of the MTA, (2) will become the property of the MTA, and (3) must conform to appropriate health, safety, fire, and building codes, as required.

E. The undersigned is not in arrears in the payment of amounts due to the MTA or any of its affiliated agencies or the State of New York or the City of New York or any instrumentality thereof.

F. The undersigned declares under the penalties of perjury provided for by Article 210 of the New York Penal Law that the undersigned has read fully and understands all of the terms and conditions of this Request for Proposals, and all of the foregoing questions in the Applicant Information Statement and Proposed Compensation Form. The answers and statements herein including, without limitation, the Applicant Information Statement and the Credit Authorization, are to the best of the undersigned's knowledge and belief true, correct, and complete. The undersigned agrees that in the event that circumstances reflected by the answers herein change, the undersigned will promptly notify the Real Estate Department of the Metropolitan Transportation Authority in writing by certified mail. The undersigned also understands that a misstatement, omission, or failure to update information may be cause for the Metropolitan Transportation Authority not to award to the applicant or its current principals the proposed lease or license, and may have the effect of precluding persons or entities from doing business with the Metropolitan Transportation Authority or its affiliates or subsidiaries in the future.

G. The undersigned is of lawful age.

H. The undersigned represents and warrants that no person, firm, or corporation other than herein above named has any interest in this proposed lease or license agreement.

I. The undersigned represents and warrants that no elected representative or other officer or employee or person whose salary is payable in whole or in part from the Federal Government or State or City of New York, and no member officer or employee of the Metropolitan Transportation Authority or any affiliate or subsidiary thereof is directly or indirectly interested in this proposal or in the proposed lease or license agreement to which it relates or will have an interest in any of the profits thereof.

J. To the best of the undersigned's knowledge the following statements are true and complete. If any of the following statements are not true and complete, refer to and complete Section K.

(i) The compensation and other terms of this proposal have been arrived at independently without any agreement, collusion, consultation, or communications intended to restrict competition.

MTA RE (AIS 10/06) Page 12

Applicant Information Statement

General Affidavit (cont'd.)

(ii) Unless otherwise required by law, the compensation and other terms quoted in this proposal have not been knowingly disclosed by the undersigned or any other individual and, before the proposal is opened, shall not knowingly be directly or indirectly disclosed by the applicant or any other individual or by or on behalf of the proposer to any other proposer or to any competitor; and

(iii) No attempt has been made or will be made by the undersigned or by any other individual or by or on behalf of the applicant to induce any other person, partnership, corporation, or other entity to submit or not to submit a proposal, for the purpose of restricting competition.

Check off and complete Section K only if the statements contained in Section J are not true and complete.

☐ K. The statements set forth in paragraphs J. (i), (ii), (iii) are not true and complete. The undersigned has attached a detailed explanation as to (1) why each such paragraph is not true and complete, and (2) why the undersigned's explanation does not reflect an effort to restrain competition.

Re: [RFP reference number, agency, description i.e., retail, vending, etc.)

AGENCY:

LESSEE:

LOCATION:

ACTIVITY:

SEQR/NNEPA:

	✓		✓	Actions Required
Type 1		EIS		
Type 2		NEPA		
Unlisted		N/A		

LOBBYING LAW:

Have there been Contacts?	
Were Contacts permissible?	

COMMENTS:

Paragraph I: Introduction
a) Summarize in a couple of sentences why property is being disposed of, licensed, or acquired.
b) Summarize recommendation as to method of disposition/acquisition and price.

Paragraph 2: Discuss property
a) Location – Municipality, closest MTA operation, any other noteworthy items.
b) Nature of MTA or agency ownership.
c) Physical attributes (improved, vacant, structures, fencing, etc.)
d) Tenant use
e) Possible uses
f) Restrictions placed by MTA agency (i.e., use; disposition method (license only, etc.); time limitations; termination tights.)

Paragraph 3: Nature of interest being disposed of or acquired
a) Describe interest: Fee/permanent easement/temporary easement/net lease/lease/license/permit/other)

b) Describe circumstances that may impact value; describe any unusual or unique circumstances.
c) Describe WHY that interest is being offered or purchased (i.e., if a lease, was a sale considered? If a License, could it be leased? Did the agency restrict the interest, and why?)

Paragraph 4: Method of disposition or acquisition
a) RFP (obviously N/A for acquisitions)
b) If not RFP, why not?
   i. Pursuant to policy
   ii. Pursuant to special circumstances noted in Licensing Procedures when competition is not feasible (Board approval still required)
   iii. Other reasons

Paragraph 5: Discussion of Proposals
a) How many proposals received? Refer to spreadsheet if applicable.
b) Discussion of top proposers:
   i. Creditworthiness
   ii. Financial wherewithal to start-up and make improvements.
   iii. Experience applicable to proposed operation; note if prior or current experience with MTA and if so, licensee/tenant history.
   iv. Discussion of proposals in comparison to appraised value or market value.
   v. If proposals are below appraised or estimated fair market value, discuss the reasons therefor.

Paragraph 6: Negotiations
a) What items were negotiated (note: if sole bidder, MUST negotiate; if many responses to RFP, usually take high bid, unless extenuating circumstances).
b) Result of negotiations

Paragraph 7: Recommendation
a) Recommend course of action, citing reasons.

Dear [MR.IMS NAME]:

As you know, your [lease/license/permit] for the *above* location [has expired/'will expire soon]. It is the Metropolitan Transportation Authority's (MTA's) policy to offer lease and license opportunities through a Request for Proposals ("RFP") process. This is to inform you that the MTA will shortly be issuing an RFP to [LEASE/LICENCE] the *above* location, and you are invited to submit a proposal. The RFP due date is [MM/DD/YYYY]. To view and download a copy of the RFP, go to the MTA website at:

http://enterprise.nymta.info/MTA_Real_Estate_RFP/

Please note that all contacts with the MTA relating to this RFP must be made through the designated Points of Contact. Contact with anyone else at the MTA relating to this RFP may be a violation of the law and may result in the disqualification of the proposer. The Points of Contact for this RFP will be myself, [PROJECT MANAGER'S'S NAME], at 212-878-[XXXX] (for questions regarding the specific content of the RFP or RFP procedures and rules), and Odette Berg at 212-878-1043 (for general inquiries regarding the administrative aspects of the RFP only).

If you have any questions regarding the RFP, please call one of the Points of Contact listed *above*.

Sincerely,

[PROJECT MANAGER'S NAME]

Re: Recommendation to Award a Lease Agreement Pursuant to Request for Proposals: RFP Northport AG080124 for the Car Wash located at 402 Fort Salonga Road, North Port, New York 11768

COMMENTS:

MTA Real Estate issued a Request for Proposals ("RFP") on August 1, 2024, seeking qualified proposals to lease 54,885 +/- square feet of LIRR property to operate a car wash located at 402 Fort Salonga Road, Northport, New York 11768. Please find the attached exhibit outlining the premises.

A total of six (6) proposals were received. All proposals are detailed in the table below:

Proposer	Term	Use/Concept	Yr 1 MAG	NPV w/o Improvements (10 Year Term)
M+M Canvas & Awning Inc.	10 years	Operate a Car Wash	$142,392.00 with 3% annual increases	$1,184,508.08
Muhammad Afzal	10 years	Operate a Car Wash	$51,000.00 with 3% annual increases	$424,258.99
RMJ Management LLC	10 years	Operate a Car Wash	$17,000.00 with 3% annual increases	$141,419.66
Lakefield Car Wash	10 years	Operate a Car Wash	$20,500.00 with 3% annual increases	$170,535.48
Nicolas Iorio, Paul Vallario & Michael Pernicone	30 years (10-year term with two 10 year options)	Operate a Car Wash	$132,000.00 with 3% annual increases	$1,098,082.10
Nicolas & Joe Capparelli	30 years	Operate a Car Wash	$120,000.00 with 3% annual increases	Based on 30-year term $2,348,337.87

Upon review of the proposal submissions, the most favorable proposal for the MTA was submitted by M+M Canvas & Awning Inc. with Michal Mere as its principal. Michal Mere established M&M Canvas & Awning, Inc, 46 years ago and the company consists of two industrial buildings with 27 full-time employees and is located at 80 Oval Drive, Islandia, New York 11749. The Lessee advised that they have purchased and managed multiple commercial and residential properties located in Northport. The latest purchase is located at 650 Fort Salonga Road, Northport, New York 11768 where the property was renovated in six months and leased to Shrimpy' s Franchise for a twenty (20) year term. The Lessee submitted the highest annual rent and intends to renovate the Premises and operate a car wash.

Lessee advised that they would also be making the following improvements to the Premises which total the approximate amount of $349,490.00 which will require prior review and approval by LIRR.

- Signage and Awning with permits and drawings
- Landscaping as per Huntington Town Code
- Paint the entire building
- Masonry repairs
- Electrical repairs
- Replace equipment if and as necessary
- Heating system repairs
- Fire alarms and smoke detectors

The proposed compensation over the course of a ten (10) year term is as listed in the table above. The Net Present Value (NPV) without improvements for the proposed term is $1,184,508.08, calculated at a 6% discount rate.

A credit and background investigation was performed by Kentech Consulting Inc. on M+M Canvas and Awning Inc. on October 14, 2024 and Michael Mere on October 31, 2024 and indicated that both M+M Canvas and awning Inc. and Michael Mere have no open civil or criminal records and possesses adequate financial resources to pay the proposed lease compensation, maintain the required insurance, make the required improvements and carry out the required property maintenance on the Premises.

The form of the agreement will be drafted by MTA Legal and will require Lessee appropriate insurance coverage and indemnification and comply with LIRR's operating requirements.

Based on the foregoing, it is recommended to proceed with an award of a lease agreement to the Lessee based on the above-described terms and conditions.

APPROVALS IN ELEVATE.

Re: Request for Proposals: RFP# _____
MTA/NYCT/Metro-North/LIRR ("MTA") retail space at [Insert Address of Retail Location]

To Whom it May Concern:

We recently completed our analysis of the _____ proposal in response to the above referenced RFP. I am pleased to inform you that _____ has been conditionally designated as the successful proposer, subject to the following: 1) _____ acceptance of the terms attached to this letter, 2) completion of acceptable background and credit checks by MTA Real Estate, 3) MTA Board approval, and 4) the execution of a definitive lease agreement and any other lease documents on mutually acceptable terms.

Attached is _____'s Rent Proposal Form and signed Parcel Information Sheet. Kindly review these documents and return them to me with this letter countersigned. _____'s signature below will confirm its intention to proceed with a retail lease agreement based on the terms contained herein.

We are very glad that _____ has chosen to locate its business within the MTA system. Please contact _____ at (212) 878-_____ or _____@mtahq.org if you have any questions.

This letter does not constitute a legally binding agreement on MTA's part.

Sincerely, [NAME] Chief Real Estate Transactions & Operations Officer Attachments: Rent Proposal Form Parcel Information Sheet cc: File	ACKNOWLEDGED AND AGREED TO THIS ___ DAY OF _____ 2020: [Name of Successful Proposer] _____ Name: Title:

Staff Summary

FINANCE COMMITTEE MEETING
LEASE WTH MANHATTAN COLLEGE (Cont'd.)

Metropolitan Transportation Authority

COMMENTS:

The athletic field used by Manhattan College has been a center for Irish football, hurling, and other Irish sporting events in New York City for decades. The property on which the athletic field, accessory facilities (including a locker room, training room, storage room and storage shed) and parking lots sit (collectively, the "Property") is administered by MTA Real Estate for the City of New York account pursuant to the 1953 master lease between NYCT and the City of New York. The Property is currently licensed to Manhattan College on a short-term basis. Earlier this year, Gaelic Athletic Association ("Gaelic"), a long-time tenant of the premises adjacent to the athletic field and a long-time user of the athletic field and the accessory facilities along with Manhattan College, entered into a new lease with NYCT for said adjacent premises (pursuant to which Gaelic is performing substantial rehabilitation of the existing building on the adjacent premises), and it is anticipated that Manhattan College and Gaelic will continue sharing the athletic field for sporting events.

The Property was offered via a Request for Proposals ("RFP") for a 10-year lease term requiring the replacement of the adjacent sidewalk along West 240th Street and extensive repairs to its facilities (collectively, the "Required Improvements"). In response to the RFP, Manhattan College was the sole proposer. The present value of the rent proposed is $1,306,887 (calculated at a 7% discount rate). Such rent is in line with the appraised value of the Property, as estimated by MTA Real Estate's independent appraiser.

Manhattan College is committed to undertaking the Required Improvements and it possesses the financial resources and wherewithal to do so.

Based on the foregoing, MTA Real Estate requests authorization for NYCT to enter into a lease agreement with Manhattan College on the above-described terms and conditions.

Metropolitan Transportation Authority
REAL ESTATE DEPARTMENT

RECORD OF CONTACT
UNDER THE NEW YORK PROCUREMENT LOBBYING LAW
(STATE FINANCE LAW §139-j and §139-k)

If you receive a Contact in connection with a real estate transaction you must complete this form and submit it to the Director of Real Estate. If you believe that the Contact was an Impermissible Contact or you are not sure whether it was an Impermissible Contact, then you must also submit a copy to MTA Corporate Compliance – see below.

Check one: This Contact is : ☐ Permissible ☐ Impermissible ☐ I'm not sure*

To: MTA Director of Real Estate, 2 Broadway, 4th Floor, Email: MTARE@mtahq.org

*If this is an Impermissible Contact or you are not sure whether it is an Impermissible Contact, you must also send a copy to the **Chief Compliance Officer, MTA Corporate Compliance, 2 Broadway, 16th Floor, Email: compliance@mtahq.org**, together with an Impermissible Contact Referral Form.

From: _____
(Your Name, Title and Department)

Date: _____

* * * * * * * * * * * * * * * * *

I was contacted by the individual named below regarding the real estate transaction identified below. It reasonably appears that this was a Contact as defined in State Finance Law §139-k(1)(c) because I infer that the communication was intended to influence the real estate transaction. In accordance with State Finance Law §139-k(4), the following information was obtained:

Real Estate Transaction No. (if known): _____

Description of the Real Estate Transaction: _____

Contact's Name: _____

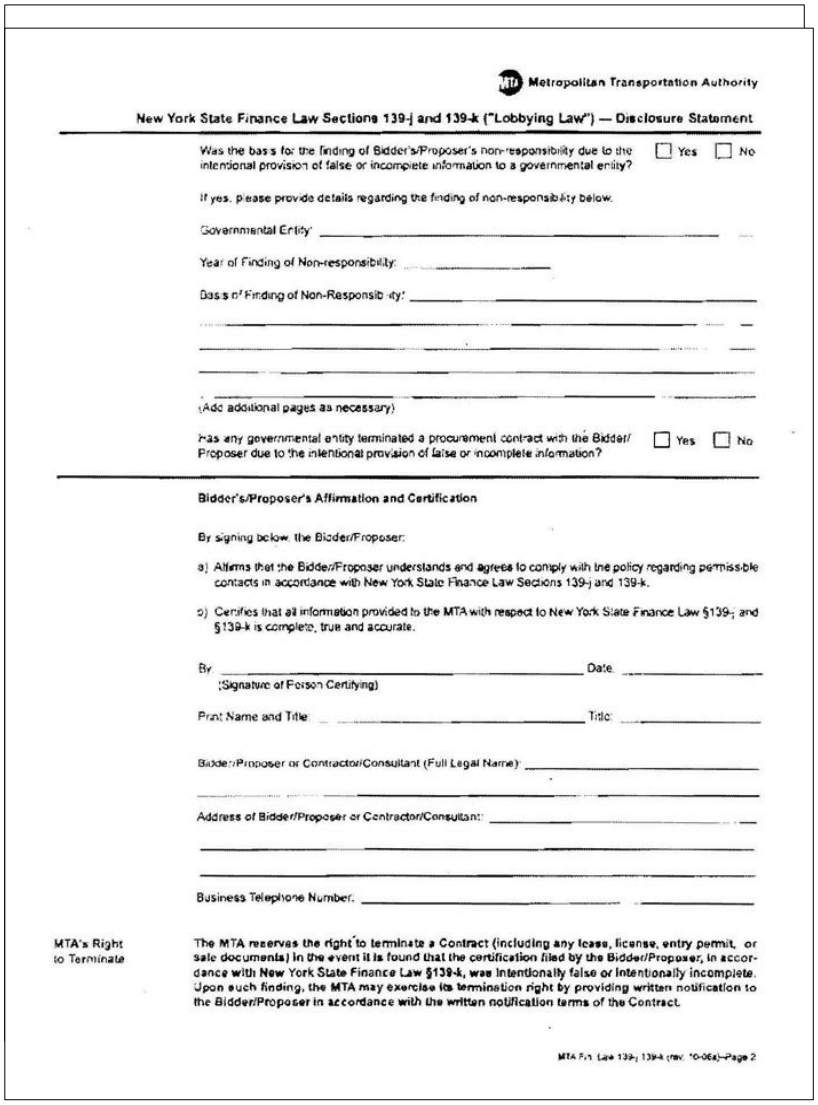
Contact's Address: _____

Contact's Telephone Number: _____

Contact's Employer: _____

Contact's Occupation/Title: _____

Is the above named person or organization the other party to this real estate transaction: ☐ Yes ☐ No



If No, was the above named person or organization retained, employed or designated by or on behalf of the other party to this real estate transaction to appear before or contact MTA about this real estate transaction? ☐ Yes ☐ No

MTA's Right to Terminate

The MTA reserves the right to terminate a Contract (including any lease, license, entry permit, or sale documents) in the event it is found that the certification filed by the Bidder/Proposer, in accordance with New York State Finance Law §139-k, was intentionally false or intentionally incomplete. Upon such finding, the MTA may exercise its termination right by providing written notification to the Bidder/Proposer in accordance with the written notification terms of the Contract.

Figure 23 – Legal Intake Questionnaire

MTA RE LEGAL INTAKE QUESTIONNAIRE FOR LEASES AND LICENSES

Please complete the following when requesting assignments:

1. Type of assistance sought:
   a. Assistance with preliminary matters, such as structuring a transaction, preparing an RFP, preliminary advice or attendance at meetings: _____
   b. Assistance with drafting of complicated/non-standard business terms before documentation is ready for review: _____
   c. Assistance with documentation preparation – Yes ___ No ___ N/A ___
   If Yes, the Lease Preparer's Questionnaire Form will need to be fully completed and provided to MTA RE Legal Transactions and Operations, together with the package of other required documents noted in Item #6 below, before the Lease will be prepared or assigned to counsel. ____
   d. Other: _____
2. What is the timing and when is it anticipated that the attorney will have documents to review?
   _____
3. 2a: PRIORITY: _____
4. Is there an MTA RE Legal Transactions and Operations attorney that is already familiar with this matter, the property or with similar transactions and if so who? _____
5. Has MTA RED authorized use of outside counsel? Yes ___ No ___
   If Yes, please provide the following information for outside counsel to clear conflicts:
   Name and address of Tenant: _____
   Names and addresses of principals/individuals that will own Tenant or that are the Proposers:_____
   Names and addresses of each Guarantor: _____
6. Briefly describe the material terms – parties, compensation, duration/term, etc. or attach a term sheet:
   a. MTA Agency(ies) involved: _____
   b. Counterparties: _____
   c. Counterparty's Counsel if known: _____
   d. Economic Terms:
      i. Annual Rent/License Fees: _____
      ii. Term: _____
      iii. Significant Tenant Improvements/Investment: Yes ___ No ___ N/A ___
      iv. Is space currently vacant? Yes ___ No ___ N/A ___
   e. Other: _____
7. Documents to be attached for reviewing attorney include all of the following, if applicable:
   a. Intake form/questionnaire completed __
   b. Lease Preparer's Questionnaire Form completed ___
   c. DAF – Document Approval Form __
   d. RFP, with successful proposer responses ___
   e. Proposer Information Form if applicable ___
   f. Staff Summary __
   g. Authorization memo __
   h. CDL with Term Sheet __
   i. Documents for review __
   j. Property address with Block and Lot numbers, Tax Parcel _____
   k. Any surveys and/or title reports, if applicable [N/A ___] [___]
1. FOR SALE, LEASE-OUT OR LICENSE please complete following:

a. Have you contacted Dwight Kwa to determine if federal funding is involved, in which case there may be a private use issue? _____

_____

b. Was it competitively bid? _____
c. Will the counterparty be investing in substantial capital improvements to prepare the premises for its use? Yes _____ No _____
d. Describe landlord/licensor termination rights:
   - Standard Corporate purposes standard provision (i.e., landlord right to terminate lease if it needs the space for corporate/transportation purposes but agrees to pay unamortized tenant improvement depreciated on a straight-line basis over10 years) ___ [Note: This should only be the case where tenant is expected to invest substantial capital/permanent improvements to prepare the space]
   - Standard License termination/revocation clause (i.e., licensor right to terminate or revoke for any reason/no reason on not more than 60 days' notice without any payment of .reimbursement.
   - Other negotiated termination right? No ___ Yes ___ If so, describe (e.g., right to terminate after [__] years with or without reimbursement and for any specific reason or not)

e. LEASE vs. LICENSE

Is this a LEASE disposition of interest in real property) pursuant to the MTA Policies and Procedures for Leasing-Out/Sales of Real Property ("**MTA Leasing-Out/Sales P&P**")? Yes ___ No ___

If Yes, treated as a disposition under the PAL 2897 and as part of PAL 2897 analysis

i. Do you have an appraisal/valuation? _____
ii. Was this competitively bid process (RFP)? Yes ___ No ___ If not, what was basis under PAL 2897 for negotiated bid? _____
iii. Will an explanatory statement be required (e.g., for all exchanges of real property interests or for certain negotiated bids) which will result in a 90 day conditional waiting period between contract signing and closing (include status if applicable)? _____

Is this a LICENSE (i.e., not a disposition of an interest in real property/and not intended to be a lease) which is terminable by an MTA party at will (with or without a reason) on not more than 60 days' notice at no cost and without reimbursement for unamortized tenant improvements and thus governed by the MTA Policies and Procedures for Licensing of Real Property ("**MTA Licensing P&P"**)? Yes ___ No ___

If Yes, to comply with MTA Licensing P&P, please respond to the following:

iv. If applicable, the Policy # specified in the MTA Licensing P&P pursuant to which this license is being made without need for MTA Board Approval _____
v. If this is pursuant to an RFP, or if not the "circumstance" specified in the MTA Licensing P&P which permits the license without an RFP but with Board Approval which is applicable to this particular proposed license _____
vi. Is an authorization memo or information item required under the Licensing P&P (if so provide copy)? _____

Tenant's/Licensee's Initial Work:	Is Tenant/Licensee required to perform Tenant's/Licensee's Initial Work? YES ☐ NO ☐. If, YES, complete following and next three rows on this Questionnaire; if NO, skip next three rows on this Questionnaire: If Tenant/Licensee is required to perform Tenant's/Licensee's Initial Work to the Premises/Licensed Area or any other portion of the Station Property, describe Tenant's/Licensee's Initial Work or attach an Exhibit with the description: _____
Initial Plan Submission Date:	If Tenant/Licensee is required to perform Tenant's/Licensee's Initial Work, specify the number days from the date on which the Lease/License has been fully executed and delivered by which Tenant/Licensee must submit its Initial Plans for such work: _____ days.
Tenant's/Licensee's Initial Work Buildout Period:	If Tenant/Licensee is required to perform Tenant's/Licensee's Initial Work, specify the number of days Tenant/Licensee has to complete the same after Landlord/Licensor has issued to Tenant/Licensee an Authorization to Proceed: _____days
Tenant's/Licensee's Initial Work Completion Deadline:	**ALT: 1:** If Tenant/Licensee is required to perform Tenant's/Licensee's Initial Work, specify the number of days Tenant/Licensee has to complete the same after Landlord/Licensor has issued to Tenant an Authorization to Proceed: ____days **[NOTE: Should be same as Tenant's/Licensee's Initial Buildout Period from row above.]** **ALT: 2:** If Tenant/Licensee is an existing Tenant/Licensee of the same Premises and is NOT required to perform any Tenant's/Licensee's Initial Work, indicate: N/A ☐
Delay Fee:	**ALT: 1**: Insert per diem Base Rent/License Fee Amount: $_____ (i.e., Annual Base Rent ÷ 365 rounded to nearest dollar) **ALT: 2:** If Tenant/Licensee is NOT required to perform any Tenant's/Licensee's Initial Work, indicate N/A: ☐
Trash Collection Fee:	Is Tenant/Licensee required to pay a Trash Collection Fee to Landlord/Licensor? YES ☐ NO ☐ N/A ☐ If YES, specify the amount of the Trash Collection Fee: Annual: $_____ Monthly: $_____

Landlord/Licensor Utility Services: **[Note information also required for completing Subsection 7.2.1, Section 7.4 and Section 7.3. See items 6, 7 and 8 below.]**	Does Landlord/Licensee provide any utility services to the Premises/Licensed Area without charge? YES ☐ NO ☐ If YES, specify which of the following utility services Landlord/Licensee will provide without charge: • Heat: • YES ☐ NO ☐ • Electric: YES: ☐ NO ☐ • Water: Yes: ☐ NO ☐ • Other (specify): _____
Utility Fee: **Note information also required for completing Subsection 7.2.1, Section 7.4 and Section 7.3. See items 6, 7 and 8 below.]**	If Landlord/Licensee is providing any utility service to the Premises/Licensed Area (e.g., heat, electric), for which Tenant/Licensee pays a fee, specify such service and the applicable Utility Fee (indicate "N/A" if not applicable): Utility Service: [Heat] Annual: $[_____] Monthly: $[_____] Utility Service: [Electric] Annual: $[_____] Monthly: $[_____]
Brokers:	a. If a real estate broker has been involved in the transaction, provide the name of the real estate broker and the brokerage firm:_____ _____ b. If a real estate broker has been involved in the transaction, specify if Landlord/Licensor is paying the broker (indicate "N/A" if not applicable): _____ _____
LEASE ONLY Aggregate Tenant Broker Commission Credit:	If a real estate broker has been involved in the Lease transaction, specify if Tenant is paying the broker and receiving a rent credit and the amount of such rent credit (indicate "N/A" if not applicable): _____ _____ Confirm that MTA RED has received a copy of the brokerage agreement, and written acknowledgment signed by the broker that MTA/Landlord is not liable for any broker commission.

4. Landlord's/Licensor's Work: (Section 3.3)

A. If any work is required to be performed by Landlord/Licensor (or by Tenant/Licensee on Landlord's/Licensor's behalf) to prepare the Premises/License Area or the Station Property for Tenant's/Licensor's occupancy, specify such work and complete the rest of this Paragraph 4:_____

B. Who is performing the Landlord's/Licensor's Work:
Landlord/Licensor ☐ Tenant/Licensee ---☐---- N/A ☐

C. If Tenant/Licensee is performing or initially paying for Landlord's/Licensor's Work, is Tenant/Licensee entitled to any Construction Allowance or Rent/Fixed Licensee Fee Credit for any of the cost of same?

YES ☐ NO ☐ N/A ☐

D. If Tenant is entitled to a Construction Allowance or Rent/Fixed License Fee Credit, insert the amount and any cap; _____.

5. Opening and Closing of the Station Facilities. (Section 4.5)

a. Specify if Tenant/Licensee is required to unlock and open the Station Facilities:

YES ☐ NO ☐ N/A ☐

b. If Tenant/Licensee is required to unlock and open the Station Facilities, specify Tenant's/Licensee's obligations: _____

6. Heat/Heating System: (Section 7.2.1)

a. Specify if Landlord/Licensor provides heat to the Premises/License Area without charge:

YES ☐ NO ☐ N/A ☐

b. Specify if Landlord/Licensor provides heat to the Premises/License Area and charges a Utility Fee for heat:

YES ☐ (Utility Fee Annual $_____Monthly $_____) NO ☐ N/A ☐

c. If the Premises consists of an entire Station Building, specify if Tenant is responsible for buying heating fuel from applicable utility provider:

YES ☐ NO ☐ N/A ☐

d. If the Premises consists of an entire Station Building, specify if Tenant is responsible for maintaining and replacing the heating system:

YES ☐ NO ☐ N/A ☐

7. Electricity: (Section 7.4)

a. Specify if the Premises/License Area is directly metered, and Tenant/Licensee pays the utility company directly for electricity:

YES ☐ NO ☐ N/A ☐

b. Specify if the Premises/License Area is sub-metered, and Tenant/Licensee pays Landlord/Licensor for electricity:

YES ☐ NO ☐ N/A ☐

c. Specify if Landlord/Licensor provides electricity to the Premises/License Area without charge:

YES ☐ NO ☐ N/A ☐

d. Specify if Landlord/Licensor provides electricity to the Premises/License Area, and charges Tenant/Licensee a Utility Fee for its electricity consumption:

YES ☐ (Utility Fee Annual $_____Monthly $_____) NO ☐ N/A ☐

8. Water: (Section 7.3)

a. Specify if Landlord/Licensor provides water to the Premises/License Area without charge:

YES ☐ NO ☐ N/A ☐

b. Specify if Landlord/Licensor provides water to the Premises/License Area, and charges Tenant a Utility Fee for its water consumption:

YES ☐ (Utility Fee Annual $_____Monthly $_____) NO ☐ N/A ☐

c. Specify if the Premises/License Area is separately sub~~sub~~metered for water and if Tenant/Licensee pays Landlord for its water consumption:

YES ☐ NO ☐ N/A ☐

9. Services to be provided by Tenant/Licensee: (Subsection 7.12.1)

Does Tenant/Licensee provide any property-related maintenance type services to the Premises/License Area or the Station Facilities, such as vermin control, ground sweeping, and snow removal, to be provided by Tenant/Licensee:

YES ☐ NO ☐ N/A ☐ (If YES, Exhibit N to be reviewed and modified as necessary.)

If YES, specify such services:

Vermin control; YES ☐ NO ☐ N/A ☐

Ground sweeping: YES ☐ NO ☐ N/A ☐

Snow Removal: YES ☐ NO ☒ N/A ☐

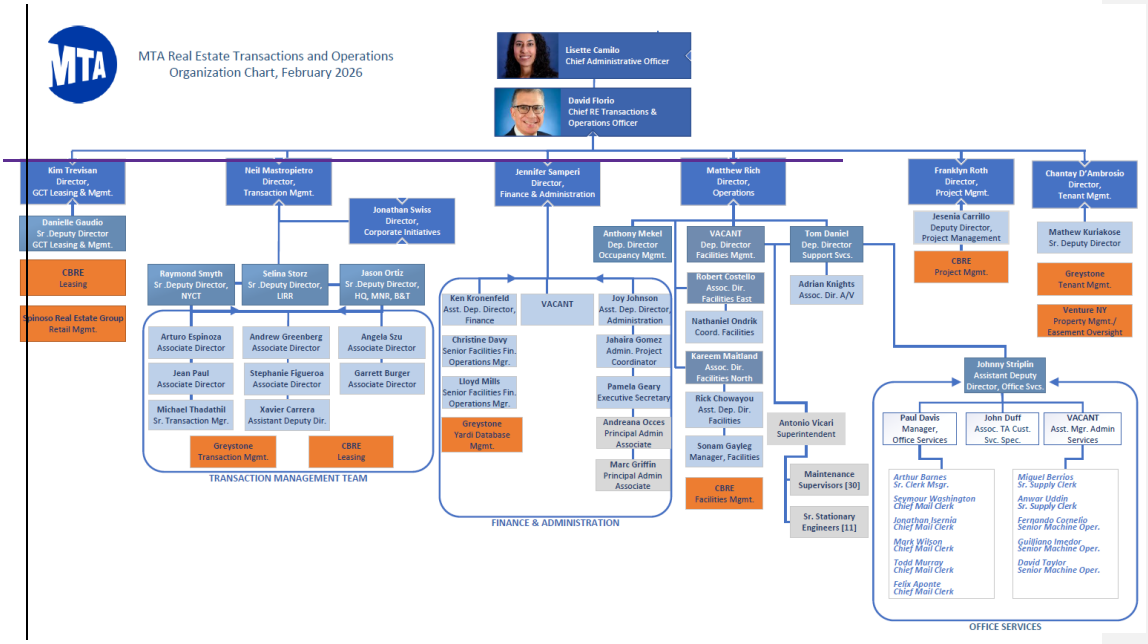
Other (specify): _____

10. Structural and Roof Repairs; Sidewalks and Plazas: (Section 10.2)

a. If the Premises consists of an entire Station Building, is Tenant responsible for structural repairs to the Station Building including repairs to the roof of the Station Building?

YES ☐ NO ☐ N/A ☐

b. If the Premises consists of an entire Station Building, is Tenant responsible for repairing any sidewalks or plaza areas in front of the Station Building?



YES ☐ NO ☐ N/A ☐

11. Historic Property: (Section 11.6)

Are the Premises/License Area or the Station Building listed in a state or national registry of historic property or eligible for inclusion in such registries?

YES ☐ NO ☐ N/A ☐

METROPOLITAN TRANSPORTATION AUTHORITY
ALL-AGENCY GUIDELINES FOR THE
DISPOSAL OF PERSONAL PROPERTY

Adopted by the Board on March 2026

These guidelines, which have been adopted by the Board of the Metropolitan Transportation Authority ("MTA"), address the disposal of personal property, including obsolete, unneeded, and outdated personal property, by the MTA and its subsidiary and affiliated agencies in accordance with Public Authorities Law ("PAL") §§ 2895–2897 and other applicable provisions of law. These guidelines shall **not** apply to the disposition of real property which is governed by the MTA Real Estate Department Policies and Procedures for the Leasing-out and Sale of Real Property.

The purpose of these guidelines is to:

1. Ensure that disposal of MTA personal property is undertaken in compliance with governing laws;
2. Define the means for identifying obsolete, unneeded, or otherwise outdated personal property, including but not limited to furniture, equipment, computer equipment, and automobiles;
3. Provide cost-savings to the MTA by outlining a procedure for the transfer of surplus personal property;
4. Recover value from surplus personal property through its sale, either for reuse or for scrap; and
5. Minimize disposal and storage costs by providing means for the donation of surplus personal property with negligible resale value.

These guidelines apply to the MTA and current and future affiliated and subsidiary agencies of the MTA (each, an "MTA Agency"). The MTA subsidiary and affiliated agencies consist of:

Triborough Bridge and Tunnel Authority
New York City Transit Authority
Manhattan and Bronx Surface Transit Operating Authority
The Long Island Rail Road Company
Metro-North Commuter Railroad Company
Staten Island Rapid Transit Operating Authority
MTA Bus Company
MTA Construction and Development Company
Grand Central Madison Concourse Operating Company

For purposes of these guidelines, the terms below are defined as follows:

Contracting Officer(s): The Contracting Officer is the officer or employee of the MTA who is designated by resolution to be responsible for the supervision and direction of the disposition of MTA's Surplus Property.

Dispose or disposal: Transfer of title or any other beneficial interest in Surplus Property in accordance with the methods of disposition described herein. The act of disposition may include the acts of transferring, trading-in, selling, donating or destroying goods that are of no further use to the MTA.

Fair Market Value: The price at which the item of Surplus Property would change hands in a competitive and open market under conditions requisite to a fair sale between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both acting prudently and having reasonable knowledge of the relevant facts.

Furniture: Office furnishings and fixtures including but not limited to desks, tables, chairs, lamps, modular wall units, and partitions.

Metropolitan Transportation Authority or "MTA" or "MTA Agency": For purposes of this Policy, the terms "MTA" and "MTA Agency" include the Metropolitan Transportation Authority and/or its current and future subsidiaries and affiliates.

MTAHQ: MTA Headquarters.

Not-For-Profit Organization: An organization incorporated for educational, charitable, or cultural purposes and recognized as tax-exempt under article 501(c) (3) of the Internal Revenue Code.

Personal Property: Tangible property, other than real property. Personal Property is physical and movable, subject to ownership, with exchangeable value. Examples of tangible personal property include, but are not limited to, furniture, supplies, automobiles or other vehicles, computer equipment, and commercial "off-the-shelf" software that is transferable pursuant to the software's licensing agreement.

Qualifying Surplus Property: Surplus Property with a value in excess of $5,000, and any inchoate or other interest in such Surplus Property, to the extent that such interest may be conveyed to another person, other than an MTA Agency, for any purpose, excluding an interest securing a loan or other financial obligation of another party.

Surplus Property: Personal Property (i) that does not have a useful purpose for a particular department of the MTA or has been deemed to be no longer useful to the MTA; or (ii) the disposition of which has been determined by the Agency's Contracting Officer to be in the best interest of the MTA or the MTA Agency.

Surplus Property Officers: Regular employees to whom an MTA Agency or Agency department or division head has delegated responsibility for the identification and release of Surplus Property within that agency and/or department or division.

Section 1: General Provisions

1.1 Compliance with Laws and Guidelines.

a. Disposals of Qualifying Surplus Property (i.e. Surplus Property with a Fair Market Value in excess of $5,000) shall comply with applicable provisions of PAL §§ 2895 - 2897, the MTA's enabling legislation, any other applicable law for the disposal of Personal Property, and the provisions of these guidelines.

b. Disposals of Surplus Property having a Fair Market Value equal to or less than $5,000 and disposals of Surplus Property, regardless of Fair Market Value, to an

MTA Agency are not subject to the disposition requirements set forth in PAL §§ 2895 – 2897. Disposition of such Surplus Property should be undertaken in compliance with the provisions of these Guidelines, other than Section 2 (addressing the requirements of PAL §§ 2895 – 2897).

1.2 Responsibility for Compliance. The Contracting Officer(s), MTA Procurement Departments, and MTA Corporate Compliance are responsible for ensuring MTA's compliance with and enforcement of these Guidelines.

1.3 Surplus Property. Surplus Property shall be disposed of as promptly as possible in a manner that returns as much value as possible to the MTA. Value may be returned through internal transfer of items, thereby reducing expenditures; through sale of items to outside buyers, thereby producing revenue; or through donation or other disposal without direct income, thereby avoiding the costs associated with carrying excess inventories or disposal costs of items of negligible value.

1.4 Responsibilities of Surplus Property Officers. Surplus Property Officers shall be responsible for periodically identifying Surplus Property as defined above.

User departments will periodically review their inventory of Personal Property such as furniture, office equipment, computer equipment, and security equipment and determine whether such Personal Property is Surplus Property that should be disposed of.

1.5 Computer Equipment/Telecommunications Equipment. The Information Technology Departments for each MTA Agency will be responsible for the review of the continued usefulness of computer equipment and telecommunications communications equipment in their agency and may, in conjunction with the department or division to which such equipment is assigned, identify such equipment as Surplus Property.

1.6 Automobiles. Each MTA Agency shall review the continued usefulness of that MTA Agency's automobiles, and may, when appropriate, identify automobiles as Surplus Property and shall dispose of such vehicles in compliance with these guidelines, the All Agency Vehicle Usage Policy Directive, and their agency's vehicle usage procedures.

1.7 Estimation of Value.

a. The user department is responsible for estimating the Fair Market Value of the Surplus Property in need of disposal. In estimating the Fair Market Value of such Surplus Property, reference shall be made to identifiable active markets for such property and information concerning additional factors may also be considered, which may include but are not necessarily limited to:

- Original purchase cost;
- Depreciation;
- Residual Value;
- Estimated Replacement Value; and/or
- Current condition of the item.

b. If the estimated Fair Market Value of such Surplus Property is in excess of $15,000, it must be disposed of by publicly advertised bid unless it is otherwise eligible for

disposition through negotiation or advertised public auction (PAL § 2897(6)(c); see Section 2.1(b)).

c. If because of its unique nature or the unique circumstances of the proposed transaction, Qualifying Surplus Property is not readily valued by reference to an active market for similar property, an independent appraisal must be performed prior to disposing of such Qualifying Surplus Property (except in circumstances in which the Surplus Property is being designated for transfer to another MTA Agency user).

Section 2: Compliance with Public Authorities Law §§ 2895 - 2897

2.1 Permitted Methods of Surplus Property Disposal: Publicly Advertised Bid or Negotiation. Under the Public Authorities Law, Surplus Property valued in excess of $5,000 and being disposed of to other than an MTA Agency ("Qualifying Surplus Property") either must be disposed of

a. in accordance with publicly advertised bid procedures (as set forth in Section 5.1 below), or

b. through negotiation or by advertised public auction, subject to obtaining such competition as is feasible. Disposal by negotiation or by advertised public auction may be used only when at least one of the following conditions is satisfied:

(i) the Qualifying Surplus Property involved has qualities separate from the utilitarian purpose of such property, such as artistic quality, antiquity, historical significance, rarity, or other quality of similar effect, that would tend to increase its value, or the Qualifying Surplus Property is to be sold in such quantity that, if it were disposed of by publicly advertising for bids, would adversely affect the state or local market for such property, and the estimated Fair Market Value of such property and other satisfactory terms of disposal can be obtained by negotiation;

(ii) the Fair Market Value of the Qualifying Surplus Property does not exceed $15,000 (for negotiation) or $500,000 (for advertised public auction);

(iii) bid prices after advertising therefore are not reasonable, either as to all or some part of the Qualifying Surplus Property, or have not been independently arrived at in open competition;

(iv) the disposal will be to the state or any political subdivision, and the estimated Fair Market Value of the Qualifying Surplus Property and other satisfactory terms of disposal are obtained by negotiation;

(v) under those circumstances described in Section 2.3 below; or

(vi) such action is otherwise authorized by law.

2.2 Advance Explanatory Statement Requirement for Certain Qualifying Surplus Property Disposals. PAL § 2897(6)(d) requires that MTA Agencies prepare and disseminate to certain public officials ninety days in advance of a Qualifying Surplus Property disposal, an explanatory statement for (i) disposals by negotiation of any Qualifying Surplus Property with an estimated Fair Market Value in excess of $15,000; or (ii) a disposal of Qualifying Surplus Property by exchange, where the exchange involves disposal of real property together with related Surplus Property (regardless of value). The explanatory statement shall be sent by the MTA Agency preparing it to the comptroller, the director of the budget, the commissioner of general services, the legislature and the independent authorities budget office at least 90 days before making the disposal.

The explanatory statement shall include:

a. description of the parties involved in the property transaction;
b. justification for disposing of property by negotiation;
c. identification of property, including its location;
d. estimated fair market value of the property;
e. proposed sale price of the property;
f. size of the property; and
g. expected date of sale of property.

A copy of the statement shall be preserved in the MTA Agency's files.

2.3 Less than Fair Market Value Disposals. The MTA may dispose of Qualifying Surplus Property for less than Fair Market Value, pursuant to PAL § 2897(7), if:

a. The transferee is a governmental or other public entity and the transfer terms require that ownership of the asset will remain with the governmental entity, or

b. The transfer is within the purpose, mission or governing statute of the MTA.

Where a proposed transfer of Qualifying Surplus Property is for less than Fair Market Value but does not satisfy either of the above two criteria, the proposed transfer may not proceed without the MTA Agency first providing written notice to the Governor, the Speaker of the Assembly and the Temporary President of the Senate. Such proposed transfer shall be subject to denial by the Governor, the Senate or the Assembly. The Governor, Senate or Assembly has 60 days from receipt of the notice to act if the notice is received between January and June; if the notice is received between July and December, the Senate or Assembly has 60 days from the following January in which to act on the notice.

2.4 Board Information and Approval Requirements: Proposed Less than Fair Market Value Disposal. If a below Fair Market Value Qualifying Surplus Property transfer is proposed, the following information must be provided to the MTA Board and to the public, in accordance with PAL § 2897(7)(b):

a. a full description of the Qualifying Surplus Property;

b. an appraisal of the Fair Market Value of the Qualifying Property and any information establishing the Fair Market Value;

c. a description of the purpose of the transfer and a statement of the kind and amount of the benefit to the public resulting from the transfer;

d. a statement of the value received compared to the Fair Market Value;

e. the names of any private parties participating in the transfer; and

f. the names of other private parties who made an offer for the asset, the amount offered, and the purpose for which the asset was sought.

Before proceeding with such a proposed disposal, the MTA Board shall consider the information required to be provided and make a written determination that there is no reasonable alternative to the proposed below market transfer that would achieve the same purpose of the transfer.

Section 3: <u>Compliance with Federal Transit Administration Circular 5010.1F – Federally Funded Property</u>

In addition to complying with PAL §§ 2895 - 2897, the MTA must also comply with Federal Transit Administration ("FTA") Circular 5010.1F which governs the disposal of Federally-funded Property.. That Circular requires grantee agencies such as the MTA to obtain FTA approval prior to disposing of such property if the disposition occurs before the end of the asset's useful life or it is no longer needed as originally authorized. If either condition is met, the MTA may dispose of the asset and retain full proceeds if they don't exceed $10,000. If the proceeds are greater than $10,000, the MTA retains $5,000 and the percentage of the local share in the original award of the remaining proceeds. The remainder must be returned to the FTA upon disposition of the assetas calculated pursuant to Circular 5010.1E.

Section 4: <u>Reassignment or Transfer of Surplus Property to Other MTA Agencies</u>

Prior to disposing of Surplus Property, the MTA Agencies should attempt to reassign it to other departments/divisions within that MTA Agency and/or transfer the Surplus Property to another MTA Agency.

4.1 <u>Reassignment</u>. The Surplus Property Officer for each MTA Agency will notify its departments/ divisions of the availability of Surplus Property and will facilitate the transfer of same among departments/divisions if such transfer will result in a cost savings to the MTA. Such notification shall take place at least once per year, by publication of an inventory of Surplus Property, and may be supplemented by informal notification of departments on an ad hoc basis. In the event that more than one department or division expresses interest in the reassignment of Surplus Property, the MTA Agency's Surplus Property Officer and Contracting Officer shall determine the recipient, based on their judgment of which reassignment would be most beneficial to the MTA. Whenever possible, reassignment of Surplus Property shall be accomplished directly, minimizing the

number of times an item must be moved.

4.2 Transfer to a Constituent Agency. Each Surplus Property Officer will circulate to the MTA Agencies on a periodic or ad hoc basis as appropriate, notice of the availability of Surplus Property. The inspection and, upon acceptance, physical transfer of such property shall be the responsibility of the MTA Agency accepting it.

In the event that more than one MTA Agency expresses interest in the same Surplus Property, the Surplus Property Officer and Contracting Officer shall determine the recipient, based on his judgment of which reassignment would be most beneficial to the MTA. Whenever possible, reassignment of Surplus Property shall be accomplished directly, minimizing the number of times an item must be moved.

Section 5: Disposal of Surplus Property with Estimated Fair Market Value in Excess of $5,000

5.1 Sale by Publicly Advertised Bid. Qualifying Surplus Property (i.e. valued in excess of $5,000) should periodically be offered by MTA for sale by the competitive process of publicly advertised bid, which is the preferred method of disposal.

The following requirements of PAL § 2897(6)(b) must be observed:

a. The advertisement for bids shall be made at such time prior to the disposal through such methods and on such terms and conditions as shall permit full and free competition consistent with the value and nature of the Qualifying Surplus Property;

b. All bids shall be publicly disclosed at the time and place stated in the advertisement; and

c. The award shall be made with reasonable promptness by notice to the responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the MTA, price and other factors considered; provided, that all bids may be rejected when it is in the public interest to do so.

5.2 Disposal of Property by Negotiation or Advertised Public Auction. Surplus Property may be disposed of by negotiation or advertised public auction when (i) the Fair Market Value of such Surplus Property does not exceed $15,000 (for negotiation) or $500,000 (for advertised public auction)or (ii) where any of the other criteria listed in Section 2.1(b) above for such disposal is satisfied.

Section 6: Disposal of Surplus Property With a Fair Market Value of $5,000 or Less

6.1 Sale. The preference is to sell property having an estimated or appraised Fair Market Value of $5,000 or less, in an effort to recover value from Surplus Property for MTA.

6.2 Contribution. Items with an estimated or appraised value of $5,000 or less may be offered to a not-for-profit organization if, in the judgment of the MTA Agency's Surplus Property Officer and Contracting Officer, such property may have value if returned to use in such an organization, such a disposal by contribution will minimize disposal and storage costs to MTA, and the Surplus Property either has negligible resale value or the costs of MTA conducting a sale of such Surplus Property relative to the resale value that could likely be

obtained are such that proceeding by contribution is deemed warranted. In such

circumstances, physical transfer of the property will be the responsibility of the receiving organization. Such an offering shall be conducted at the convenience of the MTA, and at minimal expense to the MTA.

Section 7: Disposal as Waste

Surplus Property that the Surplus Property Officer determines has no net monetary value (taking into account costs of storage) and has been unable to dispose of through reassignment, transfer, sale, or donation as outlined above should be disposed of as waste in the most cost-effective means consistent with all relevant laws and regulations.

Section 8: Inventory Management/Internal Controls

Each MTA Agency shall maintain adequate inventory controls and accountability systems for all individual items of Personal Property.

Section 9: Regulatory Disclosure

9.1 MTA Agency Reporting. Each MTA Agency's Contracting Officer shall annually provide a report to MTAHQ of all Surplus Property under its custody and control as well as a list and full description of all Surplus Property disposed of during the previous calendar year with the price received and the name of the purchaser.

9.2 Format and Timing. The report shall be provided in a format and at such time as requested by the MTA Corporate Compliance to facilitate required reporting of sale information.

9.3 Annual Report. MTAHQ shall annually publish, in accordance with PAL § 2896(3), a report with a full description of all Qualifying Surplus Property disposed of during the previous calendar year by all of the MTA agencies with the price received and the name of the purchaser. MTAHQ shall send copies of such report to the comptroller, the director of the budget, the commissioner of general services, the legislature, and the independent authorities budget office.

Section 10: Procedures

Each MTA Agency shall create written procedures as needed for the implementation of these guidelines. Such written procedures, once executed, shall be filed with MTA Corporate Compliance.
